CONSENT AGENDA

BACKGROUND INFORMATION: Each district and campus in the state of Texas is required to develop and submit to the board of trustees each year a district or campus improvement plan. At the end of the school year, the district and campus is required to evaluate the plans and use these evaluations to prepare the next year's plan. The District Education Improvement Council and the Building Leadership Teams develop the plans each year. The assistant superintendent for curriculum and instruction, principals, instructional consultants, and others gather the data to evaluate the plans. The district and campus improvement plan evaluations for 2007-2008 are completed. The format of these documents is evolving based on recommendations from the board of trustees. The District Improvement Plan is in the new format that will be followed by the campuses in 2008-2009.

These plan evaluations can be located on the Internet at http://dci.beevilleisd.net/07-08_dip_cip.htm. (Please note there is no www.) If you want a paper copy of these documents, please contact Nancy Jones.
