

School News communication to GMR School Staff on July 14, 2022

So far, July has been active in and around the GMR School. In addition to the typical summer routines, Josh Kern and our Blue Ribbon custodial crew as well as Lee Koebernick and Amie Westberg are juggling all kinds of projects in around the school.

The gym floor has been refinished and markings painted. It needs a week or so to “set” and before a finishing sealant is applied... *Funding Source:* Warrantee Work

Ottetail Power replaced “old” telephone poles on the south end of the parking lot; Ottetail Power buried power lines that were on the “old” poles underground; and Ottetail Power installed LED lights for the parking lot on the new telephone poles ... *Funding Source:* Customer courtesy for Public entity

LED Lights have been installed on the south side of school building for lighting the parking lot... *Funding Source:* Parking Lot improvement project - Abatement Bond

Dvergsten has removed old sidewalk and has begun to pour cement for sidewalks on the south and west side of the school building... *Funding Source:* Parking Lot Improvement Project - Abatement Bond

Interactive Flat Panels have been delivered and are being set up in classrooms by our Gold Medal Tech Coordinator... *Funding Source:* Federal COVID funds

A propane tank near the 3rd base line by the softball field/parking lot was removed with the assistance of Ottertail Power... *Funding Source:* Ottertail Customer courtesy for Public entity

J. Kern installed (replaced) a drainage basin on the school parking lot entrance road

Summer School for 21 registered K-6 students continues to go well... *Funding Source:* Federal COVID 19 funds (expiring in 2023-2024).

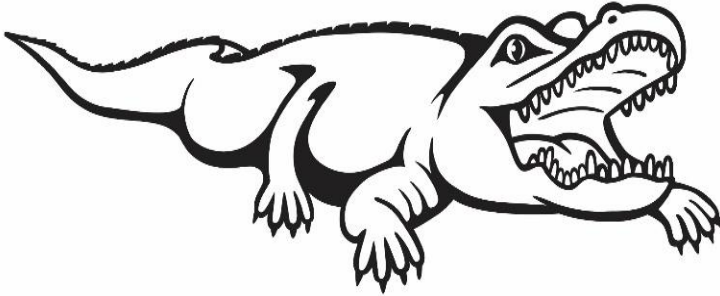

Monitoring of the Fuel Oil spill in Sept. 2021 has continued this summer. Multiple soil core samples were bored and taken this week. Preliminary results indicate the spill was contained and did not spread past the spill site. *Funding Source:* State Petro Fund reimbursement

A sidewalk grate was installed into the new sidewalk by the music room to avoid rainwater from entering the building hallway... *Funding Source:* Parking Lot improvement project - Abatement Bond

Old Sidewalk and fence removal underway to match new sidewalk and fencing installed last summer. *Funding Source:* Parking Lot improvement project - Abatement Bond

New signage will be added to the south side of the building facing the parking lot... *Funding Source:* Parking Lot improvement project - Abatement Bond

“Old” green-treated exterior siding along the music and wrestling room to be replaced with “imitation rock” siding... *Funding Source:* Parking Lot improvement project - Abatement Bond

Paving contractor has indicated paving to take place the first week in August. Handicap parking and parking stall lines to be painted after paving completed. *Funding Source:* Parking Lot improvement project - Abatement Bond

High School (Third Floor) water bottle filler / drinking fountain installed.
Funding Source: Federal COVID funds
