

Cedar Hill Independent School District
BOARD OF TRUSTEES

Meeting Date: December 13, 2010

Presented by: Mr. Horace Williams, Superintendent of Schools

Subject: Chilled Water Treatment Service Proposal

Information Item

BOARD GOAL:

Align the budget process to achieve district goals.

BACKGROUND INFORMATION:

While soliciting quotes for repairs to the chillers at the high school it was determined that a contract for chilled water treatment service would be an effective preventative maintenance measure. Initially district staff planned to use the chilled water treatment services offered through the vendor making the chiller repairs, however upon receiving second year pricing staff solicited quotes from other service companies. The quotes received were competitive and staff has determined it would be more cost effective to award the service portion of the contract to a different vendor. This contract is below the dollar threshold for board action and does not require board approval.

POLICY AUTHORIZATION:

CH (Legal) and CH (Local)
