AGENDA REPORTING FORM

TOPIC: World Language Level 1 Curriculum Revision

BACKGROUND: This is the second reading of the revised curriculum for Level 1 of Spanish, French, and Italian, first presented to the Student Achievement Committee on January 21st. In this course, students begin their journey towards proficiency in Spanish, French, or Italian, learning the skills they need to communicate effectively in the target language while investigating diverse cultural products, practices, and perspectives. Students use language as a tool to explore personal identity, schedules and school life, community design, familial celebrations, food traditions, and the concept of home. Each unit builds towards a performance assessment designed to provide students the opportunity to demonstrate their progress towards Novice-Mid levels of proficiency by engaging in real-world tasks.
