

**Charter Authorizing Panel Voting Sheet**

**Rivercrest Jr. High Prep Academy**

**October 18, 2022**

**Motion:**

<b>Panel Member</b>	<b>Vote</b>	<b>Reason/Comment</b>
<b>Phil Baldwin</b>	<input checked="" type="checkbox"/> For <input type="checkbox"/> Against <input type="checkbox"/> Abstain	The new charter for 7th and 8th grade will help with the transition of students into the higher charter activities. This will benefit the students and allow them to connect education to trade opportunities.
<b>Dr. Sonja Wright-McMurray</b>	<input checked="" type="checkbox"/> For  <input type="checkbox"/> Against <input type="checkbox"/> Abstain	With the assurances from the district that course standards for Keyboarding/Kecode and Career Development courses will be adhered to, I support this application. The ability to offer career exploration and career and technical courses with inclusion of SEL work earlier in a student's education career will enhance their opportunities for success in education and training beyond the high school diploma.
<b>Toyce Newton</b>	<input checked="" type="checkbox"/> For <input type="checkbox"/> Against <input type="checkbox"/> Abstain	There were many questions but the staff did an adequate job on how they will move through including with the waivers.
<b>Karli Saracini</b>	<input checked="" type="checkbox"/> For <input type="checkbox"/> Against <input type="checkbox"/> Abstain	I support the approval of the Rivercrest Jr. High Prep Academy for grades 7th & 8th with an enrollment cap of 250. Looking forward to seeing student success with early career exploration to become career ready.
<b>Dr. Eric Flowers</b>	<input type="checkbox"/> For <input type="checkbox"/> Against <input type="checkbox"/> Abstain	
<b>Kim Davis</b>	<input checked="" type="checkbox"/> For <input type="checkbox"/> Against <input type="checkbox"/> Abstain	To allow the district to implement and align best practices learned from the approved charter for the High School.
<b>Mark Zellner</b>	<input checked="" type="checkbox"/> For <input type="checkbox"/> Against <input type="checkbox"/> Abstain	I support the application as it expands the choices available to the students and is complimentary in supporting the model as the students matriculate into the high school.
