October 22, 2025

It is a sincere privilege to nominate The Watson Family of John Watson Chevrolet for the Weber School District's Partners in Education Award. For years, the Watsons have been the embodiment of sustained, multi-faceted commitment to Fremont High School. Their support is not limited to a single project or season; it is a consistent, foundational presence that touches nearly every aspect of our student life, particularly in our athletics and extracurricular programs.

The visibility and consistency of the Watsons' support are truly remarkable. Their attendance at Fremont High athletic events, regardless of the sport or weather, provides a level of community encouragement that uplifts our students and coaches alike. They are not just fans; they are a constant, positive force in the stands. Beyond the games, they have generously donated the use of vehicles for various school parades and community events, helping us showcase our school spirit across the district. This is a visible, morale-boosting partnership in action.

The Watsons also go above and beyond in directly celebrating our students. They frequently host recognition events for athletes, providing a welcoming environment where students feel genuinely appreciated for their dedication and effort. This level of personal commitment creates lasting positive memories for our students. Furthermore, their generous donations to various school programs—from fine arts to athletics—ensure that our teams and clubs have the necessary resources to compete and thrive. This financial backing is crucial to providing a robust high school experience.

The Watson Family has built a legacy of dedication, spirit, and selfless investment in Fremont High School. Their long-term support, combining public enthusiasm with tangible donations and personal effort, has made a profound and immeasurable difference to our school culture and the success of our students. They are truly deserving of the Partners in Education Award.

Sincerely,

Quinn Talbot

Principal
