Residence 1

Resident Students

Only students who are residents of the District may attend a District school without a tuition charge, except as otherwise provided below or in State law.² A student's residence is the same as the person who has legal custody of the student.³

A person asserting legal custody over a student, who is not the child's natural or adoptive parent, shall complete a signed statement, stating: (a) that he or she has assumed and exercises legal responsibility for the child, (b) the reason the child lives with him or her, other than to receive an education in the District, and (c) that he or she exercises full control over the child regarding daily educational and medical decisions in case of emergency. If the District knows the current address of the child's natural or adoptive parent, the District shall request in writing that the person complete a signed statement or affidavit stating: (a) the role and responsibility of the person with whom their child is living, and (b) that the person with whom the child is living has full control over the child regarding daily educational and medical decisions in case of emergency. ⁴

A student whose family moves out of the District during the school year will be permitted to attend school for the remainder of the year without payment of tuition. ⁵

When a student's change of residence is due to the military service obligation of the student's legal custodian, the student's residence is deemed to be unchanged for the duration of the custodian's military service obligation if the student's custodian made a written request. The District, however, is not responsible for the student's transportation to or from school. ⁶

If, at the time of enrollment, a dependent child of military personnel is housed in temporary housing located outside of the District, but will be living within the District within six months after the time of

¹ State or federal law controls this policy's content. For a resource, see the III. State Board of Education's non-regulatory guidance, *Residency & Enrollment, Immigrant Pupils, Homeless Pupils and School Fees & Waivers* at www.isbe.net/Pages/Student-Registration-and-Enrollment-Guidance.aspx.

² In certain cases, no tuition may be charged for nonresident children placed: (1) by the III. Dept. of Children and Family Services with a foster parent or childcare facility (105 ILCS 5/10-20.12b); or (2) with a person who (i) has temporary custody of a child of a person who is on active military duty, and (ii) is responsible for making decisions for that child (105 ILCS 70/).

³ In the case of divorced or divorcing parents, the III. Marriage and Dissolution of Marriage Act (IMDMA), 750 ILCS 5/, provides that "for purposes of Section 10-20.12b of the School Code only, the parent with the majority of parenting time is considered to have legal custody." See 750 ILCS 5/606.10. The IMDMA also requires a parenting plan that sets forth a child's residential address for school enrollment purposes. 750 ILCS 5/602.10(f)(6). Consult the board attorney when the residential address set forth in a parenting plan is not the address of the parent with the majority of parenting time.

⁴ 105 ILCS 5/10-20.12b. In order to establish residence, a school district may not require a parent to transfer custody/guardianship to the person with whom the child is living. <u>Israel S. by Owens v. Bd. of Educ. of Oak Park and River Forest High Sch. Dist. 200</u>, 235 Ill.App.3d 652 (5th Dist. 1992). See also <u>Joel R. v. Bd. of Educ. of Manheim Sch. Dist. 83</u>, 292 Ill.App.3d 607 (1st Dist. 1997).

initial enrollment, the child is allowed to enroll, subject to the requirements of State law, and must not be charged tuition. ⁷

Residence of Students with Disabilities 8

The residence of a child with a disability is determined in accordance with 105 ILCS 5/14-1.11, 5/14-1.11a, and 5/14-1.11b.

Requests for Nonresident Student Admission 9

Nonresident students may attend District schools upon the approval of a request submitted by the student's parent(s)/guardian(s) for nonresident admission. The Superintendent may approve the request subject to the following: ¹⁰

- 1. The student will attend on a year-to-year basis. Approval for any one year is not authorization to attend a following year.
- 2. The student will be accepted only if there is sufficient room.
- 3. The student's parent(s)/guardian(s) will be charged the maximum amount of tuition as allowed by State law. 11
- 4. The student's parent(s)/guardian(s) will be responsible for transporting the student to and from school.

Admission of Nonresident Students Pursuant to an Agreement or Order 12

Nonresident students may attend District schools pursuant to:

The footnotes are not intended to be part of the adopted policy; they should be removed before the policy is adopted.

⁷ 105 ILCS 5/10-22.5a(a-5), amended by P.A. 102-126. Military personnel must provide proof that the child will be living within the district within six months after the date of initial enrollment. Proof of residency may include postmarked mail addressed to the military personnel and sent to an address located within the district, a lease agreement for occupancy of a residence located within the district, or proof of ownership of a residence located within the district.

⁸ When special education services are provided, a student's resident district is determined by 105 ILCS 5/14-1.11 (when the resident district is the district in which the parent/guardian resides), 14-1.11a, amended by P.A. 102-514 (when the resident district is the district in which the student resides), and 14-1.11b (applying the provisions of 105 ILCS 5/14-1.11 and 14-1.11a to determine the resident district in all cases in which special education services and facilities are provided).

⁹ Optional. A district that wants to include this subhead should specify and customize the listed criteria to match local conditions. Consult the board attorney regarding cost exceptions that may be applicable to specific student populations such as students with disabilities.

^{10 105} ILCS 5/10-20.12a(a), amended by P.A. 103-111, allows boards to adopt a policy to waive nonresident tuition if the student is the child of a district employee. A *child* means a district employee's child who is a biological child, adopted child, foster child, stepchild, or a child for which the employee serves as legal guardian. <u>Id</u>. If a board wishes to accept requests from district employees for their nonresident children to attend school in the district on a tuition-free basis, insert the following language as its own paragraph after the numbered list:

For a nonresident student who is the child of a District employee, if the Superintendent approves the request for nonresident admission for the student, the tuition cost is waived pursuant to 105 ILCS 5/10-20.12a(a).

^{11 105} ILCS 5/10-20.12a specifies a formula for calculating the maximum amount a district can charge nonresident students.

¹² The agreement described in #1 is optional (105 ILCS 5/10-22.5a(a)) and districts are not required to enter into such agreements nor to alter existing transportation services due to the attendance of such nonresident students. The agreement described in #2 is optional (105 ILCS 5/10-22.5a(a)); districts should be sure it is consistent with sample policy 7:50, School Admissions and Student Transfers To and From Non-District Schools. An example of an agreement described in #3 is one to accept nonresident students; entering into such an agreement is optional.

- 1. A written agreement with an adjacent school district to provide for tuition-free attendance by a student of that district, provided both the Superintendent or designee and the adjacent district determine that the student's health and safety will be served by such attendance.
- 2. A written agreement with cultural exchange organizations and institutions supported by charity to provide for tuition-free attendance by foreign exchange students and nonresident pupils of charitable institutions.
- 3. According to an intergovernmental agreement.
- 4. Whenever any State or federal law or a court order mandates the acceptance of a nonresident student.

Homeless Children

Any homeless child shall be immediately admitted, even if the child or child's parent/guardian is unable to produce records normally required to establish residency. School Board policy 6:140, *Education of Homeless Children*, and its implementing administrative procedure, govern the enrollment of homeless children.

Challenging a Student's Residence Status 14

If the Superintendent or designee determines that a student attending school on a tuition-free basis is a nonresident of the District for whom tuition is required to be charged, he or she on behalf of the School Board shall notify the person who enrolled the student of the tuition amount that is due. The notice shall detail the specific reasons why the Board believes that the student is a nonresident of the District and shall be given by certified mail, return receipt requested. The person who enrolled the student may challenge this determination and request a hearing as provided by the School Code, 105 ILCS 5/10-20.12b.

Attendance and Truancy 1

Compulsory School Attendance ²

This policy applies to individuals who have custody or control of a child: (a) between the ages of six (on or before September 1) and 17 years (unless the child has graduated from high school), or (b) who is enrolled in any of grades kindergarten through 12 in the public school regardless of age.

Subject to specific requirements in State law, the following children are not required to attend public school: (1) any child attending a private school (including a home school) or parochial school, (2) any child who is physically or mentally unable to attend school (including a pregnant student suffering medical complications as certified by her physician), (3) any child lawfully and necessarily employed, (4) any child over 12 and under 14 years of age while in confirmation classes, (5) any child absent because of religious reasons, including to observe a religious holiday, for religious instruction, or because his or her religion forbids secular activity on a particular day(s) or time of day, and (6) any child 16 years of age or older who is employed and is enrolled in a graduation incentives program.

The parent/guardian of a student who is enrolled must authorize all absences from school and notify the school in advance or at the time of the student's absence. A valid cause for absence includes illness (including mental or behavioral health of the student),³ observance of a religious holiday,

The footnotes are not intended to be part of the adopted policy; they should be removed before the policy is adopted.

¹ State law requires boards to adopt a policy covering some of the topics herein and controls this policy's content. 105 ILCS 5/22-92, added by P.A. 102-157 and renumbered by P.A. 102-813; 23 Ill.Admin Code Part 207. Any school receiving public funds must develop and annually communicate to its students and their parents/guardians an absenteeism and truancy policy. <u>Id</u>. The Ill. Principals Association (IPA) maintains a handbook service that coordinates with **PRESS** material, *Online Model Student Handbook* (MSH), at: www.ilprincipals.org/msh/.

This policy must be updated every two years and filed with the III. State Board of Education (ISBE) and the regional superintendent of schools [or Intermediate Service Center Executive Director, whichever is appropriate]. 105 ILCS 5/22-92(b), added by P.A. 102-157 and renumbered by P.A. 102-813; 23 III.Admin.Code §207.30(a). 105 ILCS 5/3-0.01 states that any references to *regional superintendent* include the chief administrative officer of Intermediate Service Centers established under 105 ILCS 5/2-3.62. See the **Monitoring** subhead and f/n 21, below.

² 105 ILCS 5/26-2 addresses enrolled students below or over set compulsory attendance ages. The law also requires any persons having custody or control of a child who is enrolled in grades kindergarten through 12 in the public school to cause the child to attend school.

¹⁰⁵ ILCS 5/26-1, amended by P.A.s 102-406, 102-266, 102-321, and 102-981, contains the compulsory school age exemptions. Each listed exception is specifically included in the statute, except the reference to *home school*. See sample policy 7:40, *Nonpublic School Students, Including Parochial and Home-Schooled Students*, regarding assigning students who enroll from a non-public school. See sample policy 6:150, *Home and Hospital Instruction*, regarding providing instruction to a pregnant student or other student who is medically unable to attend school.

³ 105 ILCS 5/26-1 and 5/26-2a, amended by P.A.s. 102-266 and 102-321. A student may be absent for mental or behavioral health for up to five days without providing a medical note, and the student must be given an opportunity to make up any missed school work. *Medical note* is not defined, but the same portion of the statute discusses a student's inability to attend school due to a disability being certified by an Illinois licensed physician, chiropractic physician, advanced practice registered nurse, or physician assistant; presumably, any of these individuals could provide a *medical note*. After the second mental health day used, the student may be referred to the appropriate school support personnel. <u>Id</u>. See sample policy 7:250, *Student Support Services*.

death in the immediate family, attendance at a civic event,⁴ family emergency, other situations beyond the control of the student as determined by the Board, voting pursuant to policy 7:90, *Release During School Hours* (10 ILCS 5/7-42 and 5/17-15), other circumstances that cause reasonable concern to the parent/guardian for the student's mental, emotional, or physical health or safety, or other reason as approved by the Superintendent or designee.⁵ Students absent for a valid cause may make up missed homework and classwork assignments in a reasonable timeframe.⁶

Absenteeism and Truancy Program

The Superintendent or designee shall manage an absenteeism and truancy program in accordance with the School Code and School Board policy. The program shall include but not be limited to:

- A protocol for excusing a student from attendance who is necessarily and lawfully employed.
 The Superintendent or designee is authorized to determine when the student's absence is
 justified. ⁷
- 2. A protocol for excusing a student in grades 6 through 12 from attendance to sound *Taps* at a military honors funeral held in Illinois for a deceased veteran. 8

The footnotes are not intended to be part of the adopted policy; they should be removed before the policy is adopted.

⁴ 105 ILCS 5/26-1 and 5/26-2a, amended by P.A. 102-981. Subject to ISBE guidelines, a middle or high school student shall be permitted one school day-long excused absence per school year to engage in a *civic event*, defined as "an event sponsored by a non-profit organization or governmental entity that is open to the public. *Civic event* includes, but is not limited to, an artistic or cultural performance or educational gathering that supports the mission of the sponsoring non-profit organization. Schools may require students to provide an appropriate administrator with reasonable advance notice of the intended absence and documentation of participation.

⁵ 105 ILCS 5/22-92(a)(1), added by P.A. 102-157 and renumbered by P.A. 102-813, requires a policy with a definition of valid cause for absence in accordance with 105 ILCS 5/26-2a. These reasons are in 105 ILCS 5/26-2a except that (1) "other reason as approved by the Superintendent," and (2) absences for students to vote authorized by 10 ILCS 5/7-42 and 5/17-15 were added. An ISBE rule requires that the absenteeism and truancy policy define valid causes for absence. 23 Ill.Admin.Code §1,290.

For elementary districts, delete the following phrase from the second sentence of this paragraph: "voting pursuant to policy 7:90, Release During School Hours (10 ILCS 5/7-42 and 5/17-15)," and delete 7:90, Release During School Hours, from the Cross References.

For high school and unit districts that do not wish to include the **Voting** subhead in policy 7:90, *Release During School Hours*, amend the second sentence of this paragraph as follows: "-policy 7:90, Release During School Hours (the Election Code, 10 ILCS 5/7-42 and 5/17-15,)" and delete 7:90, *Release During School Hours* from the Cross References.

⁶ See f/n 3. In addition, 105 ILCS 5/10-20.78, added by P.A. 102-471 and renumbered by P.A. 102-813, requires a written policy related to absences and missed homework or classwork assignments as a result of or related to a student's pregnancy. It makes sense to apply such a policy to all students who are absent for a valid cause.

7 Any child "necessarily and lawfully employed" may be exempted from attendance by the superintendent "on certification of the facts by and the recommendation of the school board." 105 ILCS 5/26-1. The policy's language serves to delegate this "certification of the facts" to the superintendent or designee. The following option allows a board to consider and include specific criteria in the policy:

A student may be excused, at the Superintendent's discretion, when: (1) the student has a last period study hall, (2) the parent/guardian provides written permission, (3) the student's employer provides written verification of employment, (4) the student provides evidence of a valid work permit, or (5) other reason deemed justifiable by the Superintendent.

Child Labor laws include: 29 C.F.R. Part 570 (minimum age standards, occupations, conditions, etc.); 820 ILCS 205/, amended by P.A. 102-32 and 103-201, eff. 1-1-24 (child labor law); 56 Ill.Admin.Code Part 250 (child labor regulations). To streamline the employment certificate process for minors, the Ill. Dept. of Labor (IDOL) has a paperless certification system for districts to provide IDOL with the name and contact information of the superintendent or designee as the issuing officer. The issuing officer will then be granted access to electronically complete and submit either the IDOL's Employment Certificate Form or Temporary Employment Certificate Form, at: www2.illinois.gov/idol/Laws-Rules/FLS/Pages/Employment-Certificates-Minors.aspx.

- 3. A protocol for excusing a student from attendance on a particular day(s) or at a particular time of day when his/her parent/guardian is an active duty member of the uniformed services and has been called to duty for, is on leave from, or has immediately returned from deployment to a combat zone or combat-support postings. 9
- 4. A process to telephone, within two hours after the first class, the parents/guardians of students in grade 8 or below who are absent without prior parent/guardian notification. ¹⁰
- 5. A process to identify and track students who are truants, chronic or habitual truants, or truant minors as defined in 105 ILCS 5/26-2a.
- 6. A description of diagnostic procedures for identifying the cause(s) of a student's unexcused absenteeism, including interviews with the student, his or her parent(s)/guardian(s), and staff members or other people who may have information about the reasons for the student's attendance problem. ¹¹
- 7. The identification of supportive services that may be offered to truant, chronically truant, or chronically absent students, including parent-teacher conferences, student and/or family counseling, or information about community agency services. 12 See Board policy 6:110, Programs for Students At Risk of Academic Failure and/or Dropping Out of School and Graduation Incentives Program.
- 8. A process for the collection and review of chronic absence data and to:
 - a. Determine what systems of support and resources are needed to engage chronically absent students and their families, and

The footnotes are not intended to be part of the adopted policy; they should be removed before the policy is adopted.

⁸ 105 ILCS 5/26-1. A student must notify the building principal or other administrator at least two days prior to the absence providing the date, time, and location of the military honors funeral. This requirement may be waived if the student did not receive notice at least two days in advance, but the student shall notify the administration as soon as possible of the absence.

A student whose absence is excused to sound *Taps* shall be counted in attendance for purposes of calculating the average daily attendance of students in the district. The district must allow the student reasonable time to make up school work and if school work is satisfactorily completed, the day of absence is counted as an attendance day for the student.

