

CCS SURVEY RESULTS – 2020-2021

Survey data in the BoardBook are raw data results based on survey participants: Student, Parent/Guardian, Staff. Survey time period was mid-May 2021. Results are based on an Agreement Scale to the survey items vs a Satisfaction scale.

As you may recall, at a previous Board meeting we approved creating similar survey items, where possible, between students, parents and staff so we could have comparative data.

I tried to make some observations on the survey data and compare to our last survey period 2018-2019 (pre-COVID) *I have been working on brief summaries, but did not have time to get these into this BB. I can add, if interested, for next Board meeting.*

Also, there were numerous comments on the survey that I imagine CCS staff will be reviewing/analyzing.

STUDENTS [Online and Seat-Based]

- Significantly more OL responses from last time 7 OL in 2018/2019 compared to **51 in 2020/2021**; SB stayed the same both survey periods at 76 participants
- Looking at 20% change in survey results from previous survey:
 - 57% Favorable to **92% Favorable** for OL Students on: “I would describe the online environment at CCS as a safe and orderly place.”
 - 58% Favorable to **82% Favorable** for OL Students on: My teacher(s) are accessible, responsive, and communicate appropriately.
 - 50% Favorable to **97% Favorable** for SB Students on: Someone at CCS cares about me. **OL also favorable at = 100% Favorable** (from 86% Favorable)
- Opportunities: Survey Item about “...students in my class are respectful to each other”
 - **Both OL and SB have gone down in favorability and increased in neutral responses. 2020-2021 Favorable: OL 59%, SB 21%; Neutral: OL 41%, SB 50%; Unfavorable: OL 0%, SB 29%**
- New Survey Item for OL Students: “If CCS is able to offer a Health Careers course track, possibly leading to Home Health Aid (HHA) skills and job placement and/or certification as a Certified Nursing Assistant (CNA), is that something you would be interested in doing?” **14% Favorable, 41% Neutral, 45% Unfavorable.**

PARENTS/GUARDIANS [Online and Seat-Based]

- Participants **OL = 35 in 2020/21** vs 29 in 2018/19; **SB = 36 in 2020/21** vs 49 in 2018/19
- Overall Very Favorable responses – both this survey period and last.
- One notable change of 20% or greater change: SB 76% Favorable **to 97% Favorable** on: I would recommend CCS to other parents for their children

CCS SURVEY RESULTS – 2020-2021

STAFF

- Significantly more staff responses from last time: 23 Responses in 2018/2019 to 55 in 2020/2021.
- New survey item: “I would recommend CCS as a great place to work.” Which is somewhat of a gold standard survey item Tied as the highest Favorability survey item of 82% Favorable, 16% Neutral and 2% Unfavorable [Other Survey Item with 82% Favorability = “I would describe CCS as a safe and orderly place.”
- Several Staff Items were lower in Favorability with Higher Neutral.
- Significantly less Favorable from 100% to 58% Favorable and 35% Neutral on: “The School Board and committees are working in the best interest of the students and CCS.”
- Continued lowest Favorability Staff survey item: “It is clear which type of decisions will be made with/without teacher input.”: from 35% Favorable and 35% Neutral to 27% Favorable and 53% Neutral.
- Significantly less Favorable from 74% to 45% Favorable and 40% Neutral on: “Students, parents and the community have ways to provide input on optimal functioning of the school.”
- Significantly less Favorable from 87% to 55% Favorable and 33% Neutral on: “Our school’s accomplishments have been adequately acknowledged and celebrated.”

THOSE ARE A FEW OF MY OBSERVATIONS. Hopefully, we can leverage this survey information to continue to strengthen our environment for students, parents and staff.
