The Board reserves the right to revise or rescind this policy at its sole discretion.

CREDIT CARDS
(Credit Cards and/or Procurement Cards)

Purposes

The issuance and use of a credit/procurement card is to provide an alternative purchasing mechanism when traditional payment/procurement methods are not feasible.

A credit/procurement card may be used to facilitate the payment of travel expenses such as hotels, meals and registrations for training and education while conducting District business, including fuel for District-owned vehicles.

Authorized Card Holders

Persons designated as authorized credit/procurement card holders must agree to abide by the procedures described in this regulation.

The holders will be held liable for any unauthorized use of a District-assigned credit/procurement card, which may result in disciplinary action up to and including the loss of employment and other actions provided by law.

Except for business department personnel performing authorized office duties, no person other than a designated holder is to have access to or use of a District-assigned credit/procurement card.

Scope

The credit/procurement card is to be used only when the items and/or services to be purchased are for the official use of the District. *No personal use of a credit/procurement card is allowed.*

District-assigned credit/procurement cards may be used only when one (1) of the following conditions exists:

- When a vendor will not accept a purchase order or offer billing terms.
- When the purchase must be made during an "*emergency*." For the purpose of this regulation, *emergency* means payment for a purchase must be made before the next accounts payable check run. A memo bearing the Superintendent's signature of approval must be presented explaining the circumstances and nature of the emergency.
- When a revolving fund check cannot be used.

Credit/Procurement Card Purchasing Limitations

The following are District-established credit/procurement card purchasing limitations:

- A single purchase may not exceed a maximum of five thousand dollars (\$5,000).
- Cumulative purchases by a card holder may not exceed twenty-five thousand dollars (\$25,000) during a statement month.

A purchase made using a District-assigned credit/procurement card may not violate any District purchasing policy or regulation. All purchases must be appropriate and in the best interest of the District. Violation may result in termination of the employee's credit/procurement card privileges.

Credit/Procurement Card Transaction Requirements for Physical, Verbal, and Internet Orders

When a District-assigned credit/procurement card is required for a physical, verbal or internet purchase, the following steps must be taken:

- Prior to use of the credit/procurement card, the card holder is to submit a purchase order requisition form to the District business office accompanied by the following:
 - A detailed description of the items and/or services to be purchased using the credit/procurement card.
 - The date the purchase will be made.
 - The actual amount of the purchase. If the actual amount is not known an estimate may be stated, but *the amount of the purchase cannot exceed the stated amount.*
 - Proper account coding information.
 - Signatures of the requester and the approving authority.
- The holder must verify that a purchase order has been created and approved *before* a credit/procurement card transaction occurs.
- When a credit/procurement card is used the card holder must promptly submit all receipts and other related documentation to the business office. The documentation should clearly indicate the employee making the purchase and

the specific school purpose for the expenditure. Receipts for fuel or vehicle repairs are to include the vehicle license number.

Credit/Procurement card statements must be addressed directly to the business office and not to the card holder. All purchase transaction receipts must be reconciled to the monthly credit/procurement card statements prior to entry on an expense voucher. As credit/procurement card companies may charge fees and interest, payments must be made in a timely manner to avoid finance charges.

Use of a Credit/Procurement Card for Travel

Reservations must be made through the purchasing office. A completed professional leave form must be submitted along with the necessary information. The business office will provide the credit/procurement card information to the selected vendor.

The documents shall be accurate and of essential sufficiency to enable the District to comply with all requirements for financial monitoring and audits, both internal and external.

In addition to special reviews that may be conducted as necessary, the District will comply with the following minimum requirements to demonstrate proper management of and accountability for its fiscal resources:

- Whenever the District's expenditure of federal financial assistance is less than five hundred thousand dollars (\$500,000) during a fiscal year, the District shall be subject to a procedural review conducted by the Office of the Auditor General at times determined by the Auditor General, subject to the following provisions:

- Districts that have adopted a Maintenance and Operations Fund (M&O) budget of two million dollars (\$2,000,000) or more shall contract with an independent certified public accountant to conduct an annual financial statement audit in accordance with generally accepted governmental auditing standards.
- Districts that have adopted a Maintenance and Operations Fund (M&O) budget between seven hundred thousand dollars (\$700,000) and two million dollars (\$2,000,000) shall contract with an independent certified public accountant to conduct a biennial financial statement audit in accordance with generally accepted governmental auditing standards.