⁹ 105 ILCS 5/26-1. Such a student must be granted five days of excused absences in any school year and, at the board's discretion, may be granted additional excused absences to visit the student's parent/guardian. The student and his/her parent/guardian are responsible for obtaining assignments from the student's teacher prior to any period of excused absence and for ensuring that such assignments are completed by the student prior to his/her return to school from the excused absence period. <u>Id</u>.

¹⁰ This notification is required by 105 ILCS 5/26-3b.

¹² Id. at (3), added by P.A. 102-157 and renumbered by P.A. 102-813. The School Code references to dropout prevention include: 105 ILCS 5/26-3a (regional superintendent activities and annual report); 105 ILCS 5/10-20.25a (annual report by boards); and 105 ILCS 5/1A-4(E), amended by P.A. 102-894 (ISBE report).

- b. Encourage the habit of daily attendance and promote success. ¹³
- Reasonable efforts to provide ongoing professional development to teachers, administrators, Board members, school resource officers, and staff on the appropriate and available supportive services for the promotion of student attendance and engagement. ¹⁴
- 10. A process to request the assistance and resources of outside agencies, such as, the juvenile officer of the local police department or the truant office of the appropriate Regional Office of Education, if truancy continues after supportive services have been offered. 15
- 11. A protocol for cooperating with non-District agencies including County or municipal authorities, the Regional Superintendent, truant officers, the Community Truancy Review Board, and a comprehensive community based youth service agency. Any disclosure of school student records must be consistent with Board policy 7:340, *Student Records*, as well as State and federal law concerning school student records. ¹⁶

^{13 105} ILCS 5/22-92(a)(4), added by P.A. 102-157 and renumbered by P.A. 102-813, requires the incorporation of provisions relating to chronic absenteeism in accordance with 105 ILCS 5/26-18. 105 ILCS 5/26-18 requires districts to collect and review chronic absence data and determine what systems of support and resources are needed to engage chronically absent students and their families to encourage the habit of daily attendance and promote success. 105 ILCS 5/26-18(c). The review must include an analysis of chronic absence data from each attendance center. Id. Districts are also encouraged to: (1) provide a system of support to students at risk of reaching or exceeding chronic absence levels, i.e., those available through the Illinois Multi-tiered Systems of Support Network; and (2) make resources available to families, i.e., those available through ISBE's Family Engagement Framework, to support and engage students and their families. 105 ILCS 5/26-18(d). Chronic absence means "absences that total 10% or more of school days of the most recent school year, including absences with and without valid cause, as defined in Section 26-2a of this Code, and out-of-school suspensions for an enrolled student." 105 ILCS 5/26-18(a). In contrast, a chronic or habitual truant is "a child who is subject to compulsory school attendance and who is absent without valid cause from such attendance for 5% or more of the previous 180 regular attendance days." 105 ILCS 5/26-2a.

^{14 105} ILCS 5/10-22.6(c-5).

¹⁵ Use this alternative for districts in suburban Cook County: replace "Regional Office of Education" with "appropriate Intermediate Service Center."

^{16 105} ILCS 5/26-9 requires school officers and superintendents to assist truant officers. A minor who is reported by the regional superintendent as a chronic truant may be adjudicated a "truant minor in need of supervision" if the minor declines or refuses to fully participate in truancy intervention services. 705 ILCS 405/3-33.5, amended by P.A.s 102-456 and 103-379. Truant minors in need of supervision may be required by the court to perform reasonable public service that does not interfere with school hours, school related activities, or work commitments of the minor or the minor's parent, guardian, or legal custodian. <u>Id</u>. Fees or costs may not be ordered or imposed in contempt proceedings related to the minor's adjudication as a truant minor in need of supervision. <u>Id</u>.

Counties may regulate truants by ordinance and impose fines and/or community services on truants, as permitted by law, or, if the truant is under 10 years of age, on the parent or custodian. 55 ILCS 5/5-1078.2; 55 ILCS 5/5-1101.3, amended by P.A. 103-379. Municipalities may regulate truants by ordinance and impose fines and/or community services on truants, as permitted by law, or, if the truant is under 13 years of age, on the parent or custodian. 65 ILCS 5/11-5-9. Local officials or authorities that enforce, prosecute, or adjudicate municipal ordinances adopted under 65 ILCS 5/11-5-9, or that work with school districts to address truancy problems, are designated as: (a) part of the juvenile justice system, established by the Juvenile Court Act of 1987, and (b) *juvenile authorities* within the definition set forth in subsection (a)(6.5) of Section 10-6 of the III. School Student Records Act. 105 ILCS 10/6(a)(6.5). Id. A superintendent should consult with the board attorney before disclosing school student records to non-district entities. See 7:340-AP1, *School Student Records*, for a sample procedure for release of such records to juvenile authorities.

Passed in response to a <u>ProPublica article</u> series entitled The Price Kids Pay, at: <u>www.propublica.org/series/the-price-kids-pay</u>, P.A. 103-379 restricts the ability of the juvenile courts and certain county boards to assess fines, fees, assessments, and costs to minors and the minor's parents/guardians, subject to the minor's adjudication under various ordinances and statutes.

- 12. An acknowledgement that no punitive action, including out-of-school suspensions, expulsions, or court action, shall be taken against a truant minor for his or her truancy unless available supportive services and other school resources have been provided to the student. ¹⁷
- 13. The criteria to determine whether a student's non-attendance is due to extraordinary circumstances shall include economic or medical necessity or family hardship and such other criteria that the Superintendent believes qualifies. ¹⁸

[For high school and unit districts only]

- 14. A process for a 17-year-old resident to participate in the District's various programs and resources for truants. ¹⁹ The student must provide documentation of his/her dropout status for the previous six months. A request from an individual 19 years of age or older to re-enroll after having dropped out of school is handled according to provisions in 7:50, *School Admissions and Student Transfers To and From Non-District Schools*.
- 15. A process for the temporary exclusion of a student 17 years of age or older for failing to meet minimum attendance standards according to provisions in State law. A parent/guardian has the right to appeal a decision to exclude a student. ²⁰

The footnotes are not intended to be part of the adopted policy; they should be removed before the policy is adopted.

^{17 105} ILCS 5/26-12 prohibits punitive action "unless available supportive services and other school resources have been provided to the student." In addition, "a truant minor may not be expelled for nonattendance unless he or she has accrued 15 consecutive days of absences without valid cause and the student cannot be located by the school district or the school district has located the student but cannot, after exhausting all available supportive services, compel the student to return to school." Id.

^{18 105} ILCS 5/26-3a requires the district to "establish, in writing, a set of criteria for use by the local superintendent of schools in determining whether a pupil's failure to attend school is the result of extraordinary circumstances, including but not limited to economic or medical necessity or family hardship."

This statute also requires the "clerk or secretary" of the board to quarterly report to the regional superintendent and Secretary of State the identity of students who were removed from the regular attendance roll, exclusive of transferees, because they were expelled; have withdrawn; left school; withdrew due to extraordinary circumstances; have re-enrolled in school since their names were removed from the attendance rolls; were certified to be chronic or habitual truants; or were previously certified as chronic or habitual truants who have resumed regular school attendance. The statute provides that the status of a driver's license or instructional permit will be jeopardized for a student who is the subject of this notification because of non-attendance unless the non-attendance is due to extraordinary circumstances as determined by the local district. State Superintendent Koch announced in his Weekly Message, 8-28-07, see Funding & Disbursements subhead, p.2, at: www.isbe.net/Documents Superintendent Weekly Message/message 082807.pdf, that ISBE is delaying implementing this statute based upon legal guidance from the U.S. Dept. of Education's Family Policy Compliance Office that its implementation would violate the federal Family Educational Rights and Privacy Act.

Student Appearance 1

A student's appearance, including dress and hygiene, must not disrupt the educational process or compromise standards of health and safety. The District does not prohibit hairstyles historically associated with race, ethnicity, or hair texture, including, but not limited to, protective hairstyles such as braids, locks, and twists.² The District also does not prohibit the right of a student to wear or accessorize the student's graduation attire with items associated with the student's cultural, ethnic, or religious identity or other characteristic or category protected under the III. Human Rights Act, 775

The footnotes are not intended to be part of the adopted policy; they should be removed before the policy is adopted.

¹ Required by 105 ILCS 5/10-22.25b, amended by P.A.s 102-360 and 103-463, for recognition under 105 ILCS 5/2-3.25. For districts to receive recognition from the III. State Board of Education (ISBE), they must provide assurances of compliance with the *Jett Hawkins Law* (hairstyles) and P.A. 103-463 addressing graduation attire; this policy's second and third sentences do that. III. State Board of Education (ISBE) resources on the *Jett Hawkins Law* are available at: www.isbe.net/jetthawkinslaw. ISBE will have resource materials on P.A. 103-463 at its website by 7-1-24. State or federal law also controls this policy's content.

105 ILCS 5/10-22.25b, amended by P.A.s 102-360 and 103-463, specifically authorizes a school board to adopt a school uniform or dress code policy. There are hundreds of decisions on dress codes and uniform policies, making it imperative that a board contact its attorney for assistance in applying the law to specific fact situations.

Generally, if a student's dress has sufficient communicative content, it will warrant First Amendment protection. If protected, a school's ability to regulate the dress will be analyzed according to <u>Tinker v. Des Moines Indep. Sch. Dist.</u>, 393 U.S. 503 (1969) – it may be regulated only if it would substantially disrupt school operations or interfere with the right of others. In <u>Brandt v. Bd. of Educ. of City of Chicago</u>, 420 F.Supp.2d 921 (N.D.III. 2006), *earlier decision*, 326 F.Supp.2d 916 (N.D.III., 2004), an Illinois federal court upheld a school's authority to punish students for wearing t-shirts portraying a one-handed boy; the court said: "A school need not tolerate student speech that is inconsistent with the school's basic educational mission even though the First Amendment would protect similar speech or expressive conduct outside of the school setting. This holding is suspect after the Seventh Circuit decision in <u>Zamecnik v. Indian Prairie Sch. Dist. #204</u>, 636 F.3d 874 (7th Cir. 2011). There the court held that the school district violated students' free speech rights by forbidding them from wearing during school hours a T-shirt saying "Be Happy, Not Gay."

A school may regulate student dress that does not have sufficient communicative content to receive free speech protection, provided the regulation is not arbitrary or excessive. Although many courts have ruled similarly with respect to grooming, e.g., hair length, and non-earring piercings, the Seventh Circuit, the federal appellate court that governs Illinois, has struck down school regulations governing hair length and earrings (See Breen v. Kahl, 419 F.2d 1034 (7th Cir. 1969); Crews v. Cloncs, 432 F.2d 1259 (7th Cir. 1970) (exclusion of long-haired student from class constituted denial of equal protection to male students); Arnold v. Carpenter, 459 F.2d 939 (7th Cir. 1972); Holsapple v. Woods, 500 F.2d 49 (7th Cir. 1974) (limitation of ruling recognized by Hayden ex rel. v. Greensburg Cmty. Sch. Corp., 743 F.3d 569 (7th Cir. 2014) (recognizing school's right to set policy); Olesen by Olesen v. Bd. of Educ. Dist. 228, 676 F.Supp. 820, 822 (N.D.III.1987) (male students have a liberty interest in wearing an earring to school). But see Blau v. Fort Thomas Public Sch. Dist., 401 F.3d 381 (6th Cir. 2005) (upheld a Kentucky middle school's student dress code that prohibited visible body piercing other than ears). A school's uniform policy was upheld in Alwood v. Clark and Belleville Twp. High Sch. Dist. 201, 2005 WL 2001317 (S.D.III. 2005).

² For boards that want to expand upon the law's requirement of race, ethnicity, or hair texture, amend this sentence as follows:

"The District does not prohibit hairstyles or hair textures historically associated with race, ethnicity, or hair texture, or any other protected classes under Board policy 7:10, Equal Educational Opportunities, including, but not limited to, protective hairstyles such as braids, locks, and twists."

If the board chooses this expansion and also uses policy 7:165, *School Uniforms*, ensure that this option aligns with the option in 7:165's f/n 10.

School Uniforms 1

Students are encouraged to wear school uniforms to school on all school attendance days, in order to maintain and promote orderly school functions, student safety, and a positive learning environment.² The Building Principal is authorized to designate days on which this uniform policy is relaxed.³

The Superintendent or designee shall designate a school-wide uniform after receiving input from school staff members, parents, and interested community members.⁴ Students may: ⁵

- 1. Display religious messages on items of clothing to the same extent they are permitted to display other messages;
- 2. Wear attire that is part of the student's religious practice;
- 3. Wear or display expressive items, such as a button, as long as such items do not contribute to disruption by substantially interfering with discipline or with the rights of others;⁶ and

The footnotes are not intended to be part of the adopted policy; they should be removed before the policy is adopted.

Page 1 of 3

¹ State or federal law controls this policy's content. This policy concerns an area in which the law is unsettled. Boards may adopt a school uniform policy, provided it is "necessary to maintain the orderly process of a school function or prevent endangerment of student health or safety." 105 ILCS 5/10-22.25b, amended by P.A.s 102-360 (*Jett Hawkins Law*) and P.A. 103-463 (graduation attire).

² Alternatively, the board may designate certain individual attendance centers.

A voluntary school uniform policy permits students to freely choose whether and under what circumstances they will wear the uniform. A voluntary policy allows the district to gauge parental support—something that is vital to the policy's success. In addition, a voluntary policy does not implicate the First Amendment.

Boards may adopt a mandatory uniform policy, with or without an *opt-out* provision. An opt-out provision allows a student to be excused from the policy because of an objection from a parent/guardian based on cultural, religious, or other reasons. While the constitutionality of a mandatory uniform policy is disputed, the inclusion of an opt-out provision reduces vulnerability to constitutional attack. For districts desiring a mandatory uniform policy, substitute this provision for the first sentence (eliminate the 2nd sentence if no opt-out provision is wanted):

Students are required to wear school uniforms to school on all attendance days, unless otherwise indicated by the Building Principal, in order to maintain and promote orderly school functions, student safety, and a positive learning environment. This policy will be waived for any student whose parent/guardian provides the Board with a signed statement detailing the grounds for their objection.

³ Optional; eliminate this sentence if the board wants to enforce the policy every day.

⁴ Boards may allow each school to designate its own uniform or designate a district-wide uniform, as the following alternative provides:

The Superintendent or designee shall designate a district-wide uniform after receiving input from school staff members, parents, and interested community members.

⁵ A uniform policy must accommodate students whose religious beliefs are substantially burdened by a uniform requirement. Religious messages may not be singled out for suppression; they must be subject to the same rules as generally apply to other messages. For more information, see U.S. Dept. of Education's publication:

4. Wear the uniform of a nationally recognized youth organization such as Boy Scouts or Girl Scouts on regular meeting days.

No student shall be denied attendance at school, penalized, or otherwise subject to compliance measures for failing to wear a uniform because of:

- 1. Personal choice; ⁷
- 2. Insufficient time in which to comply with this policy; 8
- 3. Financial hardship; 9
- 4. Hairstyles, including hairstyles historically associated with race, ethnicity, or hair texture, including, but not limited to, protective hairstyles such as braids, locks, and twists; 10
- 5. Graduation attire or accessories to graduation attire associated with the student's cultural, ethnic, or religious identity or other characteristic or category protected under the Ill. Human Rights Act, 775 ILCS 5/1-103(Q);¹¹ or
- 6. Religious objection by the student's parent/guardian to the student's compliance with this policy or the applicable uniform, if they have provided the Superintendent with a signed statement detailing their objection. 12

Any student eligible for reduced or free lunches, or for a waiver of student fees, is eligible for financial assistance toward the purchase of school uniforms. The Superintendent or designee shall develop a process for informing parents/guardians of the availability of financial assistance and a method to process financial requests. ¹³

The footnotes are not intended to be part of the adopted policy; they should be removed before the policy is adopted.

⁶ In 1969, the U.S. Supreme Court recognized that students enjoy First Amendment free speech rights in school but that schools have the authority to limit student speech that might reasonably be predicted to cause a material and substantial disruption or invasion of the rights of others. Tinker v. Des Moines Indep. Sch. Dist., 393 U.S. 503 (1969). The manner in which this ruling applies to uniform policies is still unsettled. See DePinto v. Bayonne Bd. of Ed., 514 F.Supp.2d 633 (D. N.J. 2007) (a school district was enjoined from disciplining elementary students who wore a button protesting the district's mandatory uniform policy). However, many decisions have upheld a compulsory uniform policy. See Blau v. Ft. Thomas Public Sch. Dist., 401 F.3d 381 (6th Cir. 2005); Canady v. Bossier Parish Sch. Bd., 240 F. 3d 437 (5th Cir 2001); Littlefield v. Forney Sch. Dist., 268 F.3d 275 (5th Cir. 2001); Jacobs v. Clark Cnty. Sch. Dist., 373 F.Supp.2d 1162 (D. Nev. 2005); Phoenix Elementary Sch. Dist. v. Green, 943 P. 2d 836 (Az.Ct. App. 1997); Vines v. Zion Sch. Dist., 2002 WL 58815 (N.D.III. 2002); Alwood v. Clark, 2005 WL 2001317 (S.D.III. 2005); Bear v. Fleming, 714 F.Supp.2d 972 (W.D. S.D. 2010) (requiring students to wear a cap and gown while receiving their diplomas is reasonably related to the school board's legitimate interest in maintaining order). Before adopting a uniform policy, a board should discuss this issue with its attorney.

