Monica Barajas, Principal  
Mammoth and San Manuel Elementary Schools  
San Manuel, AZ

Dear Ms. Barajas,

Please accept this donation from the SaddleBrooke Cyclemasters. This donation of twelve bicycles and twelve helmets are for students who have worked the hardest in first through sixth grades in the Mammoth and San Manuel Elementary Schools. We would like one bicycle to be awarded to the one student (boy or girl), who you and your teachers believe to be the hardest working-most improved student for each grade at both schools. We would like the bicycles and helmets to be awarded at the last awards assembly in May. Our preference would be to surprise the students to make it more exciting. The donation is valued at \$2800.00.

Sincerely,

Tim Butler, President  
SaddleBrooke Cyclemasters
