**Subject:** Waivers Submitted to TEA  
**Date:** February 16, 2026

---

The Texas Education Code allows school districts to submit certain waivers for approval on an as needed basis. In addition to the two waivers listed above, this year we also had extreme weather events. This waiver is possible per the Student Attendance Accounting Handbook 3.8.1. (25-26 School Year)

**1) Missed School Day**

We intend to use our designated bad weather days to make up for the district closures on January 26 & January 27. We would like to submit a waiver for low attendance days due to extreme weather on January 28 & January 29. Approval of this waiver will waive the low attendance data in the calculation of average attendance for our students.

**Impact Statement:** Approval of this waiver will align to existing practices and the adopted instructional calendar.

**It is Recommended:** The Board approve the specified waiver.
