

## **RESOLUTION - 2012-13-13**

### **RESOLUTION FOR SURPLUS PROPERTY SALE**

Per Board Policy DN-Disposal of District Property, "The superintendent may dispose of all obsolete, surplus, unwanted and/or excessively damaged equipment and supplies owned by the district in accordance with the following procedure:

1. The Board will pass a resolution declaring the property surplus;
2. Items estimated by the deputy clerk to have a value of less than \$500 may be sold by the deputy clerk at prices estimated to be the market value of the items. All sales by the deputy clerk will be recorded by item, price and buyer."

The district would like to move forward with the sale of miscellaneous items, all well under the \$500 threshold, these items would include but not be limited to: TVs, VCRs, desks, monitors, wall mounts, and other miscellaneous obsolete items.

The district will post the items by location on our website with the price listed we will then record the sale in accordance with the policy DN – item, price and buyer.

No item will be sold that is over the \$500 threshold.

Be it resolved that the Morrow County School District Board direct administration to proceed with the sale of surplus property.
