

**ADMINISTRATIVE POLICY
INCLEMENT WEATHER
FOR SCHOOL EVENTS AND PRACTICES**

1. EARLY RELEASE: All events for the day are cancelled; i.e., concerts, plays, ball games, practices. The buildings are shut down – NO ONE is allowed back in the buildings for any kind of open gym or practice.

2. SCHOOL CANCELLATION: When school is closed for the day, the Activities Director and Superintendent will have until one o'clock p.m. to make a decision about a night event. The Activities Director is in charge of determining whether or not there will be a practice for the varsity teams.
 - All open gyms, non-varsity teams, traveling teams and community education functions are cancelled.
 - Key holders need to respect this policy or forfeit their keys.

3. SATURDAY EVENTS: The Activities Director will make the decision for Saturday events. In the event that a home tournament is cancelled because of weather, all other activities in the building are cancelled.

Note:

These procedures were written by Administration and discussed at the January 26, 2009 School Board meeting. The procedures were to be reviewed by the Policy Committee. The School Board directed Administration to make decision in the meantime.

At the February 23, 2009 School Board meeting, Policy Committee reported they discussed the cancellation days and want the Athletic Director and the Superintendent to have discretion to reschedule. I don't seem to find documentation that cancellation of games, practices, open gyms was brought to the full board for further discussion or recommendation, first reading of final approval.

Copies of this policy will be distributed to all key holders.