⁷ Omit *personal choice* if the district has a mandatory uniform policy.

¹⁵ The following alternative takes the board into operational matters but it ensures that the nuts and bolts issues will be covered by administration:

The Superintendent or designee shall develop incentives and positive reinforcement measures to encourage full compliance and shall communicate information to students and parents/guardians concerning:

^{1.} The uniform's description and its availability;

^{2.} The requirements for jackets and outer garments;

^{3.} Optional articles of attire, if any;

^{4.} Compliance measures;

^{5.} Methods to facilitate recycling of uniforms within the school community; and

^{6.} Notice of uniform sales and lists of competitive prices from vendors of uniform articles.

Student Behavior 1

The goals and objectives of this policy are to provide effective discipline practices that: (1) ensure the safety and dignity of students and staff; (2) maintain a positive, weapons-free, and drug-free learning environment; (3) keep school property and the property of others secure; (4) address the causes of a student's misbehavior and provide opportunities for all individuals involved in an incident to participate in its resolution; and (5) teach students positive behavioral skills to become independent, self-disciplined citizens in the school community and society. ²

The footnotes are not intended to be part of the adopted policy; they should be removed before the policy is adopted.

¹ All districts must have a policy on student discipline, including school searches and bullying prevention (105 ILCS 5/10-20.14); re-engagement of students returning from an exclusionary discipline or an alternative school (105 ILCS 5/10-22.6(b-25)); and corporal punishment (105 ILCS 5/24-24). See also 23 Ill.Admin.Code §1.280. See the Cross References for policies on searches and bullying. Each district must furnish a copy of the discipline policy to parents/guardians within 15 days after the beginning of the school year, or within 15 days after starting classes for a student who transfers into the district. 105 ILCS 5/10-20.14(a). The school board must require that each school inform its pupils of the discipline policy's contents. Id.

School boards, along with the parent-teacher advisory committee, must annually review their pupil discipline policies, those policies' implementation, and any other factors related to the safety of their schools, students, and staff. Id. For more information about the parent-teacher advisory committee, see 2:150, Committees. The parent-teacher advisory committee, in cooperation with local law enforcement agencies, must develop, with the school board, a reciprocal reporting system. 105 ILCS 5/10-20.14(b). See 7:190-AP3, Guidelines for Reciprocal Reporting of Criminal Offenses Committed by Students. School districts are encouraged to create memoranda of understanding that define law enforcement's role in schools. See 7:190-E3, Memorandum of Understanding.

Given the unique concerns facing school officials, school disciplinary codes are not required to be drafted as narrowly or with the same precision as criminal statutes. <u>Bethel Sch. Dist. v. Fraser</u>, 478 U.S. 675 (1986).

² The goals and objectives in this policy give the board a focus for monitoring it. This list can be deleted, replaced, or modified by the board. Data on student discipline is available at: www.isbe.net/Pages/Expulsions-Suspensions-and-Truants-by-District.aspx.

When and Where Conduct Rules Apply 3

A student is subject to disciplinary action for engaging in prohibited student conduct, as described in the section with that name below, whenever the student's conduct is reasonably related to school or school activities, including, but not limited to:

- 1. On, or within sight of, school grounds before, during, or after school hours or at any time;
- 2. Off school grounds at a school-sponsored activity or event, or any activity or event that bears a reasonable relationship to school;
- 3. Traveling to or from school or a school activity, function, or event; or
- 4. Anywhere, if the conduct interferes with, disrupts, or adversely affects the school environment, school operations, or an educational function, including, but not limited to, conduct that may reasonably be considered to: (a) be a threat or an attempted intimidation of a staff member; or (b) endanger the health or safety of students, staff, or school property. ⁴

Prohibited Student Conduct 5

The school administration is authorized to discipline students for gross disobedience or misconduct, including but not limited to:

The footnotes are not intended to be part of the adopted policy; they should be removed before the policy is adopted.

³ Board policy should provide a jurisdictional statement telling students and staff the circumstances under which the district will take disciplinary action. Jurisdictional rules in board policy should generally be as broad as possible to give staff members authority to respond to unforeseen situations. Taking jurisdiction over off-campus misconduct generally survives the test of reasonableness when the misconduct has a direct nexus to the school. A countervailing interest concerns liability for off-campus student injuries, i.e., the greater the jurisdiction a district is willing to impose, the greater the scope of liability it may be assuming. Ultimately, a decision whether to discipline for off-campus misconduct requires a thorough factual inquiry to determine the degree of nexus and impact on the school. Consult the board attorney in these situations.

A U.S. Supreme Court decision and many lower court decisions address disciplining a student for off-campus misconduct. See Mahanoy Area Sch. Dist. v. B.L., 141 S.Ct. 2038 (2021), discussed in f/n 3 of sample policy 7:240, Conduct Code for Participants in Extracurricular Activities; and J.S. v. Blue Mountain Sch. Dist., 650 F.3d 915 (3rd Cir. 2011), combined with Layshock v. Hermitage Sch. Dist., 650 F.3d 205 (3d Cir. 2011), cert. denied 565 U.S. 1156 (2012)(absent evidence that parodies of school personnel caused, or could cause, substantial disruption, school districts may not punish out-of-school expressive conduct, even if it is lewd, indecent, or offensive speech).

In contrast, the 7th Circuit Court of Appeals upheld a student's expulsion for an article in an underground newspaper titled "So You Want to be a Hacker." The article's instructions for hacking into the school's computers clearly interfered with the school's operations. Boucher v. Sch. Bd. of the Sch. Dist. of Greenfield, 134 F.3d 821 (7th Cir. 1998). See also Wisniewski v. Bd. of Educ. of the Weedsport Central Sch. Dist., 494 F.3d 34 (2nd Cir. 2007), cert. denied 552 U.S. 1296 (2008), (holding a student's transmission of an icon of a pistol with blood splattering and the words "Kill Mr. VanDer Molen" crossed the boundary of protected speech and posed a reasonably foreseeable risk that the icon would come to the attention of school authorities and materially and substantially disrupt the school).

Historically, schools have had more leeway in disciplining participants in athletics and extracurricular activities; however, the <u>Mahanoy</u> decision raises unresolved questions about the degree of leeway now afforded to school officials. See sample policy 7:240, *Conduct Code for Participants in Extracurricular Activities* at f/n 3 for further discussion.

A judge may transfer a student to another school for committing stalking or non-consensual sexual contact against another student, or for aiding and abetting such an act; the parents/guardians are responsible for transportation and other costs associated with the transfer. Stalking No Contact Order Act and the Civil No Contact Order Act, 740 ILCS 21/80 and 22/213. A school district is seldom notified when a transfer order is requested. When notified, school officials should immediately seek the board attorney's advice concerning available options.

⁴ The factual context will determine the appropriateness of taking jurisdiction. Contact the board attorney before disciplining a student for off-campus conduct. See <u>Doe v. Superintendent of Schs. of Stoughton</u>, 767 N.E.2d 1054 (Mass. 2002)(suspension for off-campus commission of a felony was upheld).

5 Consult the board attorney for advice on deleting or modifying any of the items in this section on prohibited student conduct.

- 1. Using, possessing, distributing, purchasing, or selling tobacco or nicotine materials, including without limitation, electronic cigarettes. ⁶
- 2. Using, possessing, distributing, purchasing, or selling alcoholic beverages. Students who are under the influence of an alcoholic beverage are not permitted to attend school or school functions and are treated as though they had alcohol in their possession.
- 3. Using, possessing, distributing, purchasing, selling, or offering for sale:
 - a. Any illegal drug or controlled substance, or cannabis (including marijuana, hashish, and medical cannabis unless the student is authorized to be administered a medical cannabis infused product under *Ashley's Law*). 8
 - b. Any anabolic steroid unless it is being administered in accordance with a physician's or licensed practitioner's prescription. ⁹
 - c. Any performance-enhancing substance on the Illinois High School Association's most current banned substance list unless administered in accordance with a physician's or licensed practitioner's prescription. ¹⁰
 - d. Any prescription drug when not prescribed for the student by a physician or licensed practitioner, or when used in a manner inconsistent with the prescription or prescribing physician's or licensed practitioner's instructions. The use or possession of medical cannabis, even by a student for whom medical cannabis has been prescribed, is prohibited

The U.S. Food and Drug Administration now regulates electronic cigarettes. 21 C.F.R. Parts 1100, 1140, and 1143. An electronic or e-cigarette resembles a regular cigarette and contains a battery-operated heating element that turns a liquid into a mist for inhaling. The liquid may contain nicotine. E-cigarettes are sometimes referred to as e-cigs, vapes, e-hookahs, vape pens, and electronic nicotine delivery systems (ENDS), and they are generally involved in *vaping*. - unless the student is authorized to be administered a medical cannabis infused product under Ashley's Law. ¹¹
- e. Any inhalant, regardless of whether it contains an illegal drug or controlled substance: (a) that a student believes is, or represents to be capable of, causing intoxication, hallucination, excitement, or dulling of the brain or nervous system; or (b) about which the student engaged in behavior that would lead a reasonable person to believe that the student intended the inhalant to cause intoxication, hallucination, excitement, or dulling of the brain or nervous system. The prohibition in this section does not apply to a student's use of asthma or other legally prescribed inhalant medications.
- f. Any substance inhaled, injected, smoked, consumed, or otherwise ingested or absorbed with the intention of causing a physiological or psychological change in the body, including without limitation, pure caffeine in tablet or powdered form. ¹²
- g. Look-alike or counterfeit drugs, including a substance that is not prohibited by this policy, but one: (a) that a student believes to be, or represents to be, an illegal drug, controlled substance, or other substance that is prohibited by this policy; or (b) about which a student engaged in behavior that would lead a reasonable person to believe that the student expressly or impliedly represented to be an illegal drug, controlled substance, or other substance that is prohibited by this policy. ¹³

 $^{^{11}}$ To legally use medical cannabis, an individual must first become a registered qualifying patient. The use of cannabis by a registered qualifying patient is permitted only in accordance with the Compassionate Use of Medical Cannabis Program. 410 ILCS 130/. There are many situations in which no one, even a registered qualifying patient, may possess or use cannabis. This includes in a school bus or on the grounds of any preschool, or primary or secondary school unless the student meets the requirements of 105 ILCS 5/22-33, a/k/a Ashley's Law. 410 ILCS 130/30(a)(2) and (3). Ashley's Law provides that school districts "shall authorize a parent or guardian or any other individual registered with the Department of Public Health as a designated caregiver of a student who is a registered qualifying patient to administer a medical cannabis infused product to the student on the premises of the child's school or on the child's school bus if both the student (as a registered qualifying patient) and the parent or guardian or other individual (as a registered designated caregiver) have been issued registry identification cards under the Compassionate Use of Medical Cannabis Program Act." 105 ILCS 5/22-33(b). Once the product is administered, the designated caregiver must remove the product from the school premises/bus. Id. 105 ILCS 5/22-33(b-5) allows a properly trained school nurse or administrator to administer medical cannabis infused products to a student while at school, a school-sponsored activity, or before/after normal school activities, including while the student is in before-school or after-school care on school-operated property or while being transported on a school bus. The product may not be administered in a manner that would (in the school or district's opinion) create a disruption or expose other students to the product, and schools are not required to authorize use of the product if the school or district would lose federal funding as a result. 105 ILCS 5/22-33(c). For more information, see f/ns 21-31 in sample policy 7:270, Administering Medicines to Students. Contact the board attorney for advice concerning medical cannabis, including whether a federal or State law requires the district to accommodate a student who is a registered qualifying patient. ¹² The Powdered Caffeine Control and Education Act states: "No person may sell, offer for sale, give away, or provide free samples of powdered pure caffeine to any person under age 18 located within the State or to any person under age 18 making the purchase from within the State." A limited exception to this prohibition exists for "the sale of any powdered pure caffeine product that receives explicit approval as safe and effective for its intended use under the federal Food, Drug, and Cosmetic Act or is lawfully marketed under an over-the-counter monograph issued by the United States Food and Drug Administration." 410 ILCS 647/20.

¹³ Counterfeit and look-alike substances are defined in 720 ILCS 570/102(g) and (y). This provision is broader because it would apply, for example, if a student represents a powdered vitamin to be pure caffeine – pure caffeine is prohibited on campus even though it is a legal substance. Look-alike drugs should be defined; an unpublished III. appellate decision in 2000 found a policy prohibiting possession of look-alikes had vagueness problems.

h. Drug paraphernalia, including devices that are or can be used to: (a) ingest, inhale, or inject cannabis or controlled substances into the body; and (b) grow, process, store, or conceal cannabis or controlled substances. ¹⁴
 Students who are under the influence of any prohibited substance are not permitted to

attend school or school functions and are treated as though they had the prohibited substance, as applicable, in their possession.

- 4. Using, possessing, controlling, or transferring a *weapon* as that term is defined in the **Weapons** section of this policy, or violating the **Weapons** section of this policy. ¹⁵
- 5. Using or possessing an electronic paging device. Using a cellular telephone, video recording device, personal digital assistant (PDA), or other electronic device in any manner that disrupts the educational environment or violates the rights of others, including using the device to take photographs in locker rooms or bathrooms, cheat, or otherwise violate student conduct rules. Prohibited conduct specifically includes, without limitation, creating, sending, sharing, viewing, receiving, or possessing an indecent visual depiction of oneself or another person through the use of a computer, electronic communication device, or cellular phone. Unless otherwise banned under this policy or by the Building Principal, all electronic devices must be kept powered-off or silenced and out-of-sight¹⁶ during the regular school day unless: (a) the supervising teacher grants permission; (b) use of the device is provided in a student's individualized education program (IEP); (c) it is used during the student's lunch period, or (d) it is needed in an emergency that threatens the safety of students, staff, or other individuals.¹⁷
- 6. Using or possessing a laser pointer unless under a staff member's direct supervision and in the context of instruction.
- 7. Disobeying rules of student conduct or directives from staff members or school officials. Examples of disobeying staff directives include refusing a District staff member's request to stop, present school identification, or submit to a search.
- 8. Engaging in academic dishonesty, including cheating, intentionally plagiarizing, using a writing service and/or generative artificial intelligence technology in place of original work

¹⁴ Drug paraphernalia is defined in 720 ILCS 600/2(d). Contact the board attorney for advice concerning a student who is a registered qualifying patient, as explained in f/n 11.

¹⁵ This language is broader than the **Weapons** section of this policy. The **Weapons** section contains the statutorily required punishment for "a student who is determined to have brought" a weapon to school along with the statutory definition of *weapon*. 105 ILCS 5/10-22.6(d). The language in item #4 is broader because it prohibits "using, possessing, controlling, or transferring" a weapon in addition to violating the **Weapons** section. See the footnotes in the **Weapons** section for a discussion of the Firearm Concealed Carry Act's provisions.

¹⁶ Delete "and out-of-sight" if the district wants to provide greater flexibility.

^{17 105} ILCS 5/10-21.10 prohibits student possession of electronic paging devices, but State law leaves to local boards the discretion whether to prohibit student possession of cellular phones. 105 ILCS 5/10-20.28. The misuse of camera phones can seriously invade a student's privacy. A board wanting a sweeping prohibition may use the following alternative for item #5:

Using or possessing a cellular telephone, electronic signaling device, two-way radio, video recording device, and/or other telecommunication device, unless authorized and approved by the Building Principal.

Operating transmitters designed to jam or block wireless communications violates the federal Communications Act of 1934. 47 U.S.C. §§301, 302a, and 333. Fines are as high as \$10,000 for each violation and/or imprisonment, and the device may also be seized. 47 U.S.C. §§501-510.

Making a video recording or live video transmission of another person without their consent in a restroom, locker room, or changing room is a Class 4 felony. 720 ILCS 5/26-4. A minor who distributes or disseminates an indecent visual depiction of another minor through the use of a computer or electronic communication device may be subject to adjudication as a minor in need of supervision. 705 ILCS 405/3-40.

