

Get on the Bus Contest Recognition

The **Get on the Bus** employee-giving campaign has been an ongoing initiative within Goose Creek CISD for several years, designed to encourage district employees to support the Education Foundation through regular donations. These contributions directly fund programs like Innovative Teaching Grants, scholarships, and other initiatives that enhance educational opportunities for students.

This campaign is crucial because it fosters a sense of community within our district, allowing employees to actively contribute to the success of our students and teachers. By supporting the Education Foundation, staff members make a direct impact on the innovative teaching and learning happening every day in our classrooms.

Recognition of Winners:

We are excited to announce this year's top-performing campuses and departments in employee participation:

- **Top Elementary Campus (TIE):** Harlem Elementary
- **Top Secondary Campus:** IMPACT Early College High School
- **Top Auxiliary Department:** Central Administration

These locations will receive a **special breakfast** in November, sponsored by Family First ER, as a token of appreciation for their commitment to giving back. We sincerely thank everyone who participated in the campaign and helped further our mission of enriching education in Goose Creek CISD.

We appreciate the Board's ongoing support in recognizing these achievements and the positive impact of the campaign.
