Action Plan and Next Steps

2019-2020 School Year

- Core Academic teachers have a common planning time daily to increase parent communication, student communication, review data and discuss student concerns.
- Weekly Child Study Team meetings with grade level teachers, social worker, and school counselors.
- School counselors teaching seminar classes daily to all 7th and 8th grade students with a focus on college and career readiness and social emotional learning.
- Two Culture and Climate Specialists that focus on student relationships and behavior.
- Administration and counselors assigned to hallways to support student needs on a more immediate basis.

Throughout 2019-2020 school year the DMS staff will be working together to analyze school wide practices and determine areas of focus as we apply for the Commissioner's Network.
