

## **Administration**

### **Representative and Deliberative Groups**

The Board of Education encourages the Superintendent and administrative staff to create and maintain appropriate mechanisms to:

1. Foster good communications within the staff;
2. Allow each member of the staff to have a voice in the development of policies and in the making of decisions affecting them; and
3. Establish reasonable and easily used avenues of communication for the public, the students and the district staff.

The Superintendent, in cooperation with the staff, shall have the responsibility for organizing committees in order to provide orderly channels through which all school employees may communicate their views to the Board of Education.
