Good morning,

I completed my request for FMLA, however I was told that I have to have been working for longer to receive it. As it says on the completed form from my doctor, I can not finish this school year, so I am resigning effective immediately. Please let me know when's a good time to come in to get my things from the middle school and to return the laptop and the iPad issued to me. I will not be paying the \$2019, because I do not have it. If my license is revoked I will challenge it with OPI. Many apologies for how everything has happened, but my mental health and well-being come first. Thank you.