- Whenever the District's combined expenditure from all sources of federal financial assistance is five hundred thousand dollars (\$500,000) or more during a fiscal year, the District shall contract with an approved independent auditor to conduct an annual financial audit. The audit shall be performed in accordance with generally accepted auditing standards in compliance with the requirements of the federal Single Audit Act Amendments of 2003 and any implementing regulations of the Office of Management and Budget (OMB).

To the extent permitted by federal law, the District:

- may convert to a biennial audit schedule when the previous annual audit contained no *significant negative findings*, defined as the District having received a letter of noncompliance issued by the auditor general;

- shall convert back to an annual audit whenever an audit produces significant negative findings;
- may convert back to a biennial audit schedule when the two (2) previous audits have not contained and significant negative findings.

The Superintendent shall be promptly informed of any material deficiency that is discovered during a monitoring or auditing process.

BIDDING / PURCHASING PROCEDURES

Refer to Policy DJE.

**^ & ^D-2750 AUD10 DJE
BIDDING / PURCHASING PROCEDURES**

The Superintendent shall be responsible for all purchasing, contracting, competitive bidding, and receiving and processing of all bid protests, in accordance with the Arizona school district procurement rules, including A.A.C. R7-2-1141 *et seq.* A contract shall not be awarded to an entity that does not verify employment eligibility of each employee through the E-verify program in compliance with A.R.S. 23-214 subsection A. Each contract shall contain the warranties required by A.R.S. 41-4401 relative to the E-verify requirements.

The Superintendent shall prepare regulations to assure the District conforms to proper procedures and practices.

Purchases Not Requiring Bidding

Purchases of five thousand dollars (\$5,000) or less may be made at the discretion of the Superintendent. Such procurements are not subject to competitive purchasing requirements, however reasonable judgment should be used to ensure the purchases are advantageous to the District.

Verbal price quotations will be requested from at least three (3) vendors for a transaction in excess of five thousand dollars (\$5,000) but less than twenty-five thousand dollars (\$25,000). The price quotations should be shown on, or attached to, the related requisition form. If three (3) verbal quotations cannot be obtained, documentation showing the vendors contacted that did not offer price quotations, or explaining why price quotations were not obtained, shall be maintained on file in the District office.

Written price quotations will be requested from at least three (3) vendors for transactions of at least twenty-five thousand dollars (\$25,000) but not more than fifty thousand dollars (\$50,000). If three (3) written price quotations cannot be obtained, documentation showing the vendors contacted that did not offer written price quotations, or explaining why written price quotations were not obtained, shall be maintained on file in the District office.

The District is not required to engage in competitive bidding in order to place a student in a private school that provides special education services if such placement is prescribed in the student's individualized education program and the private school has been approved by the Department of Education Division of

Special Education pursuant to A.R.S. 15-765. The placement is not subject to rules adopted by the State Board of Education before November 24, 2009 pursuant to A.R.S. 15-213.

The District may, without competitive bidding, purchase or contract for any products, materials and services directly from Arizona Industries for the Blind, certified nonprofit agencies that serve individuals with disabilities and Arizona Correctional Industries if the delivery and quality of the goods, materials or services meet the District's reasonable requirements.

Intergovernmental agreements and contracts between school districts or between the District and other governing bodies as provided in A.R.S. 11-952 are exempt from competitive bidding under the procurement rules adopted by the State Board of Education pursuant to A.R.S. 15-213.

The District is not required to engage in competitive bidding to make a decision to participate in insurance programs authorized by A.R.S. 15-382.

Online Bidding

Until such time as the State Board of Education adopts rules for the procurement of goods and information services by school districts and charter schools using electronic, online bidding, the District may procure goods and information services pursuant to A.R.S. 41-2671 through 2673 using the rules adopted by the Department of Administration in implementing 41-2671 through 2673.

Purchases Requiring Bidding

Sealed bids and proposals shall be requested for transactions to purchase construction, materials, or services costing more than fifty thousand dollars (\$50,000). All transactions must comply with the requirements of the Arizona Administrative Code and the Uniform System of Financial Records.

