## NOTES:

Average daily attendance for all dates for the year was 3,398 students

Peak attendance occurred in September and October, prior to campuses fully implementing regular tutorials

Some tutorial/Extended day student attendance may be duplicated if the campus had students attend one session of EDEP and one tutorial

Attendance on April and May testing days for elementary campuses was the same as overall April and May average attendance

Attendance on Open House dates (October 2, 2018 and March 21, 2019) was slightly below the average attendance for those months.

Lowest attendance occurred the last 2 days of school.
