

DO NOT RESUSCITATE

When a Do Not Resuscitate (DNR) Order is given to a school staff member, the staff member will:

1. Request a copy of the Order from the parent.
2. Notify administrator/supervisor.
3. Appropriate personnel will call an Admission, Review and Dismissal Committee (ARD) meeting.
4. Document DNR in the ARD minutes.
5. Provide parent the District's Regulation pertaining to DNR orders [FFAC (Regulation) and the District's Do Not Resuscitate Protocol [FFAC [EXHIBIT E]].
6. Student must wear a wrist band/necklace from the Texas Department of Health (TDH).
7. After ARD meeting has been held, the campus administrator will complete the following:
 - Notify the fire chief.
 - **Notify the School Nurse.**
 - Provide map of school and location of classroom.
 - Orient Emergency Medical Technician (EMT) to building, staff and students.

District Procedure for Emergency Treatment

1. Staff member will identify the student in distress.
2. Staff member will open student's airway using CPR training.
3. Staff member will call 911.
4. Notify campus nurse, campus administrator, parent.
5. Clear pathway to door.
6. Isolate student by removing other students from the classroom, if appropriate.
7. If the student has Do Not Resuscitate (DNR) Orders, a copy will be available for the Emergency Medical Technicians (EMT's) **and school nurse**.
8. The student information card will be available for the EMT's.
9. The campus administrator or a staff member will be available to escort EMT's to the classroom.
10. The campus nurse will follow the ambulance to the hospital.
11. Once the parent arrives, the nurse will return to the campus.
12. The campus administrator will contact the appropriate Assistant Superintendent and Director of Special Education.
13. If the student expires, the campus administrator will arrange for mental health debriefing through Student Assistance Services (SAS) or Employee Assistant Services.