- unless specifically authorized by staff, ¹⁸ wrongfully giving or receiving help during an academic examination, altering report cards, and wrongfully obtaining test copies or scores.
- 9. Engaging in hazing or any kind of bullying or aggressive behavior that does physical or psychological harm to a staff person or another student, or urging other students to engage in such conduct. Prohibited conduct specifically includes, without limitation, any use of violence, intimidation, force, noise, coercion, threats, stalking, harassment, sexual harassment, public humiliation, theft or destruction of property, retaliation, hazing, bullying, bullying using a school computer or a school computer network, or other comparable conduct. ¹⁹
- 10. Engaging in any sexual activity, including without limitation, offensive touching, sexual harassment, indecent exposure (including mooning), and sexual assault. This does not include the non-disruptive: (a) expression of gender or sexual orientation or preference, or (b) display of affection during non-instructional time.
- 11. Teen dating violence, as described in Board policy 7:185, Teen Dating Violence Prohibited.²⁰
- 12. Causing or attempting to cause damage to, or stealing or attempting to steal, school property or another person's personal property. ²¹

¹⁸ Optional. Generative artificial intelligence (AI) is a broad label used to describe any AI system that generates, with varying levels of autonomy, content such as complex text, images, audio, or video. When not used for academic dishonesty purposes, generative AI tools may present innovative learning opportunities for students and teaching opportunities for educators. For further information, see the International Society for Technology in Education webpage on AI exploration for educators at: www.iste.org/areas-of-focus/AI-in-education.

¹⁹ All districts must have a policy on bullying. 105 ILCS 5/27-23.7(d), amended by P.A. 103-47. Sample policy 7:180, Prevention of and Response to Bullying, Intimidation, and Harassment, contains the statutory definition of bullying. Districts must also have an age-appropriate policy on sexual harassment. 105 ILCS 5/10-20.69. See sample policy 7:20, Harassment of Students Prohibited, and its f/n 7 for further detail.

¹⁰⁵ ILCS 5/10-20.14 requires boards, in consultation with their parent-teacher advisory committees and other community-based organizations, to include provisions in their student discipline policy to address aggressive behavior, including bullying. These provisions must include procedures for notifying a student's parents/guardians about his/her aggressive behavior and early intervention procedures based upon available community-based and district resources. See 7:190-E1, Aggressive Behavior Reporting Letter and Form.

Suspending students for hazing was upheld in <u>Gendelman v. Glenbrook North High Sch. and Northfield Twp. Sch.</u> <u>Dist.</u> 225, 2003 WL 21209880 (N.D.III. 2003). This decision may have been legislatively overturned by amending 105 ILCS 5/10-20.14.

The failure of a school official (including any administrator, teacher, counselor, support staff, or coach) to report hazing is a Class B misdemeanor. 720 ILCS 5/12C-50.1.

A person commits a felony hate crime when, by reason of the actual or perceived race, color, creed, religion, ancestry, gender, sexual orientation, physical or mental disability, or national origin of another individual or group of individuals, regardless of the existence of any other motivating factor or factors, he or she commits assault, battery, aggravated assault, intimidation, stalking, cyberstalking, misdemeanor theft, criminal trespass to residence, misdemeanor criminal damage to property, criminal trespass to vehicle, criminal trespass to real property, mob action, disorderly conduct, transmission of obscene message, harassment by telephone, or harassment through electronic communications as these crimes are defined in the Criminal Code. 720 ILCS 5/12-7.1. The penalty is heightened when the offense is committed in a school or administrative facility.

⁷²⁰ ILCS 5/26-1(a)(3.5) and (b) make transmitting a threat of violence, death, or bodily harm directed against persons at a school, school function, or school event, whether or not school is in session, or causing such a threat to be transmitted, a Class 4 felony.

²⁰ All school boards must have a policy on prohibited teen dating violence. 105 ILCS 110/3.10. Verify that the board adopted the policy listed and amend its title in this policy, if necessary.

²¹ 720 ILCS 5/26-1(a)(3.5) and (b) make threatening to destroy a school building or school property, whether or not school is in session, or causing such a threat to be transmitted, a Class 4 felony.

- 13. Entering school property or a school facility without proper authorization.
- 14. In the absence of a reasonable belief that an emergency exists, calling emergency responders (such as calling 911); signaling or setting off alarms or signals indicating the presence of an emergency; or indicating the presence of a bomb or explosive device on school grounds, school bus, or at any school activity.
- 15. Being absent without a recognized excuse; State law and School Board policy regarding truancy control will be used with chronic and habitual truants. ²²
- 16. Being involved with any public school fraternity, sorority, or secret society, by: (a) being a member; (b) promising to join; (c) pledging to become a member; or (d) soliciting any other person to join, promise to join, or be pledged to become a member. ²³
- 17. Being involved in gangs or gang-related activities, including displaying gang symbols or paraphernalia. ²⁴
- 18. Violating any criminal law, including but not limited to, assault, battery, arson, theft, gambling, eavesdropping, vandalism, and hazing.
- 19. Making an explicit threat on an Internet website against a school employee, a student, or any school-related personnel if the Internet website through which the threat was made is a site that was accessible within the school at the time the threat was made or was available to third parties who worked or studied within the school grounds at the time the threat was made, and the threat could be reasonably interpreted as threatening to the safety and security of the threatened individual because of his or her duties or employment status or status as a student inside the school. ²⁵
- 20. Operating an unmanned aircraft system (UAS) or drone for any purpose on school grounds or at any school event unless granted permission by the Superintendent or designee. ²⁶
- 21. Engaging in any activity, on or off campus, that interferes with, disrupts, or adversely affects the school environment, school operations, or an educational function, including but not limited to, conduct that may reasonably be considered to: (a) be a threat or an attempted intimidation of a staff member; or (b) endanger the health or safety of students, staff, or school property. ²⁷

²³ State law requires schools to suspend or expel any student who engages in this activity. 105 ILCS 5/31-3.

²⁴ See <u>Kelly v. Bd. of Educ. of McHenry Cmty. High Sch. Dist. 156</u>, 2007 WL 114300 (N.D.III. 2007) (upheld student's expulsion for drawing gang symbols while at school; testimony that the danger posed by gang signs and the presence of gangs at school supported the board's insistence on strict enforcement of board policy prohibiting gang related behavior and made expulsion a proper remedy).

⁷⁴⁰ ILCS 147/15 et seq. allows a school district to bring a civil suit against a gang, gang officers, or gang members for losses it suffers due to their criminal activity.

²⁵ This statement of misconduct restates 105 ILCS 5/10-22.6(d-5). The following alternative provides a shorter statement but will require the administrator to check the statute before imposing discipline based on it:

Making an explicit threat on an Internet website against a school, employee, or any school-related personnel under circumstances described in 105 ILCS 5/10-22.6(d-5).

²⁷ A catchall provision, e.g., this one, gives staff members authority to respond to unforeseen situations.

If the board adopts a mandatory uniform policy (see sample policy 7:165, *School Uniforms*), add the following item to the list as number 22: "Failing to comply with the mandatory uniform policy, but only after repeated attempts to secure compliance, such as conferences with parents/guardians, have been unsuccessful."

For purposes of this policy, the term possession includes having control, custody, or care, currently or in the past, of an object or substance, including situations in which the item is: (a) on the student's person; (b) contained in another item belonging to, or under the control of, the student, such as in the student's clothing, backpack, or automobile; (c) in a school's student locker, desk, or other school property; or (d) at any location on school property or at a school-sponsored event. ²⁸

Efforts, including the use of positive interventions and supports, shall be made to deter students, while at school or a school-related event, from engaging in aggressive behavior that may reasonably produce physical or psychological harm to someone else. The Superintendent or designee shall ensure that the parent/guardian of a student who engages in aggressive behavior is notified of the incident.²⁹ The failure to provide such notification does not limit the Board's authority to impose discipline, including suspension or expulsion, for such behavior.

No disciplinary action shall be taken against any student that is based totally or in part on the refusal of the student's parent/guardian to administer or consent to the administration of psychotropic or psychostimulant medication to the student. ³⁰

Disciplinary Measures 31

School officials shall limit the number and duration of expulsions and out-of-school suspensions to the greatest extent practicable, and, where practicable and reasonable, shall consider forms of non-exclusionary discipline before using out-of-school suspensions or expulsions.³² School personnel shall not advise or encourage students to drop out voluntarily due to behavioral or academic difficulties.³³ Potential disciplinary measures include, without limitation, any of the following: ³⁴

²⁸ Possession should be defined to avoid vagueness problems.

²⁹ See f/n 19.

³⁰ Mandated by 105 ILCS 5/10-20.36.

³¹ IMPORTANT: The practice of suspending or expelling a student based on the number of accumulated disciplinary infractions is illegal under 105 ILCS 5/10-22.6. This includes a system of assigning points to specific infractions and then tallying the points a student receives over a period of time to determine a disciplinary exclusion from school.

Before amendments to 105 ILCS 5/10-22.6, courts used the following factors to determine if a board abused its discretion when it expelled a student: (1) the egregiousness of the student's conduct; (2) the record of the student's past conduct; (3) the likelihood that such conduct will affect the delivery of educational services to other students; (4) the severity of the punishment; and (5) the intent of the child. Robinson v. Oak Park, 213 Ill.App.3d 77 (1st Dist. 1991); Wilson ex rel. Geiger v. Hinsdale Elementary Dist., 349 Ill.App.3d 243 (2nd Dist. 2004). Whether courts will continue to use these factors is yet to be determined. The amendments to 105 ILCS 5/10-22.6 call into question the validity of relying on past misconduct in suspension or expulsion decisions.

Aside from procedural due process protection, students have a constitutional substantive due process right. This right protects them from an abuse of government power which "shocks the conscience." While the scope of substantive due process is very limited, it is available to students who believe they were subject to arbitrary and excessive discipline. Generally, however, school officials need not fear being found guilty of a substantive due process violation. Federal courts are loath to second-guess school officials. See <u>Tun v. Whitticker</u>, 398 F.3d 899 (7th Cir. 2005) (expulsion did not amount to a substantive due process violation because it fell short of the required *shocks the conscience* standard).

^{32 105} ILCS 5/10-22.6(b-5). In addition, subsection c-5 states, "[s]chool districts must make reasonable efforts to provide ongoing professional development to teachers, administrators, school board members, school resource officers, and staff on the adverse consequences of school exclusion and justice-system involvement, effective classroom management strategies, culturally responsive discipline, the appropriate and available supportive services for the promotion of student attendance and engagement, and developmentally appropriate disciplinary methods that promote positive and healthy school climates." 105 ILCS 5/10-22.6(c-5).

- 2. Disciplinary conference.
- 3. Withholding of privileges.
- 4. Temporary removal from the classroom.
- 5. Return of property or restitution for lost, stolen, or damaged property. ³⁵
- 6. In-school suspension. The Building Principal or designee shall ensure that the student is properly supervised. ³⁶
- 7. After-school study or Saturday study³⁷ provided the student's parent/guardian has been notified. If transportation arrangements cannot be agreed upon, an alternative disciplinary measure must be used. The student must be supervised by the detaining teacher or the Building Principal or designee.
- 8. Community service with local public and nonprofit agencies that enhances community efforts to meet human, educational, environmental, or public safety needs.³⁸ The District will not provide transportation. School administration shall use this option only as an alternative to another disciplinary measure, giving the student and/or parent/guardian the choice.

³⁴ Most school attorneys advise against using a grade reduction as a disciplinary measure. A decision upholding such a policy is Knight v. Bd. of Educ., 38 Ill.App.3d 603 (4th Dist. 1976). A decision striking one is Smith v. Sch. City of Hobart, 811 F.Supp. 391 (N.D.Ind. 1993) (grade reduction policy requiring 9-week grades to be reduced 4% for each day of a suspension was found unconstitutional).

³⁵ While restitution is permitted, issuing a fine or fee as a disciplinary consequence is not permitted. 105 ILCS 5/10-22.6(i). Possible parental liability for damages under the Parental Responsibility Law (740 ILCS 115/5) is discussed in f/n 2 in sample policy 7:170, *Vandalism*.

³⁶ An in-school suspension program may focus on promoting non-violent conflict resolution and positive interaction with other students and school personnel, and districts may employ a school social worker or a licensed mental health professional to oversee in-school suspension programs. 105 ILCS 5/10-22.6(l). Providing programming during in-school suspensions is not required, however providing such programming will help distinguish them from exclusionary suspensions. See f/n 4 in sample policy 5:230, Maintaining Student Discipline, for further discussion of in-school suspension programs.

³⁷ Teachers may not be required to teach on Saturdays. 105 ILCS 5/24-2.

³⁸ See <u>Herndon v. Chapel Hill-Carrboro City Bd.</u>, 89 F.3d 174 (4th Cir. 1996) (upheld policy requiring students to complete community service in order to graduate).

³⁹ Consult the board attorney for advice concerning confiscated devices. There is no binding III. court decision regarding school personnel seizing and retaining a student's property. The Supreme Court of Arkansas held that a teacher and principal did not violate a student's state or federal rights when they confiscated and retained a student's cell phone for two weeks for violating school rules on cell phones. Koch v. Adams, 361 S.W.3d 817 (Ark. 2010).

⁴¹ A suspension may be imposed in only limited situations that vary according to the suspension's length. 105 ILCS 5/10-22.6(b-15). This is explained in sample board policy 7:200, Suspension Procedures, and its footnotes.

- who has been expelled may also be restricted from being on school grounds and at school activities.⁴⁴
- 13. Transfer to an alternative program if the student is expelled or otherwise qualifies for the transfer under State law. The transfer shall be in the manner provided in Article 13A or 13B of the School Code. ⁴⁵
- 14. Notifying juvenile authorities or other law enforcement whenever the conduct involves criminal activity, including but not limited to, illegal drugs (controlled substances), lookalikes, alcohol, or weapons or in other circumstances as authorized by the reciprocal reporting agreement between the District and local law enforcement agencies. 46

The above list of disciplinary measures is a range of options that will not always be applicable in every case. In some circumstances, it may not be possible to avoid suspending or expelling a student because behavioral interventions, other than a suspension and expulsion, will not be appropriate and

⁴³ An expulsion may be imposed in only limited situations. 105 ILCS 5/10-22.6(b-20). This is explained in sample policy 7:210, Expulsion Procedures, and its footnotes.

¹⁰⁵ ILCS 5/10-22.6(d) permits expulsion for a definite period of time not to exceed two calendar years. School officials must document whether other interventions were attempted or whether it was determined that there were no other appropriate and available interventions.

⁴⁴ This sentence is optional. A board may make this mandatory by replacing "may also be" with "shall also be."

^{45 105} ILCS 5/10-22.6(a) and (b). Subsection 10-22.6(b) uses the phrase "is suspended in excess of 20 school days" even though a 20-consecutive day suspension should be treated as an expulsion. Goss v. Lopez, 419 U.S. 565 (1975). An alternative program is probably available to a student who is suspended for 11 to 20 consecutive days because that student is technically expelled and, as such, qualifies under subsection (a) of Section 10-22.6. Contact the board attorney if the district wants to interpret the statute as referring to *cumulative* school days so that it can transfer a student to an alternative program upon his or her suspension in excess of 20 *cumulative* school days.

¹⁰⁵ ILCS 5/13A, amended by P.A. 103-473, a/k/a Safe Schools Law, governs the transfer of disruptive students, defined to include suspension- or expulsion-eligible students in grades 6-12, to an alternative school program. See sample administrative procedure 7:190-AP9, Administrative Transfer to Regional Safe School Program, and the Ill. State Board of Education (ISBE) regional safe schools program webpage at: www.isbe.net/Pages/Regional-Safe-Schools-Program.aspx.
105 ILCS 5/13B governs the transfer of students to an alternative learning opportunities program. See ISBE's alternative learning opportunities program webpage at: www.isbe.net/Pages/Special-Education-Alternative-Learning-Opportunities-Programs.aspx.

Contact the board attorney regarding the necessary due process procedures before imposing a disciplinary transfer to an alternative school. The court in <u>Leak v. Rich Twp. High Sch. Dist. 227</u> (397 Ill.Dec. 90 (1st Dist. 2015)), held that placement in an alternative school is tantamount to an expulsion. Thus, according to dicta in this decision, districts must follow expulsion procedures before a student is transferred to an alternative school. Schools may still reach agreements with parents/guardians to transfer students to such schools without completing the expulsion procedures.

The alternative program may not deny the transfer on the basis of the suspension or expulsion, except in cases in which the transfer is deemed to cause a threat to the safety of students or staff in the alternative program.

available, and the only reasonable and practical way to resolve the threat and/or address the disruption is a suspension or expulsion. ⁴⁷

Corporal punishment is prohibited. *Corporal punishment* is defined as slapping, paddling, or prolonged maintenance of students in physically painful positions, or intentional infliction of bodily harm. Corporal punishment does not include reasonable force as needed to maintain safety for students, staff, or other persons, or for the purpose of self-defense or defense of property. ⁴⁸

Isolated Time Out, Time Out, and Physical Restraint 49

Neither isolated time out, time out, nor physical restraint shall be used to discipline or punish a student. These methods are only authorized for use as permitted in 105 ILCS 5/10-20.33, State Board of Education rules (23 Ill.Admin.Code §§ 1.280, 1.285), and the District's procedure(s).

