Re: Superintendents Board Report

Education Updates

- Debbie and I have participated in six meetings around the district in the past ten days to update the staff on the legislative and budgeting process. We met with building staff, food service and transportation. We discussed potential positive impacts as well as approved positive impacts like the elimination of our final furlough days in next year's calendar. We are prepared to discuss the highlights from the meetings as well as where we are on the possibility of moving to the state insurance plan.
- We will be holding our staff "End of Year" celebration like we normally do. We will recognize our Teacher of the Year, retirees and other accomplishments after the students leave on June 1st.
