Dear MacKenzie Lehn and Jeremy Tammi,

Please accept this letter of registration from my position as the Wellness Coordinator & Interventionist at ISD #363 - Northome School. I have taken a new position that is more aligned with my current professional goals. **My anticipated last day of employment will be Friday, December 5, 2025.** However, with my new position, there is flexibility to move this date around if needed so that I may assist with the transition and finding a replacement if needed.

It has truly been an amazing experience and learning opportunity working back in the community here at Northome School. Thank you for your understanding regarding my decision. I wish all the students, staff and administration continued success.

Sincerely,

Samantha Hildebrandt
