

WYLIE SUMMER READING & MATH PROGRAM PROPOSAL

WHEN: Summer 2011, 5 Week Half-Day Program
May 31 - June 30 (Monday-Thursday)
8:00 a.m.-12:00 p.m.

WHERE: Wylie Junior High

WHO: Pre-Kindergarten through Fifth grade
(Approximately 50 students)

PURPOSE: To improve Reading and Math skills, self esteem,
and TAKS Remediation

This program is designed to teach and improve reading and math skills of at-risk pre-kindergarten through fifth grade students. The primary goals of Wylie Summer Reading & Math Program are:

1. Improve reading & math skills through a variety of activities.
2. Improve self esteem by providing students with opportunities for success.
3. Promote a love of reading.

Students will be identified by their classroom teachers based on the following criteria:

1. Standardized Test Results.
2. Report Card Grades.
3. Title I Identification.
4. Parent/Teacher Recommendation.

ESTIMATED COST: Parents will provide transportation to and from the program.

\$26,000.00 - This includes monies for teachers and supplies.