The Superintendent, the chief financial officer, or purchasing manager may award individual contracts in amounts not exceeding the annual State Board limit. Exceptions to this limitation may be made for contracts for the following which may be awarded for the amount(s) necessary to satisfy the requirements of the District:

- U.S. Postal Service postage;
- Utilities, including telephone, water and sewage, electric and natural gas;
- National School Board Association; and

- Arizona School Board Association.

The authority granted by this section cannot be further delegated or expanded without Governing Board approval.

Competitive Sealed Proposals

The Governing Board delegates authority to the Superintendent or chief financial officer to determine when it is in the best interest of the District to solicit competitive sealed proposals for the supply of materials and/or services and to subsequently solicit the sealed proposals if necessary. The Superintendent or chief financial officer may delegate this authority to the purchasing manager. Determinations made pursuant to this delegated authority shall be made in accordance with the following procedures. Solicitations of proposals and awards of contracts following receipt of proposals shall be made in accordance with Arizona Department of Education Procurement Rules.

If it is determined in writing that the use of competitive sealed bidding is either not practicable or not advantageous to the District, a contract may be entered into by competitive sealed proposals.

Contracts in excess of the annual State Board limit which occur as a result of competitive sealed proposals shall be awarded through Governing Board action.

Cooperative Purchasing Agreements

Bidding/proposal requirements are waived if purchases or services are obtained through the Arizona State Procurement Office, the Mohave Educational Services Cooperative, or through another purchasing cooperative or cooperative purchasing agreement among public procurement units.

Further Delegations and General Terms of Delegation

The Superintendent or chief financial officer are delegated authority to make determinations as required by the Arizona Department of Education Procurement Rules prior to issuing solicitations for multi-step sealed bidding, multi-year contracts (not to exceed five [5] contract years) or nonconstruction contracts requiring bonds or security. The delegation of authority for these three (3) determinations may be further delegated to the purchasing manager.

The chief financial officer shall serve as the District representative for protests and claims on solicitations and contracts.

No further delegation of any delegation of authority by the Board which is contained in this policy is authorized unless expressly stated herein.

The several delegations of authority set forth in this policy shall be in effect from the date of adoption of this policy until such time as the Governing Board may, in a public meeting, revoke or otherwise modify the delegations.

No person delegated authority by this policy may participate in any aspect of a specific procurement if that person would receive any benefit directly or indirectly from a contract for such procurement.

Emergency Purchases

An exception to the above procedures for price competition may be made in the event of an emergency involving the health, safety, or welfare of school personnel or students, or in the event of a condition which seriously threatens the functioning of the School District or the preservation or protection of property. In such an emergency, declared by the Superintendent in consultation with the Board President or any other available Board member, emergency purchase action may be taken without price competition, if necessary. The Superintendent shall report the emergency to the Board as soon as possible. When possible, an emergency meeting of the Governing Board shall be held to determine whether an emergency exists and to authorize an emergency purchase. Even under emergency conditions, price competition should be sought if it will not unacceptably delay the correction of the condition requiring emergency procedures. If emergency purchases are made without price competition, a complete written description of the circumstances should be maintained on file in the District office.

Registered Sex Offender Prohibition

All purchase orders, agreements to purchase, and contracts for services to be provided by personnel other than District employees must include the following statement on the document:

***Registered Sex Offender Restriction.** Pursuant to this order, the named vendor agrees by acceptance of this order that no employee of the vendor or a subcontractor of the vendor, who has been adjudicated to be a registered sex offender, will perform work on District premises or equipment at any time when District students are, or are reasonably expected to be, present. The vendor further agrees by acceptance of this order that a violation of this condition shall be considered a material breach and may result in a cancellation of the order at the District's discretion.*

Required Scrutinized Business Operations Clause

All contracts for District purchase of goods or services shall include a clause requiring the contractor offering the goods or services to certify that the contractor does not have scrutinized business services in Sudan nor in Iran.

The District through the Superintendent shall:

- Verify that the offeror does not appear on the most recent list prepared by the Arizona Central Procurement Officer of parties excluded from Arizona contracts.
- Notify the State Central Procurement Officer of any contractor the District suspects has submitted a false certification.

