Administrator/Staff: Rob Saunders/ JILL ROSZEL Alta Planning

Type of Item: *Informational* *Action*

Please state your proposal briefly and clearly. What do you want the board to know, discuss, or decide?

Gain understanding of the ODOT SRTS (safe routes to school) project that is happening in the Cave Junction area.

Provide history/background information on your proposal:

As a preliminary step in the development of the SRTS Plan for Lorna Byrne Middle School and Illinois Valley High School, the consultant team collected and compiled existing conditions data and local context information, as well as information about documented community concerns, demographics, travel routes, existing facilities, traffic patterns, school environment, and other relevant details. In keeping with the process for ODOT SRTS Planning Assistance, this information is a starting point for understanding the existing facilities and conditions for active transportation to and from these schools, as well as past decisions and recommendations that impact the development of safe routes. The consultant team plans to add additional contextual details learned during the site visit from discussions with community members and in-person observations.
