

Questions Submitted by Trustee Connie Prado
November 15, 2017
Regular Called Board Meeting

Consent: Item #3

Request: *The agenda item summary sheet is absent of a fund and function number. Therefore, what fund and function is being utilized for this expenditure? The backup information suggests that this is a vendor/contract renewal since the attached contract was executed in August 2015, is this correct? Please refer to page B of the contract. Under the section entitled "Conclusions," several cost savings were promised as listed by the vendor. Please address each of the promises in order to demonstrate that, indeed, there were cost savings to the school district.*

Response: The X's are an indication that the administration plans to utilize different funds and functions for the purchase of fuel. Fund and function information on agenda items are for information purposes only and not a condition of the recommendation being made by the administration. Yes, this recommendation is for the renewal of a contract. The administration does not offer a response to whether the vendor's performance "promises" resulted in savings to the district, because this would require an extensive study that would require many hours of staff time. This would not be a good use of staff time.
