### Background:

The Marana High School Athletic Department received the following donation. The labor and materials to construct an on-campus sand volleyball court will be used to greatly benefit our student-athletes by eliminating the need for daily travel to Crossroads Park for practices and matches. Reducing this commute will allow for more efficient use of practice time, minimize transportation challenges, and decrease student exposure to travel-related risks. The new sand volleyball court will serve both our Girls' Sand Volleyball and the future Boys' Sand Volleyball. JW Civil will be providing the labor and materials needed for construction, while the Sand Volleyball Program will supply the necessary equipment, including poles, nets, and boundary tape. The court will be located in the open space between the varsity and JV baseball fields on the Marana High School campus. This project reflects our continued commitment to expanding athletic opportunities and enhancing facilities that support the growth, safety, and success of our students.
