MEMORANDUM

To: Samuel Mijares, Superintendent of Schools
From: Patrick Salinas, Instructional Technology Director *AS*
Date: June 30, 2022
RE: **PROCLAMATION 2022 TIMA TEAM RECOMMENDATIONS**

Proclamation 2022 Instructional Materials recommendations have been finalized by the Technology and Instructional Materials Allotment (TIMA) Team and are being submitted for School Board review and approval in accordance with policy EFA (LEGAL). Please refer to the attached recommendations listing as selected by the TIMA Team and supported by campus committee recommendations.

Proclamation 2022 calls for new instructional materials for Health and Physical Education courses (K-12). The committee is recommending adoption of all instructional materials included on the Proclamation 2022 List of Instructional Materials Adopted by State Board of Education. Since no instructional materials were state approved for Health (K-5) and Physical Education (teacher only_K-12), the TIMA Team is recommending a solution called CATCH. CATCH is an upgraded solution of a curriculum product currently utilized to teach Physical Education courses throughout the district.

Please do not hesitate to contact me should you have any questions or concerns.

Health Education Program Offerings:

- CATCH Classroom Health Education Program
(includes CATCH Classroom, CATCH Healthy Smiles, and Sunbeatables)
- CATCH SEL Journeys
- CATCH My Breath

Each of these programs may be used individually or in combination to address specific grade level focus areas. When combined with the CATCH Coordination Kit and the CATCH PE program, which is being offered in response to RFP #KH-206581, these programs constitute a full Coordinated School Health approach.

Quality Health Ed and Evidence-Based

Beyond "evidence informed," CATCH is **truly evidence-based**, and has been proven in peer-reviewed studies to:

- Increase daily physical activity;
- Reduce daily energy intake from fat;
- Drive healthy behavior changes that persist 3 years post-implementation; and
- CATCH My Breath is the **only** evidence-based youth vaping prevention program

Program Characteristics

Knowledge Building

Skill Building

Environmental Support

Healthy Decision-Making

CATCH's Proven Formula for Effective Health & Physical Education

- Focus on student empowerment and intrinsic decision making
- Consistent approach across programs (Knowledge + Skill + Environment)
- Common "language of CATCH" across programs
- SEL anchor activities and prompts
- Integration of physical activity and health lessons
- Family components & resources

What's Included with the CATCH Classroom Health Education Program

Addresses Physical Health & Hygiene, Healthy Eating and Physical Activity, and (in '22-'23) Alcohol, Tobacco, and Other Drugs

- Grade-by-grade lessons, aligned to TEKS standards
- PowerPoint slides with Teacher scripts
- Student handouts and worksheets (PDF)
- Video lessons for blended learning or virtual/hybrid settings
- Parent and family materials available in English and Spanish
- Environmental supports including intercom announcements and signage

What's Included with CATCH My Breath

Addresses Alcohol, Tobacco, and Other Drugs

The same types of resources listed above in the CATCH Classroom Health Education Program, plus:

- STEM, humanities, and physical education supplements
- Self-paced student modules
- Virtual field trips
- Service learning projects

What's Included with CATCH SEL Journeys

Addresses Mental Health and Wellness

- Dance- and movement-based lessons with high-quality, student-facing video instruction and teacher prompts for SEL
- Grade-by-grade lessons, aligned to TEKS and the CASEL framework for Social and Emotional Learning
- Scope and sequence, and sample lesson plans
- Inclusivity and special needs accommodations

CATCH.org Tech Specs

Quality P.E. and Evidence-Based

CATCH is a Quality Physical Education program that is:

- Developmentally Appropriate, Inclusive, Varied, and Fun; and
- Emphasizes Physical Activity, Physical Fitness, and Motor-Skills Development.

Beyond "evidence informed," CATCH is **truly evidence-based**, and has been proven in peer-reviewed studies to:

- Increase physical activity time during P.E. class;
- Increase kids' overall amount of daily physical activity; and
- Maintain behavior changes 3 years post-implementation.
