

TO: Board of Directors
FROM: A.J. Grauer, Superintendent
SUBJECT: Appointment of members to the Achievement Compact Advisory Committee
DATE: September 19, 2012

Background/Discussion:

House Bill 1581 was enacted for the purpose of the creation of the Achievement Compact and Achievement Compact Advisory Committee.

The achievement compact advisory committee is to begin a collaborative process with “any employee of the district” to create a strong foundation for the implementation of the district’s achievement compact this year and to make recommendations to the school board for the 2013-2014 school year. Those recommendations will be used in the preparation of the 2013-2014 budget.

The achievement compact advisory committee shall be responsible for:

- Holding meetings in an open meeting format and solicit input from parents and community members
- Ensuring that the 2012-2013 compact is implemented
- Develop plans for achieving the district’s outcomes, measures of progress, goals and targets expressed in the achievement compact
- Recommendations related to methods of assessing and reporting progress toward the achievement of goals and targets
- Development of the 2013-2014 achievement compact
- Must report recommendations to the board by Feb. 1, 2013.

I have sent the attached memo to all staff asking for volunteers and our first meeting was September 18, 2012 for them to officially sign up to be on the committee. The following names attached are all interested in being on the achievement compact advisory committee.

Motion to accept the list names of those interested in volunteering to be on the achievement compact advisory committee

Sheridan School district No. 48J
Sheridan, Oregon

MEMO

TO: All Staff

FROM: A.J. Grauer, Superintendent

SUBJECT: Achievement Compact Advisory Committee

DATE: September 13, 2012

Staff (administrative, licensed and classified):

I would like to thank everyone for the great start to the 2012-2013 school year. With each school year there is always something new. This year it is the **Achievement Compact Advisory Committee**. When the legislature passed Senate Bill 1581 last session it required that each district create an achievement compact advisory committee. The purpose of the committee is to begin a collaborative process with “any employee of the district” to create a strong foundation for the implementation of the district’s achievement compact for the 2012-2013 school year and to make recommendations to the school board for the 2013-2014 school year. Those recommendations will be used in the preparation of the 2013-2014 budget.

The achievement compact advisory committee shall be responsible for:

- Holding meetings in an open meeting format and solicit input from parents and community members
- Ensuring that the 2012-2013 compact is implemented
- Develop plans for achieving the district’s outcomes, measures of progress, goals and targets expressed in the achievement compact
- Recommendations related to methods of assessing and reporting progress toward the achievement of goals and targets
- Development of the 2013-2014 achievement compact
- Must report recommendations to the board by Feb. 1, 2013.

Your input is important to this process. Please contact Penny by email if you are interested in participating on the achievement compact advisory committee by **Tuesday September 18th**. This is a voluntary committee and the first meeting will be Tuesday September 18th and I am looking at October 29th for our second meeting.

Thank you
