

ALEDO ISD BOARD MEETING TEMPLATE

MEETING DATE: February 15, 2016

AGENDA ITEM: Consider the “Statement of Impact” Related to the Treetops School International Charter School.

PRESENTER: Dr. Derek Citty, Superintendent

ALIGNS TO BOARD GOAL(S): ALL

BACKGROUND INFORMATION:

- In accordance with TEA guidelines, proposed charter schools must submit a “Statement of Impact” to any public school district that may be affected by new proposed campuses.
- These statements must be considered by Trustees in an open board meeting and must be returned to TEA by a stated deadline.
- The Treetops School International, a K-12 charter school whose physical address originates at 12500 South Pipeline Road, Euless, TX 76040, has made application of the Texas Education Agency to increase the maximum campus enrollment from 440 to 1,500.
- This school, in the impact statement filed with TEA, will draw enrollment from several undetermined area districts across the DFW area as listed in the attached document.

ADMINISTRATIVE CONSIDERATION:

- The options available on the Texas Education Agency supplied form list only the District’s response as to whether or not the District believes the addition of proposed increased enrollment will or will not have any negative impact on Aledo ISD.

FISCAL NOTE: Consideration of this impact statement will have no known effect to the 2015-2016 budget.

Administrative Recommendation: Administration recommends opposing this application on the impact statement due to the detrimental effect the loss of enrollment would have on AISD.
