### **Comments:**

It has been a very good start to the school year! My staff has settled into their routes and routines very well thus far. We were able to transition out of summer into the start of this school year very well. I have had good feedback both inside the building and around the campus, and want to thank my staff for there continued hard work and effort. I have been continuing to work closely with Mark and Jarred on getting some information and numbers on some larger scale future projects for best planning and preparation for the district.

Respectfully Submitted,
