

November 2014

Derby Public Schools

Performance Dashboard

Technology Department

Eric Conklin, Director of Technology

Technology Department

1:1 Laptops

- 95% of laptops rolled out to students
- Office 365 currently in use by staff and students, response has been positive
- Student email accounts in Office 365 rolling out soon
- Working with Manage Mobility to make device replacement process more efficient for us.
- Even with Manage Mobility replacement, initial device troubleshooting continues to be time consuming

Technology Department