BIDDING / PURCHASING PROCEDURES

All District purchases shall be in accordance with the relevant sections of the Arizona Revised Statutes (including, but not limited to 15-213, 15-323, and 38-503), the Arizona school district procurement rules set out in A.A.C. R7-2-1001 through 1195, and with the following.

Requesting Quotations

Requests for price quotations are to include adequate details and be issued with sufficient lead time to enable vendors to effectively respond. When a contract is to be awarded on the basis of price and additional factors those factors are to be included in the request for quotations. Such factors should include, but are not limited to, the following:

- Submittal requirements including:
 - Date and time due;
 - Type and manner by which quotations may be received (e.g., telephone, written, fax, e-mail, prepared form);
 - Physical or digital address to which quotations are to be delivered.
- Specific information the quotation must include.
- Whether or not negotiations may be held.
- Options that may be made pursuant to a purchase contract, i.e., extensions and renewals.
- Uniform terms and conditions included in the request by text or reference.
- Such additional terms, conditions, and instructions as are applicable to the purchase under consideration.

All requests for written quotations shall be at the direction of the Superintendent or a person designated by the Superintendent.

When a vendor is selected on the basis of factors other than lowest price, the reasons shall be documented and filed with the price quotations. Documentation of the quotations process and details including vendor names, persons contacted, telephone numbers and identification of other communication procedures, price results, and determinations are to be documented and retained by the District in

a procurement file that includes the pertinent requisition form and purchase order.

A written contract or purchase order must be approved prior to a purchase being made.

Cumulative and Like Item Purchases

An analysis shall be performed annually to determine the extent of the District need to purchase like items. Prior year purchases and applicable demographic, program, and planning data are to be utilized for projecting quantity and cost of like items to fulfill the anticipated need. The outcomes of calculating the projected quantity and cost factors to acquire like items shall inform the determinations as to the appropriate procurement processes to be applied. The proper competitive purchasing strategies must be applied to assure District compliance with the procurement laws and rules. Splitting of orders or other purchasing practices devised to circumvent allowable procurement practices are prohibited. The cumulative costs of purchasing like items by any and all means of acquisition are to be tracked to assure that no purchases are permitted that will result in violation of Governing Board policies and lawful procurement practices.

Multiple Year Purchases Totaling Less Than Fifty Thousand Dollars

The District may enter into contracts of less than fifty thousand dollars (\$50,000) for a period up to five (5) years, as follows:

- When the terms and conditions of renewal or extension are included in the solicitation for bids;
- When monies are available for the first fiscal year at the time of contracting;
- When the competitive purchasing method is appropriate to the projected cumulative cost over the term of the multiple year contract.

Multiple Year Purchases Totaling More Than Fifty Thousand Dollars

The District may enter into contracts for more than fifty thousand dollars (\$50,000) for a period up to five (5) years, as follows:

- The Governing Board has determined in writing that:
 - The estimated requirements cover the contract period and are reasonable and continuing;

- A multi-term contract will serve the District's best interest by encouraging competition or promoting economies in procurement;
- If monies are not appropriated or available in future years the contract will be cancelled.

If multiple-year quotations are used, the District shall:

- Document the time period that the pricing is valid;
- Determine the vendor will honor the pricing for the multi-year period;
- Written affirmation with the vendor that, although it is the District's intent to purchase certain quantities, all purchases are subject to the availability of funds.

Multiple Awards to More Than One Contractor

Generally, the District should not use multiple awards allowing more than one (1) vendor to supply the same goods or service. However, there are instances in which the District may make multiple awards. If that instance arises, the request for proposals or invitation for bids should clearly state whether multiple awards may be used so bidders can consider that information when pricing their proposals or bids.

A multiple award to more than one (1) vendor should be made only when the District has determined and documented in writing that a single award is not advantageous to the District. The award should also be limited to the least number of suppliers necessary to meet the District's requirements.