The footnotes are not intended to be part of the adopted policy; they should be removed before the policy is adopted.

Students enrolled in the District's State-funded preschool program(s) may be temporarily removed or transitioned to a new program in accordance with federal and State law. State law prohibits the expulsion of students from the program(s).

If this language is inserted, add 105 ILCS 5/2-3.71(a)(7) to the Legal References for this policy.

⁴⁷ Note: Districts that receive early childhood block grant funding (authorized by 105 ILCS 5/1C-2 of the School Code) are prohibited from expelling children from their early childhood programs. 105 ILCS 5/2-3.71(a)(7) and 105 ILCS 5/10-22.6(k). A district may, however, transition a child to a new program if: (1) it has documented evidence that all available interventions and supports recommended by a qualified professional have been exhausted; (2) the program determines that transitioning a child is necessary for the well-being of the child or his or her peers and staff; and (3) the current and pending programs create a transition plan for the child with parent or legal guardian permission. 105 ILCS 5/2-3.71(a)(7)(C). A district may temporarily remove a child from attendance in the group setting in the case of a serious safety threat to a child or others, or in the case of possession of a weapon as described in 105 ILCS 5/10-22.6(d), but it must then begin the process of documenting interventions and supports as outlined in the law. 105 ILCS 5/2-3.71(a)(7)(E). ISBE rules implementing these new requirements are at 23 III.Admin.Code §§ 235.300-235.340. For guidance on behavior support and transition plans, including links to ISBE Form 37-50A, Early Childhood Block Grant (ECBG) Program Transition Plan, and ISBE Form 37-50B, Early Childhood Block Grant (ECBG) Behavior Support Plan, see ISBE's Frequently Asked Questions: Behavior Support and Program Transition (March 2021) at: www.isbe.net/Documents/EC-FAQ-Behavior-Transition-Plan.pdf. Consult the board attorney for advice to ensure compliance with ISBE rules. Compliance with this law does not relieve a district of its obligations to also comply with the Individuals with Disabilities Education Improvement Act of 2004 when disciplining students with disabilities. For further information, see sample policy 7:230, Misconduct by Students with Disabilities. For districts that receive early childhood block grant funding, add the following:

⁴⁹ Isolated time out, time out, or physical restraint may be used by staff members only if their use is authorized by policy and administrative procedure. 105 ILCS 5/2-3.130 and 5/10-20.33, both amended by P.A. 102-339; 105 ILCS 5/24-24; 23 Ill.Admin.Code §§1.280(c) and 1.285. See 7:190-AP4, *Use of Isolated Time Out, Time Out, and Physical Restraint.*The sample policy allows the use of isolated time out, time out, and physical restraint pursuant only to the conditions allowed in the School Code and ISBE rules. State statute and ISBE rules contain complex restrictions on the use of isolated time out, time out, and physical restraint. 105 ILCS 5/2-3.130 and 5/10-20.33, both amended by P.A. 102-339; 105 ILCS 5/24-24; 23 Ill.Admin.Code §§1.280(c) and 1.285. According to the ISBE rule, isolated time out, time out, and physical restraints are allowed only if a board authorizes their use in a policy containing the numerous components identified in the rule. To comply with ISBE's rule, a board must also incorporate by reference the district's procedure, i.e., 7:190-AP4, *Use of Isolated Time Out, Time Out, and Physical Restraint*. By doing this, the policy includes the district's procedure. For a board that wants to prohibit the use of isolated time out, time out, and physical restraint (1) replace the contents of this subhead with "The district prohibits the use of isolated time out, time out, and physical restraint, as defined in 105 ILCS 5/10-20.33."; (2) amend the Legal References as follows "23 Ill.Admin.Code §§-1.280, 1.285," and (3) delete "Incorporated by Reference: 7:190-AP4 (Use of Isolated Time Out, Time Out, and Physical Restraint)."

Weapons 50

A student who is determined to have brought one of the following objects to school, any school-sponsored activity or event, or any activity or event that bears a reasonable relationship to school shall be expelled for a period of at least one calendar year but not more than two calendar years:

- 1. A *firearm*, meaning any gun, rifle, shotgun, or weapon as defined by Section 921 of Title 18 of the United States Code (18 U.S.C. § 921), firearm as defined in Section 1.1 of the Firearm Owners Identification Card Act (430 ILCS 65/), or firearm as defined in Section 24-1 of the Criminal Code of 2012 (720 ILCS 5/24-1).
- 2. A knife, brass knuckles, or other knuckle weapon regardless of its composition, a billy club, or any other object if used or attempted to be used to cause bodily harm, including *look-alikes* of any *firearm* as defined above.

The expulsion requirement under either paragraph one or two above may be modified by the Superintendent, and the Superintendent's determination may be modified by the Board on a case-by-case basis. The Superintendent or designee may grant an exception to this policy, upon the prior request of an adult supervisor, for students in theatre, cooking, ROTC, martial arts, and similar programs, whether or not school-sponsored, provided the item is not equipped, nor intended, to do bodily harm. ⁵¹

This policy's prohibitions concerning weapons apply regardless of whether: (1) a student is licensed to carry a concealed firearm, or (2) the Board permits visitors, who are licensed to carry a concealed firearm, to store a firearm in a locked vehicle in a school parking area. ⁵²

Re-Engagement of Returning Students 53

The Superintendent or designee shall maintain a process to facilitate the re-engagement of students who are returning from an out-of-school suspension, expulsion, or an alternative school setting. The goal of re-engagement shall be to support the student's ability to be successful in school following a

50 This section paraphrases 105 ILCS 5/10-22.6(d) and contains the statutorily required punishment for bringing a weapon to school along with the statutory definition of *weapon*. When preparing for a due process hearing, a principal needs to use the applicable State and federal law definitions of *firearm* – not just the School Code.

While subsection 105 ILCS 5/10-22.6(b-10) explicitly forbids zero tolerance policies, it provides an exception for those zero tolerance policies established by State or federal law, which includes weapons in school. Section 10-22.6(d) provides that a student who brings a weapon to school, as defined in the section, "shall be expelled for a period not less than one year," unless modified by the superintendent or board. The federal Gun-Free Schools Act (20 U.S.C. §7961 et seq.) provides for at least a one year expulsion for students who bring firearms to school. As directed by 20 U.S.C. §7961(b)(1), 105 ILCS 5/10-22.6(d), the superintendent and the board may modify that consequence; however, the superintendent/board may decline to exercise that discretion and instead impose the maximum penalty authorized by law. Analyzing the student's circumstances on a case-by-case basis may avoid a judicial finding that an expulsion is too severe. See Washington v. Smith, 248 III.App.3d 534 (1st Dist. 1993).

Item #4 in the **Prohibited Student Conduct** section is broader because it prohibits "using, possessing, controlling, or transferring" a weapon in addition to violating the **Weapons** section.

⁵¹ Optional.

⁵² The Firearm Concealed Carry Act permits a properly licensed individual to carry a concealed firearm within a vehicle into a school parking area and store it in a locked vehicle out of plain view. 430 ILCS 66/65(b). The federal Gun-Free Schools Act has a similar provision. 20 U.S.C. §7961(g). The School Code, however, contains no similar exception to the ban on firearms at schools. Contact the board attorney before permitting students to store their firearms in their vehicle's trunk while parked at school.

period of exclusionary discipline and shall include the opportunity for students who have been suspended to complete or make up work for equivalent academic credit. 54

Required Notices

A school staff member shall immediately notify the office of the Building Principal in the event that he or she: (1) observes any person in possession of a firearm on or around school grounds; however, such action may be delayed if immediate notice would endanger students under his or her supervision, (2) observes or has reason to suspect that any person on school grounds is or was involved in a drug-related incident, or (3) observes a battery committed against any staff member or is subject to a battery.⁵⁵ School grounds includes modes of transportation to school activities and any public way within 1000 feet of the school, as well as school property itself.

Upon receiving a report of (1), above, the Building Principal or designee shall immediately notify local law enforcement. In addition, upon receiving a report on any of the above (1)-(3), the Building Principal or designee shall notify the Superintendent or designee and any involved student's parent/guardian. ⁵⁶

Upon receiving a report on any of the above (1)-(3), the Superintendent or designee shall immediately notify local law enforcement. The Superintendent or designee shall also report incidents involving battery against staff members to the Ill. State Board of Education through its web-based School Incident Reporting System as they occur during the year and no later than August 1 for the preceding school year. ⁵⁷

Delegation of Authority

Each teacher, and any other school personnel when students are under his or her charge, is authorized to impose any disciplinary measure, other than suspension, expulsion, corporal punishment, or inschool suspension, that is appropriate and in accordance with the policies and rules on student discipline. Teachers, other certificated [licensed] educational employees, and other persons providing a related service for or with respect to a student, may use reasonable force as needed to maintain

⁵⁴ A goal for re-engagement is optional. Schools must permit students who were suspended to make-up work for equivalent academic credit. 105 ILCS 5/10-22.6(b-30).

^{55 105} ILCS 5/10-27.1A(a), 5/10-27.1B, and 5/10-21.7, amended by P.A. 102-894. *School grounds* includes the real property comprising any school, any conveyance used to transport students to school or a school-related activity, and any public way within 1,000 feet of any school ground.

⁵⁶ Id. State law imposes the duty to report firearm possession only on school officials; this duty may be also imposed on volunteers and community members. Only staff members, however, are vulnerable to committing a petty offense for their failure to report, and only staff members are protected from civil or criminal liability that might arise as a result of making a report (although the liability potential for anyone making a report is remote).

The building principal must notify the student's parent/guardian only when the alleged offense is firearm possession. 105 ILCS 5/27.1A(b). The policy expands this notification duty to include drug-related incidents and battery of a staff member; a board disinclined to do this should amend the second sentence as follows:

In addition, upon receiving a report on any of the above (1)-(3), the Building Principal or designee shall notify the Superintendent or designee and, if a student is reportedly in possession of a firearm, also any involved student's parent/guardian.

^{57 105} ILCS 5/10-27.1A(c), amended by P.A. 103-34, 5/10-27.1B(b), and 5/10-21.7, amended by P.A. 102-894. To satisfy the reporting requirement, ISBE created the School Incident Reporting System (SIRS), a web-based application on IWAS for schools to report incidents electronically. See subhead **J. Required Notices** of sample administrative procedure 4:170-AP1, *Comprehensive Safety and Security Plan*. Reporting on SIRS does not satisfy the requirement to report incidents to local law enforcement authorities.

safety for other students, school personnel, or other persons, or for the purpose of self-defense or defense of property. Teachers may temporarily remove students from a classroom for disruptive behavior. 58

The Superintendent, Building Principal, Assistant Building Principal, or Dean of Students is authorized to impose the same disciplinary measures as teachers and may suspend students guilty of gross disobedience or misconduct from school (including all school functions) and from riding the school bus, up to 10 consecutive school days, provided the appropriate procedures are followed.⁵⁹ The Board may suspend a student from riding the bus in excess of 10 school days for safety reasons.⁶⁰

Student Handbook 61

The Superintendent, with input from the parent-teacher advisory committee, 62 shall prepare disciplinary rules implementing the District's disciplinary policies. These disciplinary rules shall be presented annually to the Board for its review and approval.

A student handbook, including the District disciplinary policies and rules, shall be distributed to the students' parents/guardians within 15 days of the beginning of the school year or a student's enrollment.

The footnotes are not intended to be part of the adopted policy; they should be removed before the policy is adopted.

^{58 105} ILCS 5/24-24 and 23 III.Admin.Code §1.280 require: (1) teachers and other certificated [licensed] employees (except for individuals employed as paraprofessionals) to maintain discipline, and (2) the district to have a policy on discipline that provides that:

[[]A] teacher, other certificated employee, and any other person, whether or not a certificated employee, providing a related service for or with respect to a student may use reasonable force as needed to maintain safety for the other students, school personnel or persons or for the purpose of self-defense or the defense of property, shall provide that a teacher may remove a student from the classroom for disruptive behavior, and shall include provisions which provide due process to students. The policy shall not include slapping, paddling or prolonged maintenance of students in physically painful positions nor shall it include the intentional infliction of bodily harm. 105 ILCS 5/24-24.

⁵⁹ Required by 105 ILCS 5/10-22.6(b).

⁶⁰ Id.

^{61 105} ILCS 5/10-20.14(a) requires schools to provide a copy of the student discipline policy to parents/guardians within 15 days after the beginning of the school year, or within 15 days after a transfer student starts classes, but it does not specify how to provide copies. For ease of administration, this policy specifies that copies will be provided via student handbooks.

⁶² The board must establish and maintain a parent-teacher advisory committee to develop guidelines on student discipline. See 2:150, *Committees*. This policy's dissemination requirements are from 105 ILCS 5/10-20.14.

A comprehensive student handbook can provide notice of the school's conduct rules, extracurricular and athletic participation requirements, and other important information. The handbook can be developed by the building principal, but should be reviewed and approved by the superintendent and board. The Illinois Principals Association maintains a handbook service that coordinates with PRESS material, *Online Model Student Handbook (MSH)*, at: www.ilprincipals.org/msh/.

Administrative Procedure - Administrative Transfer to Regional Safe School Program¹

The Safe Schools Law allows the administrative transfer of *disruptive students*, defined to include suspension or expulsion eligible students in grades 6-12, to an alternative school program. 105 ILCS 5/13A.

The III. State Board of Education implements the Safe Schools Law as the Regional Safe Schools Program (RSSP), whose purpose is to increase safety and promote schools' learning environments while also meeting disruptive students' educational needs more appropriately and individually in alternative educational environments. The RSSP is administered by regional offices of education and intermediate service centers. For further information, including a regional safe school directory, see www.isbe.net/Pages/Regional-Safe-Schools-Program.aspx.

Actor	Action
Superintendent or designee	Identifies a student subject to suspension or expulsion under 105 ILCS 5/10-22.6 who may be transferred to a regional safe school program (RSSP) established under 105 ILCS 5/13A-3. 105 ILCS 5/13A-4(a), amended by P.A. 103-473.
	Before the effective date of the transfer, provides the student's parent(s)/guardian(s) with information about the RSSP, including (105 ILCS 5/13A-4(b), added by P.A. 103-473):
	 The specific nature of the curriculum; The number of students in the program; Any available services; The program's disciplinary policies; A typical daily schedule, and Any extracurricular activities that may be offered at the RSSP.
Student Services Director, Building Principal or designee, and any other appropriate school personnel	At the earliest time following the effective date of the student's transfer, convene a meeting with appropriate personnel from the RSSP, the student, and the student's parent(s)/guardian(s) to develop an alternative educational plan (AEP) for the student. 105 ILCS 5/13A-4(c), added by P.A. 103-473.
	The AEP must include, but is not limited to (<u>Id</u> .):
	 The duration of the AEP, including a date after which the student will be returned to their regular education program in the District; Specific academic and behavioral components; A method and time frame for reviewing the student's progress

¹ This procedure cites the minimum requirements of State law. Modify this procedure based upon the District's specific implementation needs and any additional needs of the regional safe school program that serves the District. Contact the board attorney regarding the necessary due process procedures before imposing a disciplinary transfer under 105 ILCS 5/13A.

	and for transitioning the student back to their regular education program in the District; and 4. A transition meeting between the District, RSSP, student, and student's parent(s)/guardian(s), at least 30 days prior to the date the student will be returned to their regular education program in the District. The date after which the student will be returned to their regular education program in the District cannot be extended over objection of the student's parent/guardian. 105 ILCS 5/13A-4(d), added by P.A. 103-473. The date may only be extended upon written agreement by the District, the RSSP, and the student's parent/guardian. 105 ILCS 5/13A-4(e), added by P.A. 103-473.
RSSP Personnel	If the student or the student's parent(s)/guardian(s) are unable to attend the AEP development meeting, offer the student and the student's parent(s)/guardian(s) a meeting within 30 days after the effective date of the student's transfer to discuss and provide input on the AEP. 105 ILCS 5/13A-4(c), added by P.A. 103-473. Student Support Services 1

The District provides a liaison to facilitate the enrollment and transfer of records of students in the legal custody of the III. Dept. of Children and Family Services when enrolling in or changing schools.²

The following student support services may be provided by the School District: ³

- 1. Health services supervised by a qualified school nurse. The Superintendent or designee may implement procedures to further a healthy school environment and prevent or reduce the spread of disease.
- 2. Educational and psychological testing services and the services of a school psychologist⁵ as needed. In all cases, written permission to administer a psychological examination must be

¹ State or federal law controls this policy's content.

