

School Board Meeting:

October 27, 2025

Subject:

2026-27 and 2027-28
School Calendars

Presenter:

**Scott Thielman
Superintendent**

SUGGESTED SCHOOL BOARD ACTION:

Recommend board approval of the school district calendars for school years 2026-27 and 2027-28.

DESCRIPTION:

The 2026-27 and 2027-28 school calendars have been discussed at the October 13th Board Workshop meeting. The school calendars have a pre-Labor Day start as allowed by a change in the 2025 legislative session due to the late Labor Day holiday in calendar years 2026 and 2027. In addition to the pre-Labor Day start the school calendars also reflect a change in the spring break dates. The spring breaks will reflect a change that corresponds with the end of the Buffalo High School 2nd trimester in March. All the traditional breaks and legal holidays are observed. The high school will remain on trimesters while the middle and elementary schools will remain on the quarter schedule. The school year will end during the first week of June in each school year and BHS graduation will occur on the first Friday of June in 2027 and 2028.