Bidding Methods

Sealed bids or proposals will be requested when an award is to be made for a transaction to purchase construction, materials, or services costing more than fifty thousand dollars (\$50,000). The Superintendent must review the expenditure and make a recommendation to the Board for final action. The Board reserves the right to waive any informality in, or reject, any or all bids or any part of any bid. Any bid may be withdrawn prior to the scheduled time for the opening of bids.

The bidder to whom the award is made may be required to enter into a written contract with the District.

Pursuant to the procurement code, contracts can be let for a period not to exceed five (5) years.

Definitions

The definition of a term used in this regulation shall be interpreted as being synonymous with the definition of that term listed at R7-2-1001.

Prospective Bidders' Lists

The District shall compile and maintain a prospective bidders' list. Inclusion of the name of a person shall not indicate whether the person is responsible concerning a particular procurement or otherwise capable of successfully performing a District contract.

Persons desiring to be included on the prospective bidders' list shall notify the District. Upon notification, the District shall mail or otherwise provide the person with the District procedures for inclusion on the bidders' list. Within thirty (30) days after receiving the required information, the District shall add the person to the prospective bidders' list unless the District makes a determination that inclusion is not advantageous to the District.

Persons who fail to respond to invitations for bids for two (2) consecutive procurements of similar items may be removed from the applicable bidders' list after mailing a notice to the person. This notice shall not be required if the two (2) invitations for bids which were not responded to both contained the notice that bidders' names may be removed from the bidders' list if they fail to respond to invitations for bids for two (2) consecutive procurements of similar items. Persons may be reinstated upon request.

Prospective bidders lists shall be available for public inspection, unless the District makes a written determination that it is in the best interest of the District that they should be confidential or private and should not be open for inspection pursuant to A.R.S. 39-121.

Competitive Sealed Bidding

If the intended procurement is for construction to cost less than one hundred fifty thousand dollars (\$150,000), the rules established for the simplified school construction procurement program described at R7-2-1033 may be followed. In all other cases, adequate public notice of the invitation for bids shall be given as provided in R7-2-1022 or as provided in R7-2-1024, which are outlined below, and shall indicate that any bid protest shall be filed with the District representative, who shall be named therein.

If notice is given pursuant to R7-2-1024, notice also may be given as provided in R7-2-1022. If fewer than five (5) prospective bidders are included on the bidders list, the notice must also be given as provided in R7-2-1022. When the invitation for bids is for the procurement of services other than those described in R7-2-1061 through R7-2-1068 and R7-2-1117 through R7-2-1123, Specified Professional Services, notice also shall be given as provided in R7-2-1022.

R7-2-1022:

In the event there are four (4) or less prospective bidders on the bidders' list, the notice shall include publication in the official newspaper of the county within which the school district is located for two (2) publications which are not less than six (6) nor more than ten (10) days apart. The second publication shall not be less than two (2) weeks before bid opening. The time of publication may be altered if deemed necessary pursuant to R7-2-1024.A.

R7-2-1024:

Invitation for bids shall be issued at least fourteen (14) days before the time and date set for bid opening in the invitation for bids unless a shorter time is deemed necessary for a particular procurement as determined by the school district.

The school district shall mail or otherwise furnish invitation for bids or notices of the availability of invitation for bids to all prospective bidders registered with the school district for the specific material, service or construction being bid.

The time and date at which a bid is called due shall be during regular working hours at a regular place of school business or during a public meeting of the Governing Board at its regular meeting place.

Invitations to bid will be sent to all vendors who have requested to bid or who have applied to be placed on a bid list appropriate to the items being sought.

A bid call relating to "construction projects" must describe the nature of the work to be performed and where complete plans, if necessary, may be obtained. Deposits may be required for plans and specifications in good order. A certified check, cashier's check, or surety bond for ten percent (10%) of the bid must accompany each bid, but will be returned to unsuccessful bidders. The successful bidder must present performance and payment bonds for one hundred percent (100%) of the bid within five (5) working days after notification of the award.

