Item: Student Services Staff Titles

Submitted by: Kirsten Myers 

Date: 7/2/2025

Recommended by: Dave Rodgers

Board Meeting Date: 7/21/25

RECOMMENDATION:

We recommend the following staff title updates for the 2025–2026 school year:

- **Stacy Crowell:** Transitioning from *Specially Designed Instructional Coordinator* to *Supervisor of Specially Designed Instruction*. In this role, Stacy will oversee the areas of Assistive Technology, Specially Designed Instruction, Functional Communication, Center Program Coaches, and the Visual Impairment and Orientation & Mobility team.
- **Alissa Hofstee:** Transitioning from *Director of Early Childhood Special Education* to *Director of Early Childhood Special Education and DHH*. With Early Childhood Center Programming returning to local districts, Alissa will assume supervisory responsibility for the Deaf and Hard of Hearing program.
- **Sarah Larkin:** Transitioning from *Director of Student Services*, which previously encompassed oversight of Deaf and Hard of Hearing (DHH) programming, to *Director of Student and Related Services*. This change reflects a strategic shift in responsibilities, as the DHH program has been reassigned due to the integration of center-based related services into her new role.

RATIONALE:

Following the recent resignation of Joanne Platte, who served as the Supervisor of Low Incidence (which included oversight of the Deaf and Hard of Hearing Program and Visual Impairment Services), we have realigned the related responsibilities and adjusted supervisory titles accordingly. These changes represent a reallocation of duties rather than an addition to the existing budget.
