B. Texas Drug and Alcohol Survey Follow Up

Since the November 16th meeting, there are two significant things of which the Board should to be informed:

1. Secondary Principals have met with their respective campuses and shared/discussed the results of the survey with staff.
2. In response to a question from Trustees, Athletic Director Tim Buchanan has researched whether or not nicotine can be added as an identified substance in the screening process. A few salient pieces of knowledge are:
 - a. The Testing Service Company is “Forward Edge”
 - b. Under current policy, the random screenings test for the presence of narcotic substances or controlled substances; not alcohol or tobacco
 - c. We currently test only students in athletics (no other extracurricular activities)
 - d. The District conducts approximately 180 random tests per year
 - e. The cost per test, limited to drug use, is \$14
 - f. Adding the test for alcohol use in the previous 80 hours adds an additional \$20 to the cost
 - g. Adding the test for nicotine (which reportedly does not detect inhalation of second hand smoke) also adds an additional \$20 per test