Each sealed bid must be submitted in a sealed envelope, addressed to the District, clearly marked on the outside of the envelope, "Sealed Bid for _____." The bids shall be opened publicly and read aloud at the time and place stated in the invitation. Awards shall be made with reasonable promptness to the lowest responsible, qualified vendor, taking into consideration all factors set forth in policy. Price shall not be the sole factor in making the bid award. When out-of-state bidders are not to pay sales/use tax, the amount of such tax shall not be a consideration in determining the low bidder. All proposed contracts for outside professional services in excess of the amount calculated by the State Board of Education and made applicable for the year in which the transaction will occur, may be reviewed by the attorney for the District prior to entering into the contract. The policies relating to outside professional services apply only to services required by law to be placed on bid, and even those policies may be set aside if a state of emergency is declared. If a state of emergency is declared, a memorandum will be issued justifying such a declaration, which will

be filed in the District's records. The use of bidding, contracting, or purchasing specifications that are in any way proprietary to one (1) supplier, distributor, or manufacturer is prohibited unless no other resource is practical for the protection of the public interest.

The Board reserves the right to reject any or all bids and to accept the bid that appears to be in the best interest of the District. The Board reserves the right to waive informalities in any bid or to reject any bid, all bids, or any part of any bid. Any bids may be withdrawn prior to the scheduled time for the opening of the bids. Any bids received after the opening begins shall not be accepted. Opening of bids shall not be delayed to accommodate late bid responses. Submitted bids shall be honored for at least thirty (30) days or as otherwise stated in the invitation. All information relating to a bid shall be retained and made available for public inspection after the bids are awarded, and prospective bidders shall be notified of this in the invitation or specifications relating to the bid call.

Multistep Sealed Bidding

The multistep sealed bidding method may be used if the Governing Board determines that:

- Available specifications or purchase descriptions are not sufficiently complete to permit full competition without technical evaluations and discussions to ensure mutual understanding between each bidder and the District;
- Definite criteria exist for evaluation of technical offers;
- More than one (1) technically qualified source is expected to be available; and
- A fixed-price contract will be used.

The District may hold a conference with bidders before submission or at any time during the evaluation of the unpriced technical offers.

The multistep sealed bidding method may not be used for construction contracts. When the multistep sealed bidding method is determined to be advantageous to the District, the procedures set out in R7-2-1036 and 1037 shall be followed.

Competitive Sealed Proposals

If, pursuant to R7-2-1041, the Governing Board determines in writing that the use of competitive sealed bidding is either not practicable or not advantageous to the District, a contract may be entered into by competitive sealed proposals. The Governing Board may make a class determination that it is either not practicable or not advantageous to the District to procure specified types of materials or services by competitive sealed bidding. The competitive sealed proposal method may not be used for construction contracts. The Governing Board may modify or revoke a class determination at any time.

If competitive sealed bidding is neither practicable or advantageous, competitive sealed proposals may be used if it is necessary to:

- Use a contract other than a fixed-price type;
- Conduct oral or written discussions with offerors concerning technical and price aspects of their proposals;
- Afford offerors an opportunity to revise their proposals;
- Compare the different price, quality, and contractual factors of the proposals submitted; or
- Award a contract in which price is not the determining factor.

Procedures to be applied subsequent to the issuance of an invitation for bids are to be consistent with the requirements set out in R7-2-1025 through 1032.

Competitive sealed proposals shall be solicited through a request for proposals. The request for proposals shall set forth those factors listed above for competitive sealed bids that are applicable and shall also state:

- The type of services required and a description of the work involved;
 - The type of contract to be used;
 - An estimate of the duration the service will be required;
 - That cost or pricing data is required;
 - That offerors may designate as proprietary portions of the proposals;
 - That discussions may be conducted with offerors who submit proposals determined to be reasonably susceptible of being selected for award;
 - The minimum information that the proposal shall contain;
 - The closing date and time of receipt of proposals; and
 - The relative importance of price and other evaluation factors.
- Procurement of information systems and telecommunications systems shall include, as criteria in the request for proposal, evaluation factors of the total life cycle cost and application benefits of the information systems or telecommunication systems.

- Procurement of earth-moving, material-handling, road maintenance and construction equipment shall include, as criteria in the request for proposal, evaluation factors of the total life cycle cost including residual value of the earth-moving, material-handling, road maintenance and construction equipment. A request for proposals shall be issued at least fourteen (14) days before the closing date and time for receipt of proposals unless a shorter time is determined necessary by the District.

