

BOARD OF SCHOOL TRUSTEES

KELLER INDEPENDENT SCHOOL DISTRICT

10B. Report

Date: October 23, 2006

SUBJECT: DISTRICT STRATEGIC IMPROVEMENT PLAN

BOARD GOAL: All students will achieve educational excellence.

FISCAL NOTE: Budget Funds

Background Information:

- Per Education Code 11.252 each District is required to develop, review, and revise a district improvement plan for the purpose of improving student performance for all students.
- The district improvement plan must set the District Performance Objectives based on the academic excellence indicator system.

Administrative Considerations:

- The 2005-2006 District Improvement Plan represented the first phase of a revised effort towards a more comprehensive district planning process. The creation of long range District plans utilizing the five Board-adopted District Strategic Goals was the first step towards aligning the planning process in the District. The impetus for these changes was the Curriculum Audit that was commissioned by the Board of Trustees in 2004 and delivered to the District in 2005. The findings of the Curriculum Audit have guided the District towards a systems-approach for district and school improvement initiatives.
- The District Strategic Improvement Plan is a long range five year plan written with long term Strategic Goals and Strategic Objectives (2005-2010) and short term operational activities that will be measured annually.
- The District Strategic Objectives represent five year targets while the Performance Targets represent annual measures.
