

Tupelo Public School District

Executive Summary

Federal Programs Monitoring Visit

Presented by Corlis Curry

The Mississippi Department of Education and the Office of Federal Programs are required to monitor the implementation of programs administered under the Every Student Succeeds Act (ESSA). Tupelo Public School District has been selected for an onsite monitor review for FY19. This will be a fiscal monitoring visit of SY 2017-2018. Auditors will monitor accounting systems and fiscal controls for all title programs. I am waiting to hear from the Monitoring and Compliance Coordinator for a date that the auditors will be in the district. My goal is to ensure that the district is more than prepared for this monitoring visit.