Notice of the request for proposals shall be issued in accordance with R7-2-1022. Before submission of initial proposals, amendments to requests for proposals shall be made in accordance with R7-2-1026. After submission of proposals, amendments may be made in accordance with R7-2-1036(C).

Specified Professional Services and Construction Services

When the procurement of construction services or services to be provided by certain professionals are under consideration, designated District personnel shall become fully familiar with and informed on the requirements established in Arizona Revised Statutes Title 34. The assigned District personnel are to seek assistance from qualified consultants, attorneys, and bond counsel as is necessary and applicable to the projects being considered, including but not limited to determinations of the training, qualifications, experience, fitness, licensure, prior performance, and bonding of potential providers. Procurement activities, including securing the services of persons to assist District personnel as referenced above shall be in accordance with all relevant requirements prescribed by federal and state law and the rules of federal, state, county, and municipal agencies for the acquisition, performance and reporting of the services being sought and acquired.

Procurement of Services by Certain Other Classes of Providers

The purchase of services to be provided by clergy, certified public accountants, physicians, dentists, and legal counsel shall be as specified in R7-2-1061 through R7-2-1068. The procurement of services by an architect, engineer, land surveyor, assayer, geologist, or landscape architect is to be accomplished in compliance with R7-2-1117 and 1118. Procurement procedures related to purchasing services from the professional providers are to conform to R7-2-1119 through 1122.

Contract Requirements

Care is to be exercised to assure the District's procurement practices conform to the general contract requirements set out at R7-2-1068 through 1086 and the accompanying conditions described in R7-2-1091 through 1093.

Preparation of Specifications

Specifications for goods, services, and construction items are to be prepared in the manner prescribed by rules R7-2-1101 through 1105.

Construction Procurement Procedures

Preparation for inviting bids for construction and the steps to be followed in the construction procurement process shall be guided by and consistent with R7-2-1109 through 1116.

Emergency Purchases

An exception to the above procedures for price competition may be made in the event of an emergency involving the health, safety, or welfare of school personnel or students. In such an emergency, declared by the Superintendent emergency purchase action may be taken without price competition, if necessary. Even under emergency conditions, price competition should be sought if it will not unacceptably delay the correction of the condition requiring emergency procedures. If emergency purchases are made without price competition, a complete written description of the circumstances pursuant to A.A.C. R7-2-1057 shall be included in the procurement file and maintained in the District office.

Sole-Source Procurements

A contract may be awarded for a material, service, or construction item without competition if the Governing Board determines in writing that there is only one (1) source for the required material, service, or construction item. The District may require the submission of cost or pricing data in connection with an award pursuant to A.A.C. R7-2-1053. Sole-source procurement shall be avoided, except when no reasonable alternative source exists. A copy of the written evidence and determination of the basis for the sole-source procurement shall be retained in the procurement file by the District.

The District shall, to the extent practicable, negotiate with the single supplier a contract advantageous to the District.

Cooperative Purchasing Agreements

Procurements in accordance with intergovernmental agreements and contracts between the District and other governing bodies as authorized by A.R.S. 15-952 are exempt from competitive bidding requirements under A.R.S. 15-213. Inspection of and payment for materials and services acquired under a cooperative purchasing agreement are the obligation of the District.

Due Diligence

The District is responsible for ensuring that all procurements are done in accordance with school district procurement rules whether the procurement is done independently or through a cooperative purchasing agreement. The District shall develop and follow a clear plan prescribing the purchasing practices to be followed. The plan will describe the elements of internal control and auditing to assure the District's procedures are sufficient to confirm the adequacy of the procurements practices and that the accountability of all personnel engaged in procurement practices is regularly evaluated and corrective measures taken when necessary. The due diligence activities shall include the use of the applicable sections of the Uniform System of Financial Records (USFR) Compliance Questionnaire for school districts when assessing the quality of the procurements procedures and the competence of the persons performing the procedures. Day-to-day and periodic formal checks of due diligence performance are to be documented and retained in a procurement file.

Within three (3) years after the execution of any contract made by the District, the District may cancel such contract if any person significantly involved in initiating, negotiating, securing, drafting, or creating the contract on behalf of the District is, at any time while the contract or any extension of the contract is in effect, an employee or agent of any other party to the contract in any capacity or a consultant to any other party of the contract with respect to the subject matter of the contract.