² Required by 105 ILCS 5/10-20.59, amended by P.A. 102-199. See f/n 16 in sample policy 7:50, School Admissions and Student Transfers To and From Non-District Schools, for liaison responsibilities and requirements.

³ All districts are required to conduct a comprehensive needs assessment to determine the scope of student personnel services needs in the areas of: (1) guidance and counseling needs; (2) psychological needs; (3) social work needs; and (4) health needs. 23 Ill.Admin.Code §1.420(q). Endorsement requirements for various types of school support personnel are referenced in f/ns 3 through 6 below, and further information is available at: www.isbe.net/Pages/PEL-School-Support-Ed-Lic.aspx. Until 6-20-26, an individual who fails to meet the necessary qualifications for a specific school support personnel endorsement, but holds another professional license or certification approved by ISBE, may seek short-term approval for assignment to a position in situations where an unforeseen vacancy occurs. 23 Ill.Admin.Code §25.48. Short-term approvals are valid for three full fiscal years. 23 Ill.Admin.Code §25.432.

¹⁰⁵ ILCS 5/2-3.147, added by P.A. 95-558 and repealed by P.A. 99-30, created the Ensuring Success in School Task Force. 105 ILCS 5/26A-15, added by P.A. 102-466 and scheduled to be repealed on 12-1-25, created a subsequent Ensuring Success in School Task Force. See f/n 3 in sample policy 6:65, Student Social and Emotional Development, for further information.

⁴ School districts may employ non-professional-educator-licensed *registered professional nurses* to perform professional nursing services. 105 ILCS 5/10-22.23, amended by P.A. 102-894; 23 Ill.Admin.Code §1.760(c). A *registered professional nurse* means any nurse who is licensed to practice professional nursing in Illinois under the Nurse Practice Act (225 ILCS 65/) and whose license is active and in good standing with the Ill. Dept. of Financial and Professional Regulation. 23 Ill.Admin.Code §1.760(b).

A school nurse means any registered professional nurse who also holds a professional educator license endorsed for school support services in school nursing, or any registered professional nurse who does not hold the professional educator license but was employed in the school district of current employment before 7-1-76. 23 III.Admin.Code §1.760(c).

¹⁰⁵ ILCS 5/10-22.23 provides that any nurse first employed on or after 7-1-76, whose duties require teaching or the exercise of instructional judgment or educational evaluation of students, must be licensed under 105 ILCS 5/21B-25.

A school nurse may hold a Professional Educator License with a school support personnel endorsement. 105 ILCS 5/21B-25(2)(G); 23 III.Admin.Code §§1.760(c), 23.120, 25.245.

- obtained from a student's parent(s)/guardian(s). The results will be given to the parent(s)/guardian(s), with interpretation, as well as to the appropriate professional staff.
- 3. The services of a school social worker.⁶ A student's parent/guardian must consent to regular or continuing services from a social worker.
- 4. Guidance and school counseling⁷ services.

The Superintendent or designee shall develop protocols for responding to students with social, emotional, or mental health needs that impact learning ability. The District, however, assumes no liability for preventing, identifying, or treating such needs.

Erin's Law Counseling Options, Assistance, and Intervention 9

The Superintendent or designee will ensure that each school building's Student Support Committee identifies counseling options for students who are affected by sexual abuse and grooming behaviors, along with District and community-based options for victims of sexual abuse and grooming behaviors

The footnotes are not intended to be part of the adopted policy; they should be removed before the policy is adopted.

⁵ A school psychologist means a psychologist who holds a Professional Educator License with a school psychologist endorsement per 105 ILCS 5/21B-25 and either: (1) has graduated with a master's degree or higher degree in psychology or educational psychology from an institution of higher education that maintains equipment, courses of study, and standards of scholarship approved by the III. State Board of Education (ISBE), has had at least one school year of full-time supervised experience in the delivery of school psychological service approved by the State Superintendent of Education, and has such additional qualifications as may be required by ISBE; or (2) holds a valid Nationally Certified School Psychologist credential. 105 ILCS 5/14-1.09. School psychologists hold a Professional Educator License with a school support personnel endorsement. 105 ILCS 5/21B-25(2)(G); 23 III.Admin.Code §§1.760(a), 23.130, 25.235. The scope of school psychological services is described in 105 ILCS 5/14-1.09.1, amended by P.A. 102-894.

⁶ A school social worker means a social worker who has graduated from an accredited graduate school of social work and has such additional qualifications as may be required by ISBE and who holds a Professional Educator License with a school support personnel endorsement for school social work per 105 ILCS 5/21B-25. 105 ILCS 5/14-1.09a. See 105 ILCS 5/10-22.24a, amended by P.A. 102-894, and 5/21B-25(2)(G); 23 Ill.Admin.Code §§1.760(a), 23.140, 25.215. School social workers may not provide services outside of their district employment to any student(s) attending school in the district. 105 ILCS 5/14-1.09a.

School marriage and family therapists are another type of school support personnel; they hold a Professional Educator License with a school support personnel endorsement. 105 ILCS 5/21B-25(2)(G); 23 III.Admin.Code §§23.150, 25.260. The scope of school social worker services is described in 105 ILCS 5/14-1.09.2, amended by P.A. 102-894.

7 School counselors hold a Professional Educator License with a school support personnel endorsement. 105 ILCS 5/21B-25(2)(G); 23 III.Admin.Code §§1.760(a), 23.110, 25.225. School guidance counselors refers to district employees that work in high schools to offer students advice and assistance in making career or college plans; no specific school support personnel endorsement exists for school guidance counselors. 105 ILCS 5/22-93, added by P.A. 102-327 and renumbered by P.A. 102-813.

In contrast, *professional counselors* and professional counseling practice in Illinois are governed by the Professional Counselor and Clinical Professional Counselor Licensing and Practice Act and its implementing regulations. 225 ILCS 107/; 68 III.Admin.Code Part 1375. The Mental Health and Developmental Disabilities Code, 405 ILCS 5/, provides that minors 12 years of age or older may request and receive up to eight 90-minute sessions (previously five 45-minute sessions) of professional counseling services or psychotherapy (provided by a clinical psychologist) without the consent of the minor's parent, guardian, or person in loco parentis. 405 ILCS 5/3-550. Most school districts do not regularly provide *professional* counseling or *clinical* psychological services to students. Instead, most districts provide *school counseling* or *school* psychological services to students, and Illinois law does not specify any limits on the number of school counseling or school psychological sessions which a minor may have before obtaining parent/guardian permission. If your district seeks to regularly provide *professional counseling* or *clinical psychological* services to students, consult with your board attorney about potential changes to board policies and administrative procedures, as well as collective bargaining issues.

Administering Medicines to Students 1

Students should not take medication during school hours or during school-related activities unless it is necessary for a student's health and well-being. When a student's licensed health care provider and parent/guardian believe that it is necessary for the student to take a medication during school hours or school-related activities, the parent/guardian must request that the school dispense the medication to the child and otherwise follow the District's procedures on dispensing medication.

No School District employee shall administer to any student, or supervise a student's self-administration of, any prescription or non-prescription medication until a completed and signed *School Medication Authorization Form (SMA Form)* is submitted by the student's parent/guardian.

No student shall possess or consume any prescription or non-prescription medication on school grounds or at a school-related function other than as provided for in this policy and its implementing procedures.

Nothing in this policy shall prohibit any school employee from providing emergency assistance to students, including administering medication.

The Building Principal shall include this policy in the Student Handbook and shall provide a copy to the parents/guardians of students. ²

Self-Administration of Medication

A student may possess and self-administer an epinephrine injector, e.g., EpiPen®, and/or asthma medication prescribed for use at the student's discretion, provided the student's parent/guardian has

The footnotes are not intended to be part of the adopted policy; they should be removed before the policy is adopted.

¹ All boards must have a policy for administering medication. 105 ILCS 5/10-20.14b. State law prohibits school boards from requiring that teachers and other non-administrative school employees administer medication to students; exceptions are certificated school nurses and non-certificated registered professional nurses. 105 ILCS 5/10-22.21b. For a sample medication authorization form, see sample exhibit 7:270-E1, *School Medication Authorization Form*.

Separate from this policy, boards must also adopt a policy that addresses the prevention of anaphylaxis and a district's response to medical emergencies resulting from anaphylaxis. See sample policy 7:285, Anaphylaxis Prevention, Response, and Management Program, and its accompanying administrative procedure, 7:285-AP, Anaphylaxis Prevention, Response, and Management Program, for more information. Due to the structure of the School Code and the IASB Policy Reference Manual, sample policy 7:285, Anaphylaxis Prevention, Response, and Management Program, does not address the administration of epinephrine and instead refers to this policy 7:270, Administering Medicine to Students.

² Each district must inform students, e.g., through homeroom discussion or loudspeaker announcement, about, and distribute to their parents/guardians, the district's policy, guidelines, and forms on administering medicines within 15 days after the beginning of each school year, or within 15 days after starting classes for a student who transfers into the district. 105 ILCS 5/10-20.14b. A comprehensive student handbook can provide notice to parents and students of the school's rules, extracurricular and athletic participation requirements, and other important information. The handbook can be developed by the building principal, but should be reviewed and approved by the superintendent and board. The Illinois Principals Association maintains a handbook service that coordinates with PRESS material, *Online Model Student Handbook (MSH)*, at: www.ilprincipals.org/msh/.

completed and signed an *SMA Form*.³ The Superintendent or designee will ensure an Emergency Action Plan is developed for each self-administering student. ⁴

A student may self-administer medication required under a *qualifying plan*, provided the student's parent/guardian has completed and signed an *SMA Form*.⁵ A qualifying plan means: (1) an asthma action plan, (2) an Individual Health Care Action Plan, (3) an allergy emergency action plan, (4) a plan pursuant to Section 504 of the federal Rehabilitation Act of 1973, or (5) a plan pursuant to the federal Individuals with Disabilities Education Act.

The District shall incur no liability, except for willful and wanton conduct, as a result of any injury arising from a student's self-administration of medication, including asthma medication or epinephrine injectors, or medication required under a qualifying plan.⁶ A student's parent/guardian must indemnify and hold harmless the District and its employees and agents, against any claims, except a claim based on willful and wanton conduct, arising out of a student's self-administration of an epinephrine injector, asthma medication, and/or a medication required under a qualifying plan. ⁷

The footnotes are not intended to be part of the adopted policy; they should be removed before the policy is adopted.

³ 105 ILCS 5/22-30, amended by P.A. 102-413, requires school districts to allow students to *self-administer* their prescribed asthma medication and an epinephrine injector as described. *Self-carry* means a student's ability to carry his or her prescribed asthma medication or epinephrine injector. *Self-administer* and *self-administration* mean that a student may use these two medications at his or her discretion: (1) while in school; (2) while at a school sponsored activity; (3) while under the supervision of school personnel; or (4) before or after normal school activities, such as while in before-school or after-school care on school-operated property.

⁴ 105 ILCS 5/10-22.21b(d). The plan must address actions to be taken if the student is unable to self-administer medication and the situations in which the school must call 911. <u>Id</u>. For plan guidance, see sample administrative procedure 7:270-AP1, *Dispensing Medication*.

⁵ 105 ILCS 5/10-22.21b(c), amended by P.A. 103-175. A student with an asthma action plan, an Individual Health Care Action Plan, an allergy emergency action plan, a plan pursuant to Section 504 of the federal Rehabilitation Act of 1973, or a plan pursuant to the federal Individuals with Disabilities Education Act may self-administer medication if the student's parent/guardian provides the school with: (1) written permission for the student's self-administration of medication, (2) written authorization from the student's physician, physician assistant, or advanced practice registered nurse for the student to self-administer the medication, and (3) the prescription label containing the name of the medication, the prescribed dosage, and the time(s) or circumstances under which the medication is to be administered. Id. This does not allow a student to self-carry unless otherwise permitted. Contact the board attorney for further guidance.

⁶ 105 ILCS 5/22-30, amended by P.A. 102-413 (asthma medication and epinephrine injectors) and 105 ILCS 5/10-22.21b (medications required by a plan listed in 105 ILCS 5/10-22.21b(c)). 105 ILCS 5/22-30(c) requires this information to be in a notification to parents/guardians. 105 ILCS 5/10-22.21b does not specifically require this information to be in a notification to parents/guardians. However, 105 ILCS 5/10-22.21b requires parents/guardians to sign a statement that includes the district's protections from liability under 105 ILCS 5/10-22.21b; the signed acknowledgment (see f/n 7) is the notice. This policy includes the liability protection information under 105 ILCS 5/10-22.21b to also inform the community.

The storage of medication is not addressed in the applicable statutes and may not be covered as part of the district's protections from liability and hold harmless provisions. Contact the board attorney and the board's liability insurance carrier for further discussion about the district's liability and coverage in this area.

⁷ 105 ILCS 5/22-30(c) and 105 ILCS 5/10-22.21b(e). Both statutes require parents/guardians to sign a statement: (1) acknowledging the statement from f/n 6 above; and (2) that they must indemnify and hold harmless the school district and its employees and agents against any claims, except a claim based on willful and wanton conduct, arising out of the self-administration of medication by the student. There are several methods to obtain a parent/guardian's signature for this purpose, e.g., receipt of handbook signature, or see sample exhibit 7:270-E1, School Medication Authorization Form. Discuss with the board attorney the method that works best for the district.

School District Supply of Undesignated Asthma Medication 8

The Superintendent or designee shall implement 105 ILCS 5/22-30(f) and maintain a supply of undesignated asthma medication in the name of the District and provide or administer them as necessary according to State law. *Undesignated asthma medication* means an asthma medication prescribed in the name of the District or one of its schools. A school nurse or trained personnel, as defined in State law, 9 may administer an undesignated asthma medication to a person when they, in good faith, believe a person is having *respiratory distress*. Respiratory distress may be characterized as *mild-to-moderate* or *severe*. ¹⁰ Each building administrator and/or his or her corresponding school nurse shall maintain the names of trained personnel who have received a statement of certification pursuant to State law. ¹¹

Consult the board attorney about the consequences of informing the community that the district will obtain a prescription for a supply of undesignated asthma medication, implement a plan for its use, and then not doing it, as doing so may be fraught with legal liabilities. Also fraught with legal liabilities is when the district provides them, but does not have them accessible before, during, and after school where an asthmatic person is most at risk as required by 105 ILCS 5/22-30, amended by P.A. 102-413. See In re Estate of Stewart, 406 Ill.Dec. 345 (2nd Dist. 2016)(denying tort immunity to district, finding its response to a student's asthma attack was willful and wanton (which district disputed as a possible heart attack)) and In re Estate of Stewart, 412 Ill.Dec. 914 (Ill. 2017)(school district's appeal denied).

The superintendent is given broad authority to implement this section; however, several preliminary steps should occur with the assistance of the board attorney. They include, but are not limited to: (1) investigating the feasibility of obtaining a prescription for a supply of undesignated asthma medication in the name of the district or one of its schools, and (2) outlining the advantages and disadvantages of implementing this plan based upon each district's individual resources and circumstances, and student population's needs. To address the challenge of filling prescriptions for undesignated asthma medication, the III. Pharmacists Association drafted a letter that may be presented to a pharmacy by a district, available at: www.isbe.net/Documents/IPA-Letter-Stock-Albuterol-

Schools.pdf?_cldee=BtclIGusJeg4Wd3XGMA_81VB3v7EOogRMwj_acELKt5VyfZp_HK5z7IOPBWEkq8m&recipientid=contact-dcb493d09761eb11a8120022480a52c0-872cc093583c486e9087f877ee80a69d&esid=e1634f63-4397-ed11-aad1-000d3a3148fb.

⁹ 105 ILCS 5/22-30(a) defines *trained personnel* as any school employee or volunteer personnel authorized in Sections 10-22.34, 10-22.34a, and 10-22.34b of the School Code who has completed training required by 105 ILCS 5/22-30(g), to recognize and respond to anaphylaxis, an opioid overdose, or respiratory distress. 105 ILCS 5/22-30(a).

The III. State Board of Education (ISBE) must develop the training curriculum for trained personnel, and it may be conducted online or in person. <u>Id.</u> at (h), amended by P.A. 102-413, and 23 III.Admin.Code §1.540(e)(3). 105 ILCS 5/22-30(h-5), 5/22-30(h), amended by P.A. 102-413, and 5/22-30(h-10), and 23 III.Admin.Code §1.540(e) list the training curriculum requirements to recognize and respond to an opioid overdose, an allergic reaction, including anaphylaxis, and respiratory distress, respectively. See training resources, at: www.isbe.net/Pages/School-Nursing.aspx.

