### **Other**

TACC – Legislative Committee – continues to meet to discuss and finalize our funding for the next legislative session. In addition, we are preparing for the interim committee hearings. There is new broad-based committee formed to explore changes to the community college funding model.

Cabinet has been conducting the Mid-Plan Review for the Strategic Plan 2017-2022. It is our practice to develop a status update after the 2-year mark into the strategic plan. This allows us to measure and evaluate our progress. Our plan is to present our findings at the March Board meeting and have recommendations for changes to the plan and adopt the 2021-2026 Strategic Plan.
