Re: 3-Year Internet Filter Renewal Recommendation

Last school year, the district piloted and recommended a Board approved purchase of Linewize School Manager. The initial term for this purchase was for 17 months, expiring in June of this year. The product has proven to be a great improvement over the district's previous solution for filtering student Internet access. To that end, the district is seeking to secure a three-year renewal term for Linewize with annual payments to be made for each year.

Trafera, a reseller for this solution, provided the district with a quote of \$52,123.50. The summary of the recommendation is shown in Table 1.

Table 1 – Proposal Summary

Product	Provider/Vendor	Description of Work	Amount
Linewize School Manager Cloud-Managed Filter and Reporter	Trafera	36-month Term Subscription for 4,950 devices	\$52,123.50

Three annual payments of \$17,374.50 will be made as part of this agreement. This reflects a 5% price increase for the three-year term.

All agreements are pending Board approval and the finalization of contractual terms and conditions.
