## Instructional Resources/Instructional Materials

The Board believes that proper care and judgment should be exercised in selecting basic instructional materials. While the Board retains the authority to approve district instructional materials adoptions, it authorizes the superintendent to develop and implement administrative procedures <u>regulations</u> governing how selections are determined. Such procedures will provide for administrator, staff, parent, student and community involvement and employ suitable selection criteria to ensure that the recommended instructional materials will meet the needs of the program, students, teachers and community.

The district will review instructional materials in accordance with the State Board of Education adoption cycle. Each instructional program and basic instructional materials will be reviewed on a seven-year cycle and recommendations for appropriate instructional materials will be made.

The district will establish a process and timeline for regularly determining and considering whether the textbooks and other instructional materials are available through online resources that enable students with print disabilities to receive textbooks and instructional materials free of charge.

All basic instructional materials recommended for adoption need to be approved for use by the Board. Prior to Board approval, parents and interested district patrons will have the opportunity to review the recommended instructional materials and be encouraged to provide opinions about them and their use in the classrooms.
