Cascade Education Alliance (CEA)

Willamette ESD is a member of CEA whose four member ESDs have agreed to make their services available to all school districts within their combined service area at the same cost.

These ESDs have agreed in principle that school districts may purchase shared services within the CEA. In practice, this will vary across ESDs depending upon existing agreements with their component school districts. In Willamette ESD, K-12 districts may use their transit funds to purchase services that are listed in the Willamette Local Service Plan or from the other CEA's Service Plans.

School districts may also use their own general fund resources to purchase services within the CEA. In either case, districts may contact cooperating ESDs directly to arrange for services.

The other ESDs in the CEA are Columbia Gorge ESD, Multnomah ESD and NW Regional ESD. The availability of CEA services may depend upon the development of additional capacity as this collaboration grows.

Services Provided to Entities Other than Component Districts

In an effort to remain transparent, Willamette ESD discloses that the following services may be provided to public or private entities that are outside of the WESD region. These services may include:
