News from Mr. Valenzuela

Bad weather on the way?

Now that fall is fully upon us, bad weather is sure to follow. In the event of inclement weather (snow!), please be sure to check your local radio stations, television stations and the Three Rivers School District web site for school closure information. Our automated calling system will also be calling all families in the event of a school closure.

We recognize excellent attendance!

November is a crazy month in regards to our school calendar. We have many days off for holidays and clerical days. It is critical for our students to be in school on the days that classes are held, especially during a month like November where we have many days off or December where we have a short month. We are fast approaching the end of the first trimester and our first attendance reward activity. Eligibility for our attendance activity, a movie shown on the big screen in the gym, is granted to students who have missed no more than 3 school days during the first trimester. Remember that a tardy = 1/2 day and leaving early = 1/2 day.

Dear Mr. V,

Our class has been studying geology for the last two months and we have been working very hard. We learned about crystals and we even did a science experiment involving crystals. We learned about their properties some are taste, luster, streak, color. We learned about erosion like water, sand, people and many others. I also built a cave all by myself. I put soda straws, cave popcorn, flow stone, moonmilk, stalagmites, stalactites, yah that was fun. We also went on a field trip to the Oregon Caves National Monument. We went in the cave and we went on a hike we went on Oct. 26. I love science.

Sincerely,

Rachel Shirley

Child Find for Special Education

Public Law 105.17, known as the Individuals with Disabilities Education Act (IDEA), requires that school districts provide a free and appropriate education to all disabled children and young adults from birth through 21 years of age. The Three Rivers School District requests assistance with the identification of any disabled children ages Birth through 21 who are not enrolled or currently being served in one of the District's schools.

If you know of any disabled children ages 0 through 21, who are not receiving education services, please call the Three Rivers School District Special Education Department at 541-862-3111 x 5202.
