Early Childhood Spotlight:

Last October, we were invited by Michigan's Early Childhood Operations Team (ECOT) to participate in a miniseries of short videos highlighting a large number of programs and services available in Michigan for families with children up to age 5, and for families that are expecting children. The final project is meant to be representative of the whole state, and the goal is to promote Michigan as a great place to raise children. Below is our segment of the miniseries that highlights a portion of our work as an Early Childhood Department.
