About what time does your child usually get out of bed on a school day?

644 responses

About what time does your child usually fall asleep on a school night?

644 responses

It is important for students to get more sleep.

644 responses

I believe a later start time will positively impact my child's overall well-being.

644 responses

A later start time is likely to improve my child's academic performance.

644 responses

The proposed adjustment may negatively affect my family's daily routines.

644 responses

I think a later start time may reduce student tardiness and absenteeism.

644 responses

A later start time will likely contribute to better mental and physical health for my child.

644 responses

I am concerned that the adjustment could negatively affect my child's extracurricular activities.

644 responses

The adjustment to a later start time may positively impact my child's overall high school experience.
