**A. EDUCATIONAL IMPACT STATEMENT**

The decision to replace CoVitality, and Sown to Grow with Panorama Education as an intervention monitoring tool and screener is grounded in our commitment to data-informed instruction, equitable access, and targeted interventions. This shift directly supports J. Sterling Morton's mission to ensure every student succeeds by providing more timely, actionable data that empowers educators to deliver the right support at the right time for every learner.

To strengthen our Multi-Tiered System of Supports (MTSS) and better meet the unique needs of all students, we propose adopting Panorama Education as our universal intervention monitoring tool and screener. This shift will replace CoVitality and Sown to Grow with a single, comprehensive platform that unifies academic, behavior, attendance, and life-ready skills data. Panorama's real-time dashboards, progress monitoring tools, and research-based intervention library will allow educators to deliver timely, targeted support with fidelity. By providing actionable insights and streamlining student support systems, Panorama directly aligns with our district's mission to ensure every student succeeds.

**B. SCHOOL IMPROVEMENT GOAL STATEMENT**

J. Sterling Morton High School District 201 will strengthen its Multi-Tiered System of Supports (MTSS) by implementing Panorama Education as the districtwide intervention monitoring tool and screener, resulting in improved identification of student needs and increased alignment of supports across all tiers, as measured by Panorama data dashboards and quarterly progress monitoring.

**E. SUPERINTENDENT'S GOALS (check all that apply)**

- ☒ ACCOUNTABILITY
- ☒ ENHANCED LEARNING OPPORTUNITIES
- ☒ ENSURE PARENTS AND THE COMMUNITY ARE ACTIVE PARTNERS IN THE PROCESS
- ☐ PROVIDE SAFE AND WELL-MAINTAINED SCHOOLS TO ENHANCE LEARNING
- ☐ RUN AN EFFICIENT BUSINESS OPERATION

**F. IMPLEMENTATION AND ASSESSMENT PLAN**

List details of the trip/event including implementation and assessment plan, if chaperones, etc.)

To enhance our district's ability to provide timely, targeted support to all students, J. Sterling Morton High School District 201 recommends adopting Panorama Education as a unified platform that combines universal screening with intervention monitoring across academics, behavior, attendance, and life-ready skills. Implementation will include integration with our current systems (e.g., Skyward, STAR, ACCESS), followed by professional development and leadership previews to ensure effective adoption. Progress will be assessed through Panorama's real-time dashboards and progress monitoring features, enabling educators to track intervention impact, evaluate student growth, and ensure that each learner receives timely, responsive support.

**ADMINISTRATION'S RECOMMENDATION**

I recommend the district's approval of Panorama Education to enhance our Multi-Tiered System of Supports.
