

Summary of October 25th Professional Development Day

Committee of the Whole, November 2021

The Day at a Glimpse

- Started with a short video welcome
- The morning sessions included work in collaborative teams on: 1) the SAMR Model for Blended Learning and 2) Trauma Responsive Practices Training.
- The afternoon sessions included: 1) two hours of choice sessions via 709 Online and 2) continued planning for grade level and content area district wide teams in response to learning acceleration needs.
- Used Reflection forms to gather data for relicensure components and CEUs
- An optional Exit Ticket gave additional data for overall ratings and qualitative feedback in the form of comments (445 Respondants)

Feedback Highlights

- Trauma! The trauma session was overwhelmingly well-received.
- Meeting time with colleagues (they want more)
- Choice sessions are appreciated and helpful for personalized professional development needs
- Variety of formats/organization of the sessions: a 50/50 reaction
- So disappointed: the links for the out of district presenters did not work correctly
