Subject: Approve Schematic Design of the Midway Information Technology Center

MISD Board of Trustees: February 19, 2021

Agenda Item – 6A8

Background Information

David Wright of RBDR presented final schematic designs for the renovation of the former EMSI building into Midway ISD's Information Technology Center. Based on favorable variances in construction budgets for the new CTE addition and the River Valley addition, bond funds are secure to proceed with this project. Approval of the schematic design is required of the Board of Trustees before the architectural team can move forward with development of detailed plans and drawings.

Fiscal Implications

Proceeds from the 2019 Bond Program

Administration Recommendation

Approval of the schematic design of the Midway Information Technology Center as presented.
