Re: General Services Request for Proposal

The district determined there was a need for a variety of services related to general maintenance and operations of the district. As a result, the district issued a catalog RFP on February 28, 2022, to solicit companies to provide proposals for a variety of services.

The district administration intends to use local funds on an as-needed basis to procure the relevant services from vendors on the following list.

RECOMMENDATION:

That the Coppell ISD Board of Trustees approves the award of the list of recommended vendors to be used on an as-needed basis using local funds.
