RE: Resolution for the Disposal of School Property: Middle School Textbooks

DATE: July 13, 2010

The following resolution for disposal of school property is presented as suggested by our school counsel. The materials to be disposed of are the old middle school language arts textbooks, which are currently stored at the two middle schools awaiting approval for disposal. Due to the age and condition of the books, it is the recommendation of the Administration that the Board approve this resolution in order to dispose of these books through a garbage disposal and/or recycling service.
