Re: Food Service Renewal

Please consider approving the 2025-26 renewal contract with Chartwells. This is the third renewal, of the contract that was approved originally in 2022-2023 school year. We can renew four times prior to going back out to bid. The terms in this renewal are consistent with the renewal language in the original contract.

We will be required to go out for bids prior to the 2027-2028 school year.