10 105 ILCS 5/22-30(a). *Respiratory distress* means the perceived or actual presence of wheezing, coughing, shortness of breath, chest tightness, breathing difficulty, or any other symptoms consistent with asthma. <u>Id</u>.

⁸ Optional. A school board must ensure that it does not adopt this section into the policy unless it is prepared to implement 105 ILCS 5/22-30, amended by P.A. 102-413. The law permits a district to maintain a supply of undesignated asthma medication in any secure location that is accessible before, during, and after school where a person is most at risk, including, but not limited to a classroom or the nurse's office, and use them when necessary. The P.A. 100-726 amendment requiring accessibility before, during, and after school did not address the logistical issues that classrooms are typically locked before and after school. Consult the board attorney about implementation issues with this phrase in the law.

¹¹ Id. at (g); 23 III.Admin.Code §1.540(e)(9) and (10).

School District Supply of Undesignated Epinephrine Injectors 12

The Superintendent or designee shall implement 105 ILCS 5/22-30(f) and maintain a supply of undesignated epinephrine injectors in the name of the District and provide or administer them as necessary according to State law. *Undesignated epinephrine injector* means an epinephrine injector prescribed in the name of the District or one of its schools. A school nurse or trained personnel, as defined in State law, ¹³ may administer an undesignated epinephrine injector to a person when they, in good faith, believe a person is having an anaphylactic reaction. Each building administrator and/or his or her corresponding school nurse shall maintain the names of trained personnel who have received a statement of certification pursuant to State law. ¹⁴

The footnotes are not intended to be part of the adopted policy; they should be removed before the policy is adopted.

¹² Optional. If the board adopts this subhead, the use of undesignated epinephrine injectors must align with its anaphylaxis prevention, response, and management policy. See sample policy 7:285, *Anaphylaxis Prevention, Response, and Management Program*, at f/n 7, and its sample administrative procedure, 7:285-AP, *Anaphylaxis Prevention, Response, and Management Program*, at f/ns 4, 5, and 6. If the district does not maintain an undesignated supply of epinephrine, ensure that policy 7:285 and administrative procedure 7:285-AP do not state that it does maintain such a supply.

A school board must ensure that it does not adopt this section into the policy unless it is prepared to implement 105 ILCS 5/22-30, amended by P.A. 102-413. The law permits a district to maintain a supply of undesignated epinephrine injectors in any secure location that is accessible before, during, and after school where an allergic person is most at risk, including, but not limited to, classrooms and lunchrooms, and use them when necessary. 105 ILCS 5/22-30 requires accessibility before, during, and after school does not address the logistical issues that classrooms are typically locked before and after school. Consult the board attorney about the implementation issues with this new phrase in the law.

Consult the board attorney about the consequences of informing the community that the district will obtain a prescription for a supply of undesignated epinephrine injectors, and implement a plan for their use, and then not doing it, as doing so may be fraught with legal liabilities. Also fraught with legal liabilities is if the district is provides them, but does not have them accessible before, during, and after school where an allergic person is most at risk as required by 105 ILCS 5/22-30, amended by P.A. 102-413. See In re Estate of Stewart, 406 III.Dec. 345 (2nd Dist. 2016)(denying tort immunity to district, finding its response to a student's asthma attack was *willful* and *wanton* (which district disputed as a possible heart attack)); In re Estate of Stewart, 412 III.Dec. 914 (III. 2017)(school district's appeal denied).

The superintendent is given broad authority to implement this section; however, several preliminary steps should occur with the assistance of the board attorney. They include, but are not limited to: (1) investigating the feasibility of obtaining a prescription for a supply of undesignated epinephrine injectors in the name of the district or one of its schools, and (2) outlining the advantages and disadvantages of implementing this plan based upon each district's individual resources and circumstances, and student population's needs.

School District Supply of Undesignated Opioid Antagonists 15

The Superintendent or designee shall implement 105 ILCS 5/22-30(f) and maintain a supply of undesignated opioid antagonists and provide or administer them as necessary according to State law. *Opioid antagonist* means a drug that binds to opioid receptors and blocks or inhibits the effect of opioids acting on those receptors, including, but not limited to, naloxone hydrochloride or any other similarly acting drug approved by the U.S. Food and Drug Administration. *Undesignated opioid antagonist* is not defined by the School Code; for purposes of this policy it means an opioid antagonist prescribed in the name of the District or one of its schools or obtained by the District without a prescription. A school nurse or trained personnel, ¹⁶ as defined in State law, may administer an undesignated opioid antagonist to a person when they, in good faith, believe a person is having an opioid overdose. Each building administrator and/or his or her corresponding school nurse shall maintain the names of trained personnel who have received a statement of certification pursuant to State law.¹⁷ See the website for the Ill. Dept. of Human Services for information about opioid prevention, abuse, public awareness, and a toll-free number to provide information and referral services for persons with questions concerning substance abuse treatment. ¹⁸

The footnotes are not intended to be part of the adopted policy; they should be removed before the policy is adopted.

Consult the board attorney regarding the Safe and Drug-Free School and Communities Act of 1994 (20 U.S.C. §7101(b)). It prohibits funds provided under it to be used for medical services or drug treatment or rehabilitation, except for integrated student supports, specialized instructional support services, or referral to treatment for impacted students, which may include students who are victims of, or witnesses to crime or who illegally use drugs.

A school board must ensure that it does not adopt this section into the policy unless it is prepared to implement 105 ILCS 5/22-30, amended by P.A.s 102-413 and 103-348. The law permits a district to maintain a supply of undesignated opioid antagonists in any secure location where a person is at risk of an opioid overdose and use them when necessary. The consequences of informing the community that the district will obtain a prescription for a supply of opioid antagonists and implement a plan for their use, and then not doing it may be fraught with legal liabilities.

The superintendent is given broad authority to implement this section; however, several preliminary steps should occur with the assistance of the board attorney. They include, but are not limited to: (1) investigating the feasibility of obtaining a prescription for a supply of opioid antagonists in the name of the district or one of its schools, and (2) outlining the advantages and disadvantages of implementing this plan based upon each district's individual resources and circumstances, and student population's needs.

¹⁵ Required by 105 ILCS 5/22-30(f), amended by P.A. 103-348, eff. 1-1-24. In the case of a shortage of opioid antagonists, a district must make reasonable efforts to maintain a supply. Id. At least one opioid antagonist, a naloxone nasal spray, has been approved by the U.S. Federal Food and Drug Administration for over-the-counter, nonprescription use. A district must obtain a prescription for a supply of opioid antagonists from a health care professional with prescriptive authority under the Substance Use Disorder Act, 20 ILCS 301/5-23, unless it is able to secure a supply without a prescription. Id. Health care professional means a physician licensed to practice medicine in all its branches, a licensed physician assistant with prescriptive authority, a licensed advanced practice registered nurse with prescriptive authority, or an advanced practice registered nurse who practices in a hospital or ambulatory surgical treatment center and possesses appropriate clinical privileges in accordance with the Nurse Practice Act, 20 ILCS 301/5-23(d)(4). Id.

School District Supply of Undesignated Oxygen Tanks 19

In schools where the District maintains special educational facilities, the Superintendent or designee shall implement 105 ILCS 5/22-30(f) and maintain a supply of undesignated oxygen tanks in the name of the District and provide or administer them as necessary. The supply shall be maintained in accordance with manufacturer instructions and local fire department rules.

School District Supply of Undesignated Glucagon 20

The Superintendent or designee shall implement 105 ILCS 145/27 and maintain a supply of undesignated glucagon in the name of the District in accordance with manufacturer's instructions.

When a student's prescribed glucagon is not available or has expired, a school nurse or delegated care aide may administer undesignated glucagon only if he or she is authorized to do so by a student's diabetes care plan.

The footnotes are not intended to be part of the adopted policy; they should be removed before the policy is adopted.

Consult the board attorney about the consequences of informing the community that the district will obtain a prescription for a supply of undesignated oxygen tanks and implement a plan for their use, and then not doing it, as doing so may be fraught with legal liabilities. Also fraught with legal liabilities is if the district provides them, but does not have them accessible before, during, and after school where a person with development disabilities is most at risk as required by 105 ILCS 5/22-30(f), amended by P.A. 103-196, eff. 1-1-24. See In re Estate of Stewart, 406 III.Dec. 345 (2nd Dist. 2016)(denying tort immunity to district, finding its response to a student's asthma attack was willful and wanton (which district disputed as a possible heart attack)); In re Estate of Stewart, 412 III.Dec. 914 (III. 2017)(school district's appeal denied).

20 Optional. 105 ILCS 145/27 permits a district to maintain a supply of undesignated glucagon in any secure location that is immediately accessible to a school nurse or delegated care aide. A school board must ensure that it does not adopt this section into the policy unless it is prepared to implement it.

Consult the board attorney about the consequences of informing the community that the district will obtain a prescription for a supply of undesignated glucagon, and implement a plan for their use, and then not doing it, as doing so may be fraught with legal liabilities.

The superintendent is given broad authority to implement this section; however, several preliminary steps should occur with the assistance of the board attorney. They include, but are not limited to: (1) investigating the feasibility of obtaining a prescription for a supply of undesignated glucagon in the name of the district or one of its schools, and (2) outlining the advantages and disadvantages of implementing this plan based upon each district's individual resources and circumstances, and student population's needs.

¹⁹ Optional. 105 ILCS 5/22-30(f), amended by P.A. 103-196, eff. 1-1-24, permits a district maintaining special educational facilities under 105 ILCS 5/14-4.01 to maintain a supply of undesignated oxygen tanks in a secure location that is accessible before, during, and after school where a person with developmental disabilities is most at risk, including, but not limited to classrooms and lunchrooms. Delete if the district does not maintain special educational facilities for children with disabilities under 105 ILCS 5/14-4.01. Special educational facility is not specifically defined in 105 ILCS 5/14-4.01; consult the board attorney for advice regarding this term and if it is limited to separate buildings, self-contained classrooms, and/or programs attended solely by students with disabilities. For example, this option may not be available if a district utilizes a special education cooperative for all of its special education programming. There is a reference to special education facilities in 105 ILCS 5/14-12.01, which may provide some guidance; it addresses reimbursement for the construction and maintenance of "special education facilities designed and utilized to house instructional program, diagnostic services" and "other special education services for children with disabilities." 105 ILCS 22-30(f), amended by P.A. 103-196, eff. 1-1-24, does not specify who can administer undesignated oxygen, nor does it specify any training requirements for its use in schools. To minimize potential liability and ensure proper administration, a best practice is to restrict who can administer undesignated oxygen to school nurses and other school personnel who have received appropriate training on the emergency use and storage of oxygen. See sample administrative procedure 7:270-AP2, Checklist for District Supply of Undesignated Medication(s).

Administration of Medical Cannabis 21

The Compassionate Use of Medical Cannabis Program Act²² allows a *medical cannabis infused* product to be administered to a student by one or more of the following individuals:

- A parent/guardian of a student who is a minor who registers with the III. Dept. of Public Health (IDPH) as a designated caregiver to administer medical cannabis to their child. A designated caregiver may also be another individual other than the student's parent/guardian. Any designated caregiver must be at least 21 years old²³ and is allowed to administer a medical cannabis infused product to a child who is a student on the premises of his or her school or on his or her school bus if:
 - a. Both the student and the designated caregiver possess valid registry identification cards issued by IDPH;
 - b. Copies of the registry identification cards are provided to the District; ²⁴
 - That student's parent/guardian completed, signed, and submitted a School Medication Authorization Form - Medical Cannabis; and ²⁵
 - d. After administering the product to the student, the designated caregiver immediately ²⁶ removes it from school premises or the school bus.

The footnotes are not intended to be part of the adopted policy; they should be removed before the policy is adopted.

21 105 ILCS 5/22-33(g) (Ashley's Law), requires school boards to adopt a policy and implement it by:

- 1. Authorizing a parent/guardian and/or a *designated caregiver* of a student who is a *registered qualifying patient* to administer a medical cannabis infused product to that student at school or on the school bus (105 ILCS 5/22-33(b)).
- 2. Allowing a school nurse or administrator to administer a medical cannabis infused product to a student who is a *registered qualifying patient* while at school, a school-sponsored activity, or before/after normal school activities, including while the student is in before-school or after-school care, on school-operated property, or while being transported on a school bus (105 ILCS 5/22-33(b-5)).
- 3. Authorizing a student who is a *registered qualifying patient* to self-administer a medical cannabis infused product if the self-administration takes place under the direct supervision of a school nurse or school administrator (Id.).

Important: If a district would lose federal funding as a result of the board adopting this policy, the board may not authorize the use of a medical cannabis infused product under Ashley's Law and not adopt this subsection. 105 ILCS 5/22-33(f). See f/n 26, below, and paragraph two of f/n 1 in sample policy 5:50, Drug- and Alcohol-Free Workplace; E-Cigarette, Tobacco, and Cannabis Prohibition, for more information about Congress interfering with a state's decision to implement laws governing the legalization of cannabis, and consult the board attorney about the issue of federal funding. See also ISBE's Frequently Asked Questions, Ashley's Law, at: www.isbe.net/Documents/Medical-Cannabis-FAQ.pdf.

22 410 ILCS 130/.

- 23 Id. at 130/10(i), and 130/57(a) and (b). A student under the age of 18 may have up to three designated caregivers as long as at least one is a biological parent or a legal guardian. Id. at 130/57(a). A student 18 years of age or older may appoint up to three designated caregivers who meet the requirements of the Compassionate Use of Medical Cannabis Program Act. Id. at 130/57(b).
- 24 The laws are silent about copies of the cards being provided to the district. Requiring copies of the registry cards is a best practice. Consult the board attorney about any records laws implicated in requiring and maintaining copies of these registry cards.
- 25 A completed and signed school medication authorization form is not required by *Ashley's Law* but is a best practice and consistent with this sample policy's language for other medications. See sample exhibit 7:270-E2, *School Medication Authorization Form Medical Cannabis*.

- 2. A properly trained school nurse or administrator, who shall be allowed to administer the medical cannabis infused product to the student on the premises of the child's school, at a school-sponsored activity, or before/after normal school activities, including while the student is in before-school or after-school care on school-operated property or while being transported on a school bus. 27
- 3. The student him or herself when the self-administration takes place under the direct supervision of a school nurse or administrator. ²⁸

Medical cannabis infused product (product) includes oils, ointments, foods, and other products that contain usable cannabis but are not smoked or vaped.²⁹ Smoking and/or vaping medical cannabis is prohibited. ³⁰

The product may not be administered in a manner that, in the opinion of the District or school, would create a disruption to the educational environment or cause exposure of the product to other students. A school employee shall not be required to administer the product. ³¹

Discipline of a student for being administered a product by a designated caregiver, or by a school nurse or administrator, or who self-administers a product under the direct supervision of a school

The footnotes are not intended to be part of the adopted policy; they should be removed before the policy is adopted.

²⁶ The word *immediately* is not in *Ashley's Law*. It is added to ensure legal compliance with federal laws that could affect federal funding. For example, consider administrators who may be in the situation where a designated caregiver provides his or her child the product and then wants to volunteer in the school or greet another child in the school while carrying the product in the building, which may violate the Cannabis Control Act (720 ILCS 550/5.2). Consult the board attorney about the best term to use here, if any, as nothing in the law addresses these common scenarios that school administrators will encounter.

²⁷ 105 ILCS 5/22-33(b-5). A school nurse or administrator must annually complete a training curriculum to be developed by ISBE in consultation with the III. Dept. of Public Health prior to administering a medical cannabis infused product to a student in accordance with this section. 105 ILCS 5/22-33(f-5). See www.isbe.net/Pages/Health.aspx for training resources.

^{28 &}lt;u>Id.</u> Any product administered by a school nurse or administrator, or self-administered under the supervision of a school nurse or administrator, must be stored with the school nurse at all times in a manner consistent with storage of other student medication at the school and may be accessible only by the school nurse or a school administrator. 105 ILCS 5/22-33(b-10).

²⁹ 410 ILCS 130/10(q). Consult the board attorney regarding the controversial issue of students using at, or bringing to school, cannabis-infused products without THC that are derived from *hemp* or *industrial hemp* (hemp oil or cannabidol (CBD) oil, the naturally occurring cannabinoid constituent of cannabis). Hemp or industrial hemp is defined in the Industrial Hemp Act (IHA) as the plant Cannabis sativa L. and any part of that plant, whether growing or not, with a delta-9 tetrahydrocannabinol concentration of not more than 0.3 percent on a dry weight basis and includes any intermediate or finished product made or derived from industrial hemp. 505 ILCS 89/5, amended by P.A. 102-690. Hemp or industrial hemp is also colloquially known as *agricultural hemp*.