Fingerprinting Requirements

A contractor, subcontractor or vendor, or any employee of a contractor, subcontractor or vendor, who is contracted to provide services on a regular basis at an individual school shall obtain a valid fingerprint clearance card pursuant to A.R.S. 41-1758 *et seq.* The Superintendent, or a principal subject to approval by the Superintendent, may exempt from the requirement to obtain a fingerprint clearance card a contractor, subcontractor, or vendor whom the Superintendent or principal has determined is not likely to have independent access or unsupervised contact with students as part of their normal job duties while performing services to the school or to the School District. The exemption shall be given in writing and a copy filed in the District office.

The Superintendent shall develop uniform District criterion for making a determination of whether or not an exemption will be granted.

- Each contractor shall warrant compliance with all federal immigration laws and regulations that relate to their employees and that they have verified employment eligibility of each employee through the E-Verify program. The contractor shall acknowledge that a breach of this warranty shall be deemed a material breach of the contract subject to penalties up to and including termination of the contract.
- The contractor further acknowledges that the School District retains the legal right to inspect the papers of any contractor or subcontractor employee who works on the contract to ensure compliance by the contractor or subcontractor.

SCHOOL PROPERTIES DISPOSITION

Disposition of Surplus Materials

The School District shall determine the fair market value of excess and surplus property. Except as provided in A.R.S. 15-342, surplus materials, regardless of value, shall be offered through competitive sealed bids, public auction, established markets, trade-in, posted prices, or state surplus property. If unusual circumstances render the above methods impractical, the District may employ other disposition methods, including appraisal or barter, provided the District makes a determination that such procedure is advantageous to the District. Only United States Postal Money Orders, certified checks, cashier's checks, or cash shall be accepted for sales of surplus property unless otherwise approved by the District or for sales of less than one hundred dollars (\$100).

Exceptions for Disposition of Learning Materials and Equipment

The Board authorizes the Superintendent to establish regulations for the disposal of surplus or outdated learning materials to nonprofit community organizations when it has been determined that the cost of selling such materials equals or exceeds estimated market value of the learning materials.

The Board may sell used equipment to a charter school before attempting to sell or dispose of the equipment by other means.

Competitive Sealed Bidding

Notice of the sale bids shall be publicly available from the District at least ten (10) days before the date set for opening bids. Notice of the sale bids shall be mailed to prospective bidders, including those on lists maintained by the District pursuant to A.A.C. R7-2-1023. The notice of the sale bids shall list the materials offered for sale; their location; availability for inspection; the terms and conditions of sale; and instructions to bidders, including the place, date, and time set for bid opening. Bids shall be opened publicly pursuant to the requirements of A.A.C. R7-2-1029.

The award shall be made, in accordance with the provisions of the notice of the sale bids, to the highest responsive and responsible bidder, provided that the price offered by such bidder is acceptable to the District. If the District determines that the bid is not advantageous to the District, the District may reject the bids in whole or in part and may resolicit bids, or the District may negotiate the sale, provided that the negotiated sale price is higher than the highest responsive and responsible bidder's price.

Auctions shall be advertised at least two (2) times prior to the auction date in a newspaper of the county as defined in A.R.S. 11-255. Advertisements must be at least seven (7) days apart. All of the terms and conditions of any sale shall be available to the public at least twenty-four (24) hours prior to the auction date.

Before surplus materials are disposed of by trade-in to a vendor for credit on an acquisition, the District shall approve such disposal. The District shall base this determination on whether the trade-in value is expected to exceed the value realized through the sale or other disposition of such materials.

An employee of the District or a Governing Board member shall not directly or indirectly purchase or agree with another person to purchase surplus property if said employee or Board member is, or has been, directly or indirectly involved in the purchase, disposal, maintenance, or preparation for sale of the surplus material.

State Surplus Property Manager

Except as provided in A.R.S. 15-342, the District may enter into an agreement with the State Surplus Property Manager for the disposition of property pursuant to Article 8 of the Arizona Procurement Code [A.R.S. 41-2601 *et seq.*] and the rules promulgated thereunder.
