Becker Parent
1234 Any Street
Becker, MN 55308

Dear Parent or Guardian:

To improve the operating efficiency of our bus service and assure the safety of our students, we are updating our transportation data and changing our bus route procedures for next year. To do so, we are asking every family to help. We would like every parent or guardian of Becker Public School students to complete the attached form, which can be submitted to your child's school or completed online at www.becker.k12.mn.us/transportation. If your child will not be riding the bus for 2014-15, make the appropriate designation on the form. Please submit your form no later than May 15, 2014.

Beginning this fall, each student can select one bus stop for the morning and one for the afternoon. For some households, this will represent a change from the current schedule. This improvement will make our bussing system more efficient and ensure sufficient room for students on every bus. Furthermore, better accountability of our students will increase student safety as we can accurately track which students are on which bus for any given day or route.

We will be distributing a bus list before school begins this fall indicating which route your student(s) will be on and the approximate pick-up times for each stop. Thank you for providing us with accurate transportation information and your cooperation improve our bus service.

Sincerely,

Dr. Stephen L. Malone
Superintendent