Products from hemp or industrial hemp are widely available. As a consequence, school employees may encounter the argument from a student and his or her parent/guardian that the use of hemp or CBD oil products derived from hemp or industrial hemp (containing no THC) is not a violation of Illinois law because 720 ILCS 550/4 states "[e]xcept as otherwise provided in the Cannabis Regulation and Tax Act and the Industrial Hemp Act, it is unlawful for any person knowingly to possess cannabis." In addition, products containing hemp or CBD oil can be purchased with a prescription and without a medical marijuana card, so a parent/guardian may argue that such prescriptions should be administered at school as any other prescription medication would be. Consult the board attorney for guidance.

³⁰ Optional sentence. 410 ILCS 130/10(q) prohibits medical cannabis from being smoked. District administrators may find providing this information to the community helpful to enforcement of this policy.

^{31 105} ILCS 5/22-33(e). Consult the board attorney for guidance regarding whether a school nurse or administrator can be required to administer the product. ISBE's FAQ on *Ashley's Law* (see f/n 21) states that a school staff member cannot be forced to administer a medical cannabis infused product to a student because *Ashley's Law* does not require it.

nurse or administrator³² pursuant to this policy is prohibited. The District may not deny a student attendance at a school solely because he or she requires administration of the product during school hours.

Void Policy 33

The School District Supply of Undesignated Asthma Medication section of the policy is void whenever the Superintendent or designee is, for whatever reason, unable to: (1) obtain for the District a prescription for undesignated asthma medication from a physician or advanced practice nurse licensed to practice medicine in all its branches, or (2) fill the District's prescription for undesignated school asthma medication. ³⁴

The School District Supply of Undesignated Epinephrine Injectors section of the policy is void whenever the Superintendent or designee is, for whatever reason, unable to: (1) obtain for the District a prescription for undesignated epinephrine injectors from a physician or advanced practice nurse licensed to practice medicine in all its branches, or (2) fill the District's prescription for undesignated school epinephrine injectors. ³⁵

The School District Supply of Undesignated Opioid Antagonists section of the policy is void whenever the Superintendent or designee is unable to obtain a supply of opioid antagonists due to a shortage, in which case the District shall make reasonable efforts to maintain a supply. ³⁶

The School District Supply of Undesignated Oxygen Tanks section of the policy is void whenever the Superintendent or designee is, for whatever reason, unable to: (1) obtain for the District a prescription for oxygen tanks from a qualifying prescriber,³⁷ or (2) fill the District's prescription for undesignated oxygen tanks. ³⁸

The School District Supply of Undesignated Glucagon section of the policy is void whenever the Superintendent or designee is, for whatever reason, unable to: (1) obtain for the District a prescription for glucagon from a qualifying prescriber,³⁹ or (2) fill the District's prescription for undesignated school glucagon. ⁴⁰

The footnotes are not intended to be part of the adopted policy; they should be removed before the policy is adopted.

^{32 105} ILCS 5/22-33(d).

³³ Remove this section if the board does not adopt the undesignated asthma medication, the undesignated epinephrine injector, the undesignated opioid antagonist, the undesignated glucagon, or the administration of medical cannabis sections (see f/n 21) of the policy. If the board adopts one or some but not all, delete the appropriate paragraph(s) or sentence(s) in this section.

³⁴ Discuss with the board attorney whether the board should remove this sentence when the district reaches full implementation of this section.

^{37 105} ILCS 22-30(f), amended by P.A. 103-196, eff. 1-1-24, provides that a physician, a physician assistant who has prescriptive authority under the Physician Assistant Practice Act of 1987 (225 ILCS 95/7.5), or an advanced practice registered nurse who has prescriptive authority under the Nurse Practice Act (225 ILCS 65-40) may prescribe undesignated oxygen tanks in the name of the district to be maintained for use when necessary.

³⁸ See f/n 19, above.

^{39 105} ILCS 145/27 provides that a physician, a physician assistant who has prescriptive authority under the Physician Assistant Practice Act of 1987 (225 ILCS 95/7.5), or an advanced practice registered nurse who has prescriptive authority under the Nurse Practice Act (225 ILCS 65-40) may prescribe undesignated glucagon in the name of the district to be maintained for use when necessary.

⁴⁰ See f/n 20, above.

The **Administration of Medical Cannabis** section of the policy is void and the District reserves the right not to implement it if the District or school is in danger of losing federal funding. ⁴¹

Administration of Undesignated Medication 42

Upon any administration of an undesignated medication permitted by State law, the Superintendent or designee(s) must ensure all notifications required by State law and administrative procedures occur.

Undesignated Medication Disclaimers

Upon implementation of this policy, the protections from liability and hold harmless provisions applicable under State law apply. 43

No one, including without limitation, parents/guardians of students, should rely on the District for the availability of undesignated medication. This policy does not guarantee the availability of undesignated medications. Students and their parents/guardians should consult their own physician regarding these medication(s).

¹⁰⁵ ILCS 5/22-30(c) requires the district to inform parents/guardians in writing of the protections from liability and hold harmless provisions that apply to the administration of asthma medication, epinephrine injectors, and opioid antagonists. In addition, a statement must be signed by a student's parent/guardian acknowledging the district's protections from liability and hold harmless provisions for these undesignated medications. Id. <u>Administrative Procedure - Checklist for District Supply of Undesignated Medication(s)</u>

strict maintains and administers the undesignated medication(s) and treatment identified below rdance with State and federal law (check all that apply):
Undesignated Glucagon (UG)
Undesignated Asthma Medication (UAM)
Undesignated Epinephrine Injector(s) (UEIs)
Undesignated Opioid Antagonist(s) (UOAs) (required by 105 ILCS 5/22-30(f), amended by P.A. 103-348, eff. 1-1-24, unless there is a shortage, in which case the District must make a reasonable effort to maintain a supply)
Undesignated Oxygen Tank(s) (UOT) ¹
The Superintendent, school nurse, and/or other necessary school officials should consult the Board Attorney to develop a plan to implement 105 ILCS 5/22-30, amended by P.A. 102-413, and 105 ILCS 145/27.
Obtain a prescription to maintain a supply of one or all of the following: undesignated asthma medication (UAM), epinephrine injector(s) (UEIs), opioid antagonist(s) (UOAs) (unless the District is able to secure a supply without a prescription), undesignated glucagon (UG), and/or undesignated oxygen tank(s) (UOTs) in the District's name pursuant to 105 ILCS 5/22-30(f), amended by P.A. 103-196, eff. 1-1-24, and 105 ILCS 145/27.
Designate a secure location(s) to store undesignated medication. For UAM, UEIs, and/or UOAs, this is where persons needing these medications are most at risk and for UOTs, where a person with developmental disabilities is most at risk. 105 ILCS 5/22-30(f), amended by P.A. 103-196, eff. 1-1-24. For UEIs and UOTs, this includes but is not limited to locations accessible before, during, and after school, such as classrooms and lunchrooms. <u>Id</u> . For additional storage procedures for UEIs, see 7:285-AP, <i>Anaphylaxis Prevention, Response, and Management Program</i> . For UAM, this includes but is not limited to, a classroom or the nurse's office. <u>Id</u> . For UG, this is where it is immediately accessible to a school nurse or delegated care aide. 105 ILCS 145/27. For UOTs, the supply must be maintained in accordance with the manufacturer's instructions and any local fire department rules.
Develop a method for maintaining an inventory of UAM, UEIs, UOAs, UG, and UOTs. The inventory should list the expiration dates of the UAM, UEIs, UOAs, UG, and UOTs.
Identify procedures for a log or other recordkeeping of provisions, or administrations of UAM, UEIs, UOAs, UG, and UOTs.
Maintain a list in each building administrator and/or his or her corresponding school nurse's office that includes the names of <i>trained personnel</i> who have received a statement of

The footnotes should be removed before the material is used.

- certification pursuant to State law, or in the case of UOTs, have received appropriate training on the use and storage of emergency oxygen. ²
- Develop procedures to implement any prescribed standing protocol for the provision, or administration of UAM, UEIs UOAs, UG, and/or UOTs including calling 911 and noting any instructions given by Emergency Management Services (EMS). 105 ILCS 5/22-30, amended by P.A.s 102-413 and P.A. 103-196, eff. 1-1-24, and 23 Ill.Admin.Code §1.540(d). Follow 7:285-AP, *Anaphylaxis Prevention, Response, and Management Program*, for UEI administration procedures. Upon any administration of any epinephrine injector, or opioid antagonist, procedures must include:
 - 1. Immediate activation of the EMS system. 105 ILCS 5/22-30(f-5). 105 ILCS 5/22-30(f-5) does not address contacting EMS upon the administration of any asthma medication (so asthma medication is excluded from introductory clause above). This may mean that the Ill. General Assembly did not intend for school personnel to notify EMS when administering a student's *prescribed* asthma medication (as opposed to UAM). However, 105 ILCS 5/22-30(j-5) requires asthma action plans. Some attorneys advise that all asthma action plans mandate an immediate 911 call based upon In re Estate of Stewart, 406 Ill.Dec. 345 (2nd Dist. 2016); In re Estate of Stewart, 412 Ill.Dec. 914 (Ill. 2017) (school district's appeal denied) (holding that a teacher's failure to dial 911 immediately upon a student's asthma attack was willful and wanton conduct, subjecting the school district to liability and barring immunity protections under the Local Governmental and Governmental Employees Tort Immunity Act). Consult the Board Attorney about whether to contact EMS when *any* asthma medication is administered and whether to contact EMS when any oxygen is administered, as the School Code also does not address this issue.
 - 2. Notification to the student's parent, guardian, or emergency contact, if known. <u>Id.</u> 105 ILCS 5/22-30(f-5) and 105 ILCS 5/22-30(f), amended by P.A. 103-196, eff. 1-1-24, do not address contacting the student's parent, guardian, or emergency contact upon the administration of any asthma medication or undesignated oxygen. See the discussion in number 1, above, about asthma action plans, and consult the Board Attorney.

^{1.} Have not completed and signed an SMA Form, or

^{2.} Have not provided asthma medication, an epinephrine injector, opioid antagonist, glucagon, and/or oxygen, as applicable to the student, for a student for use at school, even though they have completed the *SMA Form*.

The school nurse or *trained personnel* may:

- 1. Provide an UAM or UEI, as applicable to the situation, that meets the prescription on file in the SMA Form to:
 - a. Any student for his or her self-administration only. 105 ILCS 5/22-30(a); 105 ILCS 5/22-30 (b-10)(i) and(v); 105 ILCS 5/10-22.21b.
 - b. Any personnel authorized under a student's specific Individual Health Care Action Plan, emergency allergy action plan, Section 504 plan, or individualized education program plan (IEP). 105 ILCS 5/22-30(b-5) and (b-10), amended by P.A. 103-175.
- 2. Administer a UEI to any student that the school nurse or trained personnel in good faith believes is having an anaphylactic reaction even though the parent/guardian has not completed and signed an SMA Form or otherwise granted permission to administer the epinephrine injector. 105 ILCS 5/22-30(b-10)(iii). Follow the procedures for administration of UEIs in 7:285-AP, Anaphylaxis Prevention, Response, and Management Program. Note: Trained personnel are different than any personnel authorized in 1.b., above. 105 ILCS 5/22-30(a). Trained personnel means any school employees or volunteer personnel who are (a) authorized in Sections 10-22.34, 10-22.34a, and 10-22.34b of the School Code, (b) annually trained online or in person to recognize and respond to anaphylaxis, an opioid overdose, or respiratory distress through a training curriculum developed by ISBE, and (c) submitting proof to their school's administration that they have completed: (i) the annual training, and (ii) a cardiopulmonary resuscitation (CPR) and automated external defibrillator (AED) certification. 105 ILCS 5/22-30(a) and (g); 23 Ill.Admin.Code §1.540(e). For training resources, see the Allergies & Undesignated Epinephrine drop down menu at: www.isbe.net/Pages/School-Nursing.aspx.
- 3. Administer a UOA to any student that the school nurse or *trained personnel* in good faith believes is having an opioid overdose even though the parent/guardian has not completed and signed an *SMA Form* or otherwise granted permission to administer the opioid antagonist. 105 ILCS 5/22-30(b-10)(iv). **Note:** *Trained personnel* are different than *any personnel authorized*. See number 2, directly above. 105 ILCS 5/22-30(a). *Trained personnel* means any school employees or volunteer personnel who are (a) authorized in 105 ILCS 10-22.34, 10-22.34a, and 10-22.34b, (b) trained online or in person to recognize and respond to opioid overdoses through a training curriculum that complies with the Alcoholism and Other Drug Abuse and Dependency Act, 20 ILCS 301/5-23, and (c) who have submitted proof to their school's administration that they have completed the training. 105 ILCS 5/22-30(g), amended by P.A. 103-348, eff. 1-1-24; 23 Ill.Admin.Code §1.540(e). The law does not provide a deadline for a training curriculum, but it does require ISBE and the Ill. Dept. of Human Services to develop a Substance Abuse Prevention and Recovery Instruction Resource Guide by 7-1-24. 105 ILCS 5/22-81, amended by P.A. 103-399.
- 4. Administer UAM to any student that the school nurse or *trained personnel* in good faith believes is having respiratory distress even though the parent/guardian has not completed and signed an *SMA Form* or otherwise granted permission to administer the asthma medication. 105 ILCS 5/22-30(b-10)(vii). See numbers 2 and 3, directly above for discussions between *any personnel authorized* and *trained personnel*. For training resources, see www.isbe.net/Pages/School-Nursing.aspx.
- 5. Administer UG, as applicable to the situation, for a student with a completed *SMA Form* granting permission for UG use that matches the prescription listed on the form and is also consistent with the student's diabetes care plan, if the student's prescribed glucagon is not available on-site or has expired. For training resources, see www.isbe.net/Pages/School-Nursing.aspx.

6.	Administer a UOT to any student that the school nurse or other personnel with appropriate training determines requires it even though the parent/guardian has not completed and signed an <i>SMA Form</i> or otherwise granted permission to administer the undesignated oxygen.
	Assess how to manage requests from parents/guardians who wish to <i>opt-out</i> of the UAM, UEIs, UOAs, UG, or UOTs being available to their child.
	The School Code does not provide a mechanism for a student or his or her parent/guardian to opt-out of the administration of the District's supply of UAM, UEIs, or UOAs when a nurse and/or trained personnel in good faith professionally believe a student is experiencing respiratory distress, having an anaphylactic reaction, or having an opioid overdose, respectively. Nor does the law address parent/guardian opt-out of the administration of the District's supply of UOTs. While there may be religious, health, or other reasons that a student's parent/guardian may wish to opt-out of the administration of UAM, UEI, UOA, or UOT to their child, the law does not provide a way for parents/guardians to do so. Management of this issue should be discussed with the Board Attorney. For additional guidance on this issue, see Board policy 7:275, Orders to Forgo Life-Sustaining Treatment.
	Determine how to notify all parents/guardians about how UAM, UEIs, UOAs, and/or UOTs may be provided or administered to students.
	If the District maintains a supply of UAM, UEIs, and/or UOAs, it must notify parents/guardians of the protections from liability granted to it and the prescribing physician by 105 ILCS 5/22-30(c) and (c-5). There are two groups of parents/guardians that the District must notify: (1) parents/guardians of students who have previously signed a <i>SMA Form</i> , and (2) parents/guardians of all students.
	For parents/guardians who have previously signed the SMA Form, 105 ILCS 5/22-30(c), requires the District to provide additional notice that the physician(s)/individual(s) with prescriptive authority providing the standing protocol and prescription for the District's supply of UAM, UEIs, and UOAs are protected from liability, except for willful or wanton conduct arising from the use of UAM, UEI, or UOA regardless of whether authorization was given by the student, parent/guardian, or student's physician. Discuss with the Board
	Attorney whether to amend the District's form(s) to include this language. For parents/guardians of all students, 105 ILCS 5/22-30(c), requires parents/guardians to be informed that: (1) the District maintains a supply of UAM, UEIs, and/or UOAs, and (2) the District and the prescribing physician(s)/physician assistant(s)/advanced practice registered nurse(s) are protected from liability when the school nurse and/or <i>trained personnel</i> administer UAM, UEI, and/or UOA to any student when these individuals in good faith
	professionally believe that the student is experiencing respiratory distress, having an anaphylactic reaction, or having an opioid overdose, respectively. There are several methods to inform parent/guardians of this information, e.g., receipt of handbook signature, or see exhibit 7:270-E1, <i>School Medication Authorization Form</i> . Discuss with the Board Attorney the method that works best for the District.
	Note: The School Code does not require that the District give parents/guardians notice regarding its supply of UOTs, but it is a best practice to inform them. Consult the Board Attorney regarding the content of any notices about UOTs.
