Executive Director Sarah McGuire Board Report

February 2025

- Students continue to progress through the third quarter of the school year, which concludes in late March, right before Spring Break. We are excited to celebrate and measure our students' success throughout this school year.
- Discussions on staffing needs for the 2025-2026 school year are ongoing. The preliminary 2025-2026 budget, which will reflect these staffing decisions, will be presented to the board at the April meeting.
- The 2025-2026 school year calendar, which is designed to align with the READ Act efforts, will be presented to the board at the March 2025 meeting. This calendar also ensures that our food services align with Faribault Public Schools as much as is reasonably possible.
- We are eagerly looking forward to the graduation on May 28th, 2025, at 10:00 AM for STEP. It will be held at Buckham West in Faribault, and we hope to see many of you there to celebrate our students' achievements.
